University of Alaska
Explanation of Differences Between
Fund and GASB 35 Statements
June 30, 2012

Introduction

In Fiscal Year 2002 the University implemented Governmental Accounting Standards Board (GASB) Statement No. 35, which primarily changed the presentation of its externally audited financial statements to a business-type format. The supplemental schedules in this publication show financial data reported in a fund group format. However, a summary Statement of Net Assets and Statement of Revenues, Expenses and Changes in Net Assets are presented on a GASB 35 basis, by Major Administrative Unit (MAU) on pages 47 - 49. This section provides a narrative explanation of the major differences between the fund group presentation and the “GASB 35” presentation. Additional explanation of the GASB 35 format can be found in the audited financial statements, especially the Management’s Discussion and Analysis and the Notes to the Financial Statements.

Balance Sheet vs. Statement of Net Assets

The fund group presentation uses the title of Balance Sheet, representing that total assets equals total liabilities plus total fund balances. The GASB 35 presentation uses the title of Statement of Net Assets, and arrives at a total net asset number by subtracting total liabilities from total assets. In either statement, fund balance, or net assets, represents the book equity of the university.

The GASB 35 statements show additional line items not reported on the fund statements. These additional lines disaggregate certain groups of accounts in order to show assets or liabilities in order of liquidity and to add further description. For example, Cash and Investments as reported on the fund statements are reported on the GASB 35 statements in the following line items: Cash and cash equivalents, Short-term investments, Restricted cash and cash equivalents, and Long-term investments. However, there is no difference in total assets between the fund and GASB 35 statements.

Statement of Changes in Fund Balances vs. Statement of Revenues, Expenses and Changes in Net Assets

There is a significant difference in the purpose and basis of preparation between the Statement of Changes in Fund Balances and the Statement of Revenues, Expenses and Changes in Net Assets (SRECNA). The fund statement shows activity by fund group and indicates the growth or decline in fund balances. As such, the statement supports a measurement of resource accountability by similar fund types and has an internal focus.

The SRECNA is designed to measure performance of the university as though it were a business, by grouping revenues and expenses according to an operating or non-operating classification.

Significant differences between the Statement of Changes in Fund Balances and the SRECNA include:

- The SRECNA reports depreciation expense, whereas the Statement of Changes in Fund Balances reports charges for capital expenditures (e.g. equipment) in the various fund groups, but primarily the unrestricted fund. Therefore, expenses listed on the SRECNA do not include payments made for capitalized equipment. Such payments are recorded on the Statement of Net Assets as capital assets.
- The SCRECNA reports Student Tuition and Fees and some auxiliary revenues net of a tuition allowance. The amount of the allowance is a reclassification from the Student Aid line item.
- In accordance with GASB 35 guidance, the SRECNA reports state appropriations as a nonoperating revenue.
- Expenditures incurred in the unexpended plant group that were not capitalized are reported in an appropriate functional line item on the SRECNA.

For further information, contact Statewide Fund Accounting at (907) 450-8063.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited – see accompanying accountants' report)

Introduction

The following discussion and analysis provides an overview of the financial position and activities of the University of Alaska (university) for the years ended June 30, 2012 (2012) and June 30, 2011 (2011), with selected comparative information for the year ended June 30, 2010 (2010). This discussion has been prepared by management and should be read in conjunction with the financial statements including the notes thereto, which follow this section.

Using the Financial Statements

The university's financial report includes the basic financial statements of the university and the financial statements of the University of Alaska Foundation (foundation), a legally separate, nonprofit component unit. The three basic financial statements of the university are: the Statement of Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets and the Statement of Cash Flows. These statements are prepared in accordance with generally accepted accounting principles and Governmental Accounting Standards Board (GASB) pronouncements. The university is presented as a business-type activity. GASB Statement No. 35, *Basic Financial Statements—and Management's Discussion and Analysis—for Public Colleges and Universities*, establishes standards for external financial reporting for public colleges and universities and classifies resources into three net asset categories – unrestricted, restricted, and invested in capital assets, net of related debt.

The foundation is presented as a component unit of the university in accordance with GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*. The foundation's financial statements include the Statement of Financial Position and the Statement of Activities and these statements are presented as originally audited according to U.S. generally accepted accounting principles and Financial Accounting Standards Board (FASB) pronouncements.

The foundation was established to solicit donations and to hold and manage such assets for the exclusive benefit of the university. Resources managed by the foundation and distributions made to the university are governed by the foundation's Board of Trustees (operating independently and separately from the university's Board of Regents). The component unit status of the foundation indicates that significant resources are held by the foundation for the sole benefit of the university. However, the university is not accountable for, nor has ownership of, the foundation's resources.

Statement of Net Assets

The Statement of Net Assets presents the financial position of the university at the end of the fiscal year and includes all assets and liabilities of the university. The difference between total assets and total liabilities (net assets) is one indicator of the financial condition of the university,

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited – see accompanying accountants' report)

while the change in net assets is an indicator of whether the financial condition has improved or declined during the year.

A summarized comparison of the university's assets, liabilities and net assets at June 30, 2012, 2011 and 2010 follows (\$ in thousands):

	2012	2011	2010
Assets:			
Current Assets	\$ 157,492	\$ 166,984	\$ 184,542
Other noncurrent assets	296,779	238,581	183,616
Capital assets, net of depreciation	1,097,258	952,898	863,314
Total assets	1,551,529	1,358,463	1,231,472
Liabilities:			
Current liabilities	118,119	115,212	114,695
Noncurrent liabilities	157,042	120,630	126,915
Total liabilities	275,161	235,842	241,610
Net assets:			
Invested in capital assets, net of debt	931,674	835,564	738,206
Restricted – expendable	74,102	30,825	16,614
Restricted – nonexpendable	130,513	129,317	128,341
Unrestricted	140,079	126,915	106,701
Total net assets	\$ 1,276,368	\$ 1,122,621	\$ 989,862

Overall, total net assets of the university increased \$153.7 million, or 13.7 percent. This increase was mainly due to a \$96.1 million increase in capital net assets, net of debt. The change in net capital assets is discussed in more detail in the *Capital and Debt Activities* section below.

In the asset section, total operating cash and investments increased from \$123.8 million at June 30, 2011 to \$125.6 million at June 30, 2012. This portfolio consists primarily of fixed income securities that are held to maturity to match liquidity needs. These securities comprised 44 percent, or \$55.1 million, of total operating cash and investments at June 30, 2012. The remaining balance of the operating funds is invested in deposits, a collateralized repurchase agreement and money market funds. Note 2 of the financial statements provides more information about deposits and investments and associated risks.

Other noncurrent assets increased from \$238.6 million at June 30, 2011 to \$296.8 million at June 30, 2012. This increase results from general revenue bond funds that were issued in 2012 and are held with a third party trustee. At year end, \$52.4 million was held by the trustee as compared to \$4.7 million at June 30, 2011.

Endowment investments at June 30, 2012 were \$127.2 million as compared to \$127.4 million at June 30, 2011. Total return in 2012 was 0.9 percent as compared to 18 percent in 2011. Distributions from the endowment totaling \$5.7 million in 2012 were primarily used to fund the

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited – see accompanying accountants' report)

University of Alaska Scholars Program and land management efforts. The endowment investments are invested in a consolidated endowment fund that is managed by the foundation. Separately audited consolidated endowment fund financial statements are available from the university's controller office.

Total liabilities are categorized as either current liabilities or noncurrent liabilities on the Statement of Net Assets. Current liabilities are those that are due or will likely be paid in the next fiscal year. They are primarily comprised of accounts payable, accrued payroll and other expenses, insurance and risk management payables, debt and student deposits. Noncurrent liabilities are comprised mostly of long-term debt. Total liabilities increased \$39.3 million during 2012 to a total of \$275.2 million as a result of new debt issued during the year.

Total debt outstanding increased from \$114.5 million at June 30, 2011 to \$154.4 million at June 30, 2012 as a result of a \$48.9 million general revenue bond issuance, 2011 Series Q. The bonds provide funding for the Fairbanks campus Life Sciences facility, numerous deferred maintenance projects and a food service project on the Juneau campus. In addition, previously issued bonds were refunded during the year, providing debt service savings. More information is available in the *Capital and Debt Activities* section that follows.

Unrestricted net assets totaled \$140.1 million at June 30, 2012, representing an increase of \$13.2 million over the prior year. At year end, \$120.1 million was designated for specific purposes. See Note 7 of the financial statements for a detailed list of these designations.

Fiscal Year 2011 Comparisons (Statement of Net Assets)

Significant comments about changes between 2010 and 2011 that were noted in fiscal year 2011 *Management's Discussion and Analysis* are summarized below:

The Statement of Net Assets reflected an overall increase in net assets of 13.4 percent, or \$132.8 million. Most of this change, or \$97.4 million, is attributed to the increase in capital net assets, net of debt.

Self insurance reserves (liabilities) for health care, general liability and worker's compensation were decreased by \$12.1 million in 2011 to bring the amounts closer to actuarial estimates. Note 13 of the financial statements reports more information about insurance and risk management.

Unrestricted net assets totaled \$126.9 million at June 30, 2011, representing an increase of \$20.2 million over the prior year. At year end, \$107.0 million was designated for specific purposes.

Statement of Revenues, Expenses and Changes in Net Assets

The Statement of Revenues, Expenses and Changes in Net Assets presents the results of operations for the university as a whole. Revenues, expenses and other changes in net assets are

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited – see accompanying accountants' report)

reported as either operating or nonoperating. Significant recurring sources of university revenue, such as state appropriations and investment earnings, are defined by GASB Statement No. 35 as nonoperating.

A summarized comparison of the university's revenues, expenses and changes in net assets for the years ended June 30, 2012, 2011 and 2010 follows (\$ in thousands):

	<u>2012</u>	<u>2011</u>	<u>2010</u>
Operating revenues	\$ 393,374	\$ 397,565	\$ 372,933
Operating expenses	<u>(820,059)</u>	<u>(796,238)</u>	<u>(778,287)</u>
Operating loss	(426,685)	(398,673)	(405,354)
Net nonoperating revenues	<u>409,153</u>	<u>413,653</u>	<u>381,082</u>
Gain (Loss) before other revenues, expenses, gains, or losses	(17,532)	14,980	(24,272)
Other revenues, expenses, gains or losses	<u>171,279</u>	<u>117,779</u>	<u>61,951</u>
Increase in net assets	<u>153,747</u>	<u>132,759</u>	<u>37,679</u>
Net assets at beginning of year	<u>1,122,621</u>	<u>989,862</u>	<u>952,183</u>
Net assets at end of year	<u><u>\$ 1,276,368</u></u>	<u><u>\$ 1,122,621</u></u>	<u><u>\$ 989,862</u></u>

The Statement of Revenues, Expenses and Changes in Net Assets reflects an overall increase in net assets of 13.7 percent, or \$153.7 million. Major changes in revenues and expenses in 2012 are described below.

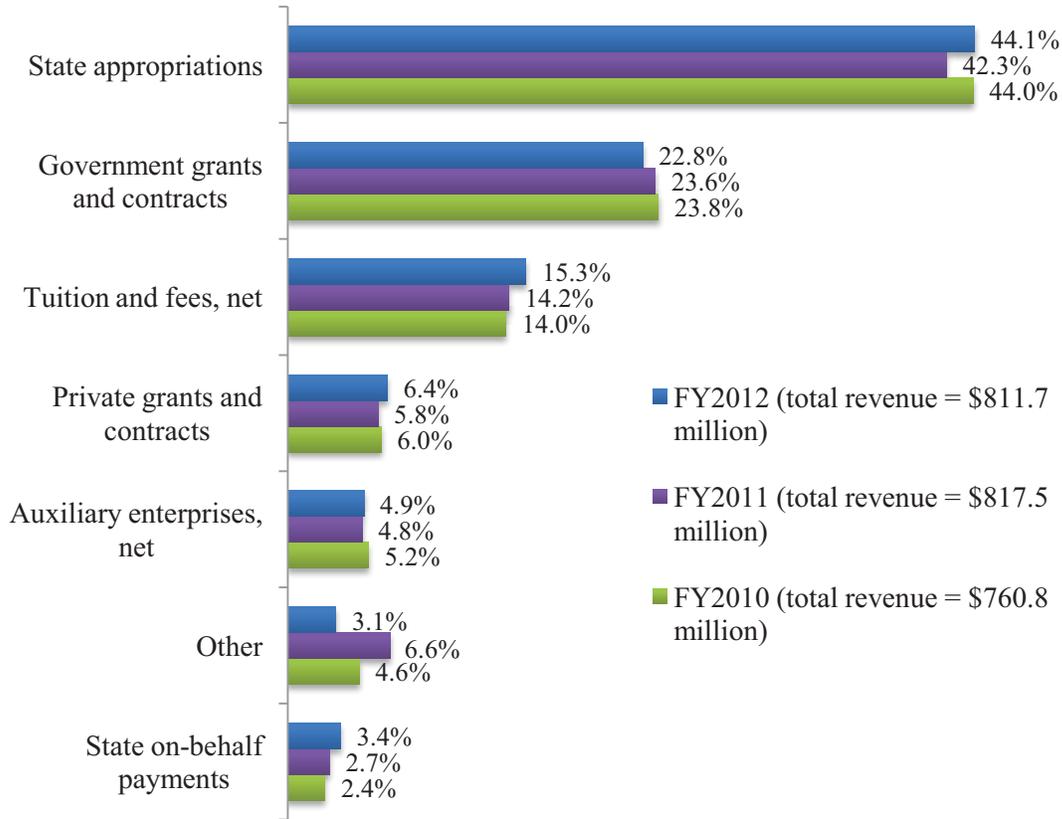

Capital appropriations and capital grant and contract revenue increased from \$117.8 million in 2011 to \$170.0 million in 2012. Revenue from capital sources is generally recognized as expenditures occur, so the amount shown on the Statement of Revenues, Expenses and Changes in Net Assets is a reflection of capital construction activity. A significant portion of the activity relates to \$64.4 million expended for construction of the Alaska Region Research Vessel – Sikuliaq. For further discussion on capital activity, see the *Capital and Debt Activities* section which follows.

State of Alaska general fund appropriations continue to be the single major source of revenue for the university, providing \$358.4 million in 2012, as compared to \$346.6 million in 2011. Historically, the state has funded the university at an amount equal to or above the prior period's appropriation. In addition, the state made on-behalf pension payments of \$27.8 million directly to the Public Employees' Retirement System (PERS) and Teachers' Retirement System (TRS) defined benefit plans on behalf of the university. The state is paying the cost above the university's employer contribution rate to fully fund the plans at the actuarial computed rate. The university's employer contribution rates have been capped at 22 percent and 12.56 percent for PERS and TRS, respectively. The pension payments were made on-behalf of the university and are presented as revenue and expense in the university's financial statements in accordance with GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited – see accompanying accountants' report)

A comparison of operating and nonoperating revenues by source for 2012, 2011 and 2010 follows:

Operating and Nonoperating Revenues (excluding capital) by Year

Operating grant and contract revenue from federal, state, local and private sponsors totaled \$210.5 million for 2012, as compared to \$215.3 million in the prior year. The decrease is primarily due to the discontinuance of a major federal contract that supported the supercomputing center at the Fairbanks campus.

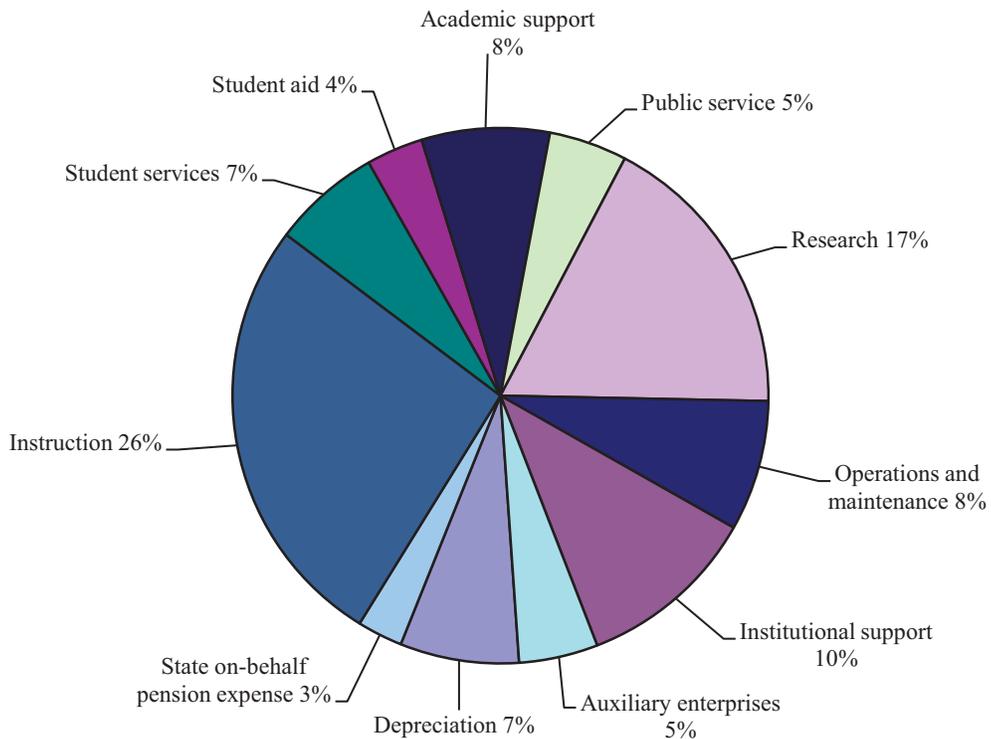

Gross student tuition and fee revenue totaled \$138.5 million in 2012 as compared to \$130.5 million in 2011. The increase was primarily due to Fall 2011 tuition rate increases of five percent for 100 to 200 level courses and 10 percent for 300 to 400 level courses.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited – see accompanying accountants' report)

A comparison of operating expenses by functional and natural classification for selected fiscal years follows (see Note 16 of the financial statements for more information):

	Operating Expenses Functional Classification (in millions)					
	FY2012		FY2011		FY2010	
Instruction	\$ 213.2	26.0%	\$ 210.7	26.5%	\$ 207.9	26.7%
Student Services	53.1	6.5%	52.2	6.6%	50.8	6.5%
Student Aid	28.5	3.5%	27.3	3.4%	21.0	2.7%
Academic Support	65.2	8.0%	61.5	7.7%	58.5	7.5%
Student and Academic	360.0	44.0%	351.7	44.2%	338.2	43.4%
Public Service	38.8	4.7%	37.5	4.7%	40.9	5.3%
Research	135.9	16.6%	140.4	17.6%	135.0	17.3%
Operations and Maintenance	65.5	8.0%	62.8	7.9%	59.8	7.7%
Institutional Support	95.4	11.5%	86.9	10.9%	87.8	11.3%
Auxiliary Enterprises	38.3	4.7%	37.9	4.8%	40.4	5.2%
State On-Behalf Pension	27.8	3.4%	21.8	2.7%	18.0	2.3%
Depreciation	58.4	7.1%	57.2	7.2%	58.2	7.5%
Total Operating Expenses	\$ 820.1	100.0%	\$ 796.2	100.0%	\$ 778.3	100.0%

**Fiscal Year 2012
Functional Classification**

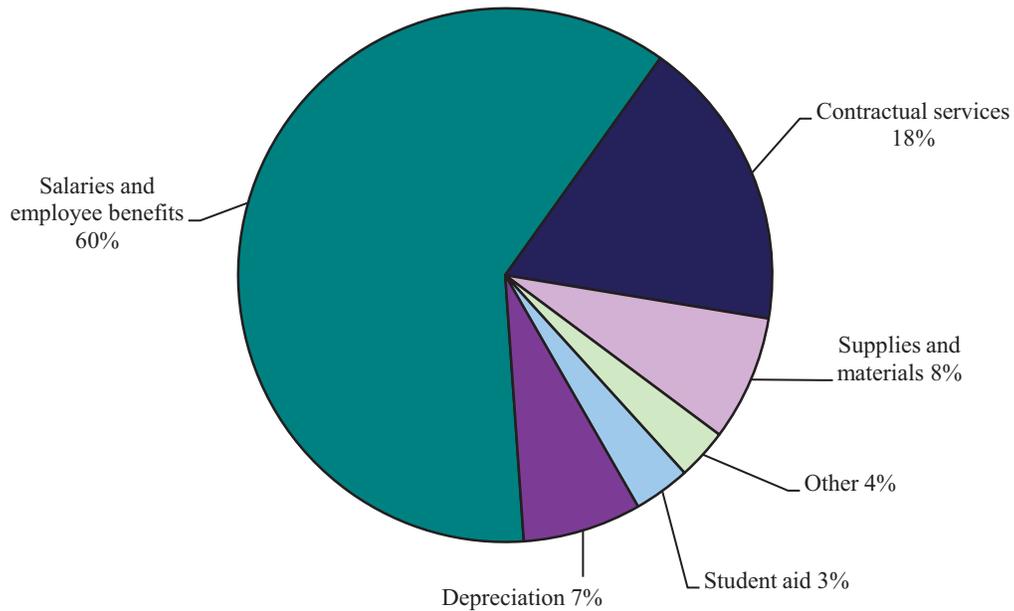

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited – see accompanying accountants' report)

Salaries and employee benefits increased one percent, or \$5.0 million, in 2012, which represents less of an increase than experienced in recent prior years. The relatively modest growth can be attributed to a combination of savings from vacancies and management efforts to minimize overall headcount growth.

Operating Expenses						
Natural Classification (in millions)						
	FY2012		FY2011		FY2010	
Salaries and Benefits	\$ 490.6	59.8%	\$ 485.6	61.0%	\$ 476.8	61.2%
Contractual Services	144.4	17.6%	141.2	17.7%	138.2	17.8%
Supplies and Materials	65.6	8.0%	60.4	7.6%	61.0	7.8%
Other	32.6	4.0%	24.6	3.1%	23.1	3.0%
Student Aid	28.5	3.5%	27.2	3.4%	21.0	2.7%
Depreciation	58.4	7.1%	57.2	7.2%	58.2	7.5%
	\$ 820.1	100.0%	\$ 796.2	100.0%	\$ 778.3	100.0%

**Fiscal Year 2012
Natural Classification**

A portion of university resources applied to student accounts for tuition, fees, or room and board are not reported as student aid expense, but are reported in the financial statements as a scholarship allowance, directly offsetting student tuition and fee revenue or auxiliary revenue. Allowances totaled \$14.6 million in 2012 and \$14.4 million in 2011. In addition to the allowances, students participate in governmental financial aid loan programs. The loans are neither recorded as revenue or expense in the financial statements, but are recorded in the

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited – see accompanying accountants' report)

Statements of Cash Flows as direct lending receipts totaling \$87.5 million and \$80.4 million in 2012 and 2011, respectively.

Endowment proceeds and investment income totaled \$1.8 million in 2012 as compared to \$22.8 million in 2011, primarily as a result of poorer market conditions. Total return in 2012 was 0.9 percent as compared to 18 percent in the prior year. This category also includes yield from, or sales of, trust land, and mineral interests, the net proceeds of which are generally deposited to the land grant endowment trust fund.

Fiscal Year 2011 Comparisons (Statement of Revenues, Expenses and Changes in Net Assets)

Significant comments about changes between 2010 and 2011 that were noted in fiscal year 2011 *Management's Discussion and Analysis* are summarized below:

The Statement of Revenues, Expenses and Changes in Net Assets reflected an overall increase in net assets of 13.4 percent, or \$132.8 million.

Gross student tuition and fee revenue totaled \$130.5 million in 2011 as compared to \$119.8 million in 2010. This was due to a four percent increase in tuition rates for 100 to 200 level courses and seven percent for all other courses. In addition, student headcount increased 2.3 percent to 34,480 students from Fall 2009 to Fall 2010.

Salaries and employee benefits increased 1.8 percent, or \$8.8 million, in 2011, which represents less of an increase than experienced in recent previous years. The relatively modest growth can be attributed to a combination of savings from vacancies and management efforts to minimize overall headcount growth.

Capital appropriations and capital grant and contract revenue increased from \$62.0 million in 2010 to \$117.8 million in 2011. A significant portion of the increase includes \$32.5 million expended for construction of the Alaska Region Research Vessel – Sikuliaq. For further discussion on capital activity, see the *Capital and Debt Activities* section which follows.

Capital and Debt Activities

The university continued to modernize various facilities and build new facilities to address emerging state needs. Net capital asset increases totaled \$191.3 million in 2012, as compared with \$136.7 million in 2011 and \$73.9 million in 2010. These capital additions primarily comprise replacement, renovation, code corrections and new construction of academic and research facilities, as well as investments in equipment and information technology. State capital appropriations for 2012 and 2011 were \$79.5 million and \$258.6 million, respectively. Major components of the 2012 appropriation include \$37.5 million for deferred maintenance and \$34.0 million that provides partial funding for the University of Alaska Anchorage Community Sports Arena. The 2011 appropriation includes \$207 million funded by State of Alaska issued general

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited – see accompanying accountants' report)

obligations bonds for various university projects, including \$88 million for the Fairbanks campus Life Sciences facility and \$60 million for the Anchorage campus sports arena.

Construction in progress at June 30, 2012 totaled \$265.3 million and includes the following major projects:

The University of Alaska Fairbanks began construction in fiscal year 2010 of a new research vessel, named "Sikuliaq". The vessel construction is being funded by a \$148.1 million award from the National Science Foundation. As designed, the vessel will be a 254 foot multipurpose oceanographic research ship capable of operating in seasonal ice and open regions around Alaska. Once constructed, the university will manage the vessel operations to support the National Science Foundation and other federally funded science activities. The ship is expected to be in operation in calendar year 2014.

Construction on the new Life Sciences Facility at the Fairbanks campus began in fiscal year 2011. The facility is approximately 100,000 square feet and will integrate teaching and research in biological, wildlife and biomedical sciences. The project cost is \$108.6 million and was approximately 60 percent complete at June 30, 2012. The facility is expected to be complete by May 2013.

At June 30, 2012, \$283.7 million remains unexpended from current and prior year capital appropriations and general revenue bond proceeds, of which \$143.7 million is committed to existing construction contracts. The balance is for projects still in design or preconstruction, or is held for contingencies for work in progress.

Debt

At June 30, 2012, total debt outstanding was \$154.4 million, comprised of \$136.6 million in general revenue bonds, \$16.1 million in a note payable, and \$1.7 million in bank financing contracts.

In October 2011 the university issued general revenue bonds 2011 Series Q with a par amount of \$48,870,000 and a 20 year term. The bonds fund a portion of the Fairbanks campus Life Sciences facility, numerous deferred maintenance projects and a food service project on the Juneau campus. In March 2012 the university issued general revenue refunding bonds 2012 Series R with a par amount of \$32,805,000 and a 17 year term. The bonds refunded substantially all maturities of 2002 Series K, 2003 Series L and 2004 Series M general revenue bonds. The economic gain from the refunding is approximately \$5.0 million in present value and total debt service payments are reduced by \$6.4 million over the life of the bonds.

In previous years, other bonds were issued to finance construction of student residences at three campuses, the West Ridge Research Building, student recreation centers, a research facility to house the International Arctic Research Center, the acquisition and renovation of several properties adjacent to or near the university's campuses, additions to the university's self-operated power, heat, water and telephone utility systems in Fairbanks, purchase of the University

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited – see accompanying accountants' report)

Center Building in Anchorage, and to refund previously issued general revenue bonds and other contractual obligations in order to realize debt service savings.

The university has an Aa2 Stable credit rating from Moody's Investors Service and AA- Stable rating from Standard and Poor's. These ratings were affirmed in March 2012.

The university has traditionally utilized tax exempt financings to provide for its capital needs or to facilitate systematic renewals. Working capital is available to provide interim cash flow financing for facilities intended to be funded with general revenue bond proceeds or other debt arrangements.

Capital Activities – Looking Ahead

State of Alaska capital appropriations for fiscal year 2013 total \$154.9 million. The appropriations include \$37.5 million designated for deferred maintenance needs across the university system. This funding is the third installment of a five year deferred maintenance program instituted by the Governor. The appropriations also include \$104.9 million for engineering buildings construction and renovation at the Anchorage and Fairbanks campuses.

Other Economic and Financial Conditions

The following is a description of currently known facts, decisions, or conditions that are expected to have a significant effect on the financial position (net assets) or results of operations (revenues, expenses, and other changes in net assets) of the university.

At its September 28, 2012 meeting the Board of Regents approved the university to enter into a public private partnership that will deliver a new dining and food service facility at the Fairbanks campus. The transaction will be a capital lease with annual payments of approximately \$1.6 million. Tax-exempt bonds are expected to be issued by a third party nonprofit in December 2012 to finance the construction.

In fiscal year 2013, the university intends to issue \$22.6 million in new general revenue bonds to fund numerous deferred maintenance projects across the university system. The bond issue will be the second and final portion of \$50 million bonding authority that the state legislature provided the university to fund deferred maintenance projects.

For the Year Ended June 30, 2012

Additions to capital assets include \$9.2 million expended and capitalized but not paid for at year end.

Book value of capital asset disposals totaled \$0.6 million.

The university received \$1.9 million in donated land and equipment.

The university received on-behalf pension payments from the State of Alaska totaling \$27.8 million.

For the Year Ended June 30, 2011

Additions to capital assets include \$9.8 million expended and capitalized but not paid for at year end.

Book value of capital asset disposals totaled \$1.5 million.

The university received \$1.0 million in donated land and equipment.

The university received on-behalf pension payments from the State of Alaska totaling \$21.8 million.

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS

June 30, 2012 and 2011

1. Organization and Summary of Significant Accounting Policies:

Organization and Basis of Presentation:

The University of Alaska (university) is a constitutionally created corporation of the State of Alaska which is authorized to hold title to real and personal property and to issue debt in its own name. The university is a component unit of the State of Alaska for purposes of financial reporting. As an instrumentality of the State of Alaska, the university is exempt from federal income tax under Internal Revenue Code Section 115, except for unrelated business activities as covered under Internal Revenue Code Sections 511 to 514.

The University of Alaska Foundation (foundation) is a legally separate, nonprofit component unit of the university. The foundation was established to solicit donations and to hold and manage such assets for the exclusive benefit of the university. Resources managed by the foundation and distributions made to the university are governed by the foundation's Board of Trustees. Governmental Accounting Standards Board (GASB) Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, require the university to include the foundation as part of its financial statements to better report resources benefiting the university. The university is not accountable for, nor has ownership of, the foundation's resources. The foundation's financial statements include the Statement of Financial Position and the Statement of Activities and these statements are presented in their original audited format according to Financial Accounting Standards Board (FASB) pronouncements.

In preparing the financial statements, management is required to make estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the statement of net assets. Actual results could differ from those estimates. The more significant accounting and reporting policies and estimates applied in the preparation of the accompanying financial statements are discussed below.

GASB Statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following net asset categories:

- **Unrestricted Net Assets:** Assets, net of related liabilities, which are not subject to externally-imposed restrictions. Unrestricted net assets may be designated for specific purposes by the Board of Regents or may otherwise be limited by contractual agreements with outside parties.
- **Restricted Net Assets:**
 - Expendable** – Assets, net of related liabilities, which are subject to externally-imposed restrictions that may or will be met by actions of the university and/or that expire with the passage of time.
 - Non-expendable** – Assets, net of related liabilities, which are subject to externally-imposed restrictions requiring that they be maintained permanently by the university.
- **Invested in capital assets, net of related debt** – Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies:

The accompanying financial statements have been prepared on the economic resources measurement focus and the accrual basis of accounting. All significant intra-university transactions have been eliminated. The university reports as a business type activity, as defined by GASB Statement No. 35. Business type activities are those that are financed in whole or in part by fees charged to external parties for goods or services.

The university has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The university has elected not to apply FASB pronouncements issued after the applicable date.

Cash and Cash Equivalents

All highly liquid investments, not held for long-term investment, with original maturities of three months or less are reported as cash and cash equivalents.

Inventories

Inventories are stated at the lower of cost (first-in, first-out method) or market.

Investments

Investments are stated at fair value. Investments in fixed income and equity marketable securities are stated at fair value based on quoted market prices. Investments in private partnership interests are valued using the most current information provided by the general partner. General partners typically value privately held companies at cost as adjusted based on recent arms' length transactions. Public companies are valued using quoted market prices and exchange rates, if applicable. Real estate partnerships and funds are valued based on appraisals of properties held and conducted by third-party appraisers retained by the general partner or investment manager. General partners of marketable alternatives provide values based on quoted market prices and exchange rates for publicly held securities and valuation estimates of derivative instruments. General partners of oil and gas partnerships use third-party appraisers to value properties. Valuations provided by the general partners and investment managers are evaluated by management and management believes such values are reasonable at June 30, 2012. When, in the opinion of management, there has been a permanent impairment in the asset value, the asset is written down to its fair value. Income from other investments is recognized when received.

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets. Investments also include securities with contractual cash flows such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities. The value, liquidity and related income of these securities are sensitive to economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Long-term investments include those restricted by outside parties as to withdrawal or use for other than current operations, or are designated for expenditure in the acquisition or construction of noncurrent assets or held with an intent not to be used for operations.

NOTES TO FINANCIAL STATEMENTS

Capital Assets

Capital assets are stated at cost when purchased and at fair value when donated. Equipment with a unit value of \$5,000 or greater is capitalized. Buildings and infrastructure with a unit value of \$100,000 or greater are capitalized. Other capitalizable assets with a unit value of \$50,000 or greater are capitalized. Certain land and other resources acquired through land grants and donated museum collections for which fair value at date of acquisition was not determinable are reported at zero basis in the financial statements.

Depreciation is computed on a straight-line basis with useful lives of building and building components ranging from 12 to 50 years, 10 to 35 years for infrastructure and other improvements, and 5 to 11 years for equipment. Library and museum collections are not depreciated because they are preserved and cared for and have an extraordinarily long useful life.

Endowments

Endowments consist primarily of the land grant endowment trust fund established pursuant to the 1929 federal land grant legislation and its related inflation proofing fund. Alaska Statute 14.40.400 provides that the net income from the sale or use of grant lands must be held in trust in perpetuity. The land grant endowment trust fund balance at the end of 2012 and 2011 was \$111.8 million and \$115.1 million, respectively. The accumulated net earnings were \$11.6 million and \$16.5 million at June 30, 2012 and 2011, respectively. The inflation proofing fund, a quasi-endowment fund included in unrestricted net assets, totaled \$21.6 million and \$19.8 million at the end of 2012 and 2011, respectively.

Alaska Statute 14.40.400 provides the Board of Regents with authority to manage the funds under the total return principles which intends to preserve and maintain the purchasing power of the endowment principal. The investable resources of the funds are invested in the consolidated endowment fund, a unitized investment fund. The annual spending allowance is currently based on 4.5 percent of a five-year moving average of the invested balance. Withdrawals of net earnings appreciation to meet the spending allowance are limited to the unexpended accumulated net earnings balance of the preceding December 31.

Operating Activities

The university's policy for defining operating activities as reported on the statement of revenues, expenses and changes in net assets are those that generally result from exchange transactions such as payments received for providing services and payments made for services or goods received. Certain significant revenue streams relied upon for operations are recorded as non-operating revenues, as defined by GASB Statement No. 35, including state appropriations and investment earnings.

Scholarship Allowances

Student tuition and fee revenues and certain other revenues from students are reported net of scholarship allowances in the statement of revenues, expenses and changes in net assets. Scholarship allowances are the difference between the stated charge for tuition and room and board provided by the university and the amount paid by the student and/or third parties making payments on the students' behalf.

NOTES TO FINANCIAL STATEMENTS

Lapse of State Appropriations

Alaska Statutes provide that unexpended balances of one-year appropriations will lapse on June 30 of the fiscal year of the appropriation; however, university receipts in excess of expenditures may be expended by the university in the next fiscal year. University receipts include student tuition and fees, donations, sales, rentals, facilities and administrative cost recovery, interest income, auxiliary and restricted revenues. The unexpended balances of capital appropriations generally lapse after five years or upon determination that the funds are no longer necessary for the project.

Reclassifications

Certain amounts in the June 30, 2011 financial statements have been reclassified for comparative purposes to conform to the presentation in the June 30, 2012 financial statements.

Recently Issued Accounting Standards

In December 2010, the GASB issued GASB 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. Statement 62 incorporates into GASB's authoritative literature certain accounting and reporting guidance issued by the FASB and AICPA issued on or before November 30, 1989, which do not conflict or contradict GASB pronouncements. The new standard is effective retrospectively for the fiscal year beginning July 1, 2012. The university is currently evaluating the impact that the adoption of Statement 62 will have on its financial statements.

In June 2012, the GASB issued GASB 68, *Accounting and Financial Reporting for Pensions*, an amendment of GASB Statement No. 27. This Statement requires that an employer recognize its obligation for pension net of the amount of the pensions plan's fiduciary net position that is available to satisfy that obligation as well as additional note disclosures regarding the obligation. The new standard is effective retrospectively for the fiscal year beginning July 1, 2014. The university is currently evaluating the impact that the adoption of Statement 68 will have on its financial statements.

NOTES TO FINANCIAL STATEMENTS

2. Deposits and Investments:

Deposits and investments at June 30, 2012 were as follows (\$ in thousands):

Operating funds consist of cash on hand, time deposits, an overnight repurchase agreement, money market funds and bonds. Alaska Statutes and Board of Regents' policy provide the university with broad authority to invest funds. Generally, operating funds are invested according to the university's liquidity needs. During fiscal year 2011, the university implemented operating fund investment guidelines, which sets forth the objectives, structure and acceptable investments for the university's operating funds.

In fiscal year 2011, the university restructured its operating funds by investing in high quality bonds, including U.S. treasuries, federal agency bonds and corporate bonds. These investments are held under the name of the university. After the restructure, the bonds comprise the largest portion of operating funds. The majority of the money market mutual funds are invested through the Commonfund, a nonprofit provider of pooled multi-manager investment vehicles for colleges and universities. The university has a \$13 million compensating balance with its checking and depository financial institution.

NOTES TO FINANCIAL STATEMENTS

Capital funds include unexpended general revenue bond proceeds and related reserves and advances from state capital appropriations. Unexpended bond funds held by a trustee for construction purposes totaled \$46.1 million. General revenue bond reserves totaling \$6.3 million are invested with a third party trustee in accordance with terms of a trust indenture, requiring purchase of investment securities that are investment grade.

Endowment funds primarily consist of \$125.2 million in investable resources of the university's land grant endowment trust fund and are invested in a consolidated endowment fund managed by the foundation. These resources are combined with the foundation's pooled endowment funds for investment purposes, and managed by the foundation's investment committee and treasurer on a total return basis in accordance with an investment policy approved by the Board of Regents.

Education Trust of Alaska investments include the operating funds of the college savings program, established pursuant to state statute by the Board of Regents and Internal Revenue Code Section 529. Program investments are in mutual funds of T. Rowe Price Associates, Inc., the program manager. See Note 4 for further information.

Certain funds held in trust for the benefit of the university are not included in the financial statements as the university has only limited control over their administration. These funds are in the custody of independent fiduciaries and at June 30, 2012 had an estimated fair value of approximately \$3.4 million.

At June 30, 2012, the university has approximately \$37.4 million in investments that are not readily marketable. These investments are invested in the consolidated endowment fund managed by the foundation. These investment instruments may contain elements of both credit and market risk. Such risks include, but are not limited to, limited liquidity, absence of regulatory oversight, dependency upon key individuals, and nondisclosure of portfolio composition. Because these investments are not readily marketable, their estimated value is subject to uncertainty and therefore may differ from the value that would have been used had a ready market for such investment existed. Such difference could be material.

Disclosures for deposits and investments are presented according to GASB Statement No. 40, *Deposit and Investment Risk Disclosures* (GASB 40). Accordingly, the following information addresses various risk categories for university deposits and investments and the investment policies for managing that risk.

Credit Risk:

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The operating fund investment guidelines require that at the time of purchase, short term instruments must be rated A1 or better by Standard & Poor's (S & P), and P1 or better by Moody's. Long term instruments must be rated BBB- or better by S & P and Baa3 or better by Moody's. The average credit rating of any separately management account portfolio shall be no lower than A by S & P and A2 by Moody's. The consolidated endowment fund investment policy requires all purchases of debt securities to be of investment grade and marketable at the time of purchase unless otherwise approved by the foundation's investment committee.

NOTES TO FINANCIAL STATEMENTS

At June 30, 2012, investments consisted of securities with credit quality ratings issued by nationally recognized statistical rating organizations as follows (\$ in thousands):

<u>Investment Type</u>	<u>Rating</u>	<u>Operating</u>	<u>Capital Funds</u>	<u>Endowment</u>	<u>Education Trust of Alaska</u>
Money Market Mutual Fund	Aaa	\$ 50,230	\$13,583	\$ 1,997	\$ -
Money Market Mutual Fund	Not Rated	-	-	-	745
Hedge Funds	Not Rated	-	-	17,923	-
Debt Related:					
Federal Agency	Aaa	8,661	-	-	-
Fixed Income Funds	Not Rated	-	-	15,930	7,091
Corporate	Aaa	4,840	-	-	-
Corporate	Aa1	3,098	-	-	-
Corporate	Aa2	6,327	-	-	-
Corporate	Aa3	6,790	-	-	-
Corporate	A1	4,918	-	-	-
Corporate	A2	8,097	-	-	-
Corporate	A3	4,807	-	-	-
Corporate	Baa1	2,500	-	-	-

Concentration of Credit Risk:

Concentration of credit risk is the risk of loss attributed to the magnitude of the university's investment in a single issuer. GASB 40 requires disclosure when the amount invested with a single issuer, by investment type, exceeds five percent or more of that investment type. At June 30, 2012, the university did not have any material concentrations of credit risk.

The operating fund investment guidelines limits the aggregate fair value of the portfolio that may be invested in any combination of instruments from one issuer to four percent and callable bonds are limited to 15 percent of the total portfolio value, with exceptions for federally backed securities.

The consolidated endowment fund investment policy limits debt investments to five percent by issuer (except for mutual and pooled funds and U.S. government and agencies) for each specific managed portfolio within the consolidated endowment fund unless approved by the treasurer.

Custodial Credit Risk:

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository institution, the university will not be able to recover deposits or will not be able to recover collateral securities in the possession of an outside party. For investments, custodial credit risk is the risk that, in the event of failure of the counterparty to a transaction, the university will not be able to recover the value of investment or collateral securities in the possession of an outside party.

NOTES TO FINANCIAL STATEMENTS

At June 30, 2012, the university does not have custodial credit risk. Deposits of the university are covered by Federal Depository Insurance or securities pledged by the university's counterparty to its repurchase agreement held at a third party bank. The collateral is held in the name of the university and at June 30, 2012, provided \$15.1 million coverage in excess of deposits.

Interest Rate Risk:

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The university uses the modified duration measurement to evaluate interest rate risk. Modified duration measures a debt investment's exposure to fair value changes arising from changing interest rates. For example, a modified duration of 2 means that for a rise in interest rates of one percent, the value of the security would decrease two percent. The university does not have a policy regarding interest rate risk. At June 30, 2012, the university had the following debt investments and corresponding modified duration (\$ in thousands):

<u>Investment Type</u>	Fair Value					<u>Modified Duration</u>
	<u>Operating</u>	Capital		Education		
		<u>Funds</u>	<u>Endowment</u>	<u>Trust of Alaska</u>	<u>Alaska</u>	
Federal Agency	\$ 8,661	-	-	-	-	0.81
Corporate	\$ 41,377	-	-	-	-	1.46
U.S. Treasuries	\$ 5,080	-	-	-	-	2.25
U.S. Treasuries	-	\$ 43,321	-	-	-	0.62
U.S. Treasuries	-	-	\$ 8,523	-	-	3.88
Fixed Income Fund	-	-	\$ 15,930	-	-	5.05
Fixed Income Fund	-	-	-	\$ 7,091	-	5.07

Hedge funds totaling \$17.9 million are exposed to interest rate risk; however, underlying fund data is not available to measure the interest rate risk.

Foreign Currency Risk:

Foreign currency risk is the risk that changes in exchange rates could have an adverse affect on an investment's value for investments denominated in foreign currencies. GASB 40 requires disclosure of value in U.S. dollars by foreign currency denomination and investment type. The university does not have a policy regarding foreign currency risk. At June 30, 2012, the university did not have any foreign currency risk.

NOTES TO FINANCIAL STATEMENTS

3. Accounts Receivable:

Accounts receivable consisted of the following at June 30, 2012 and 2011 (\$ in thousands):

June 30, 2012	<u>Gross</u>	<u>Allowance</u>	<u>Net</u>
Student tuition and fees	\$ 19,186	\$ (3,221)	\$ 15,965
Sponsored programs	48,028	(981)	47,047
Auxiliary services and other operating activities	529	(109)	420
Capital appropriations, grants and contracts	11,557	-	11,557
	<u>\$ 79,300</u>	<u>\$ (4,311)</u>	<u>\$ 74,989</u>
June 30, 2011	<u>Gross</u>	<u>Allowance</u>	<u>Net</u>
Student tuition and fees	\$ 15,011	\$ (2,592)	\$ 12,419
Sponsored programs	46,363	(1,160)	45,203
Auxiliary services and other operating activities	511	(111)	400
Capital appropriations, grants and contracts	15,717	-	15,717
	<u>\$ 77,602</u>	<u>\$ (3,863)</u>	<u>\$ 73,739</u>

4. Education Trust of Alaska:

Assets held in trust include operating funds of the Education Trust of Alaska (Trust). The Trust was established pursuant to state statute on April 20, 2001 by the Board of Regents to facilitate administration of the state's Internal Revenue Code (IRC) Section 529 College Savings Program. The program is a nationally marketed college savings program developed in accordance with IRC Section 529 and includes the resources of the university's former Advance College Tuition (ACT) Program. Participant account balances of approximately \$4.6 billion and \$4.3 billion at June 30, 2012 and 2011, respectively, are not included in the financial statements. Separately audited Trust financial statements are available upon request from the University of Alaska Controller's office.

Assets of the Trust are invested in various mutual funds at the direction of T. Rowe Price Associates, Inc., the program manager. The net assets of the Trust, which include a reserve for University of Alaska (UA) Tuition Value Guarantees, are available for payment of program administrative costs, benefits and other purposes of the Trust. Based on actuarial studies, management estimates reserve requirements for the UA Tuition Value Guarantees to be approximately \$4.8 million and \$4.5 million at June 30, 2012 and 2011, respectively.

5. Land Grant Trust Property and Other Assets:

Land Grant Trust property and other assets consist of real property and timber and other rights. By Acts of Congress in 1915 and 1929, approximately 110,000 acres of land was granted to the territory of Alaska to be held in trust for the benefit of the university. The lands were managed by the territory, and later the State of Alaska. In accordance with a 1982 agreement, the lands were subsequently transferred to the Board of Regents, as trustee. In 1982 and 1988 certain state lands including timber and other rights were transferred to the trust as replacement for lands disposed of or adversely affected during the period of administration by the territory and the state. These lands and property interests were recorded at their fair value as of the date of transfer. The net proceeds from land sales and other rights are deposited in the land grant endowment trust fund as described in the Endowment section in Note 1 above. At June 30,

NOTES TO FINANCIAL STATEMENTS

2012 and 2011, approximately 82,400 and 82,411 acres, respectively, were held in trust at zero basis because fair value at the time of transfer was not determinable.

6. Capital Assets:

A summary of capital assets follows (\$ in thousands):

	Balance July 1, 2011	Additions	Reductions	Balance June 30, 2012

NOTES TO FINANCIAL STATEMENTS

7. Unrestricted Net Assets:

At June 30, unrestricted net assets included the following (\$ in thousands):

	<u>2012</u>	<u>2011</u>
Designated:		
Auxiliaries	\$ 10,478	\$ 11,472
Working capital fund	4,803	4,827
Working capital advances	(1,390)	(252)
Service centers	20,380	17,399
Debt service funds	6,882	4,034
Quasi-endowment funds	30,402	28,600
Renewal and replacement funds	13,196	12,141
Employee benefit funds	9,644	1,415
Endowment earnings	13,230	12,769
Encumbrances	12,468	14,615
Total designated	<u>120,093</u>	<u>107,020</u>
Undesignated	<u>19,986</u>	<u>19,895</u>
Total unrestricted net assets	<u>\$ 140,079</u>	<u>\$ 126,915</u>

Unrestricted net assets include non-lapsing university receipts of \$52.8 million at June 30, 2012. Non-lapsing university receipts of \$51.9 million from 2011 were fully expended in 2012. At June 30, 2012 and 2011, \$63.3 million and \$63.4 million, respectively, of auxiliary funds, encumbrances and other unrestricted net assets were pledged as collateral for the university's general revenue bonds, as calculated under the terms of the 1992 General Revenue Bonds Trust Indenture.

8. Long-term Debt:

Debt service requirements at June 30, 2012 were as follows (\$ in thousands):

Year ended June 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2013	\$ 8,952	\$ 5,761	\$ 14,713
2014	9,308	5,439	14,747
2015	8,977	5,189	14,166
2016	9,334	4,867	14,201
2017	9,516	4,540	14,056
2018-2022	46,742	17,483	64,225
2023-2027	40,229	8,232	48,461
2028-2032	17,111	2,330	19,441
2033-2036	4,200	201	4,401
	<u>\$ 154,369</u>	<u>\$ 54,042</u>	<u>\$ 208,411</u>

NOTES TO FINANCIAL STATEMENTS

Long-term debt consisted of the following at June 30, 2012 and 2011 (\$ in thousands):

	2012	2011
<p>Revenue bonds payable 1.40% to 5.00% general revenue bonds due serially to 2036, secured by a pledge of unrestricted current fund revenue generated from tuition, fees, recovery of facilities and administrative costs, sales and services of educational departments, miscellaneous receipts and auxiliaries.</p>	\$ 136,595	\$ 95,445
<p>Note payable - capital construction 1.826% assisted note to the Alaska Housing Finance Corporation (AHFC) to finance construction of Anchorage campus housing, due semiannually through February 2024.</p>	16,100	17,290
<p>Equipment financings 3.0% to 4.77% note for the purchase of equipment and vehicles due in quarterly installments through June 2017.</p>	1,674	1,802
	\$ 154,369	\$ 114,537

In October 2011 the university issued general revenue bonds 2011 Series Q with a par amount of \$48,870,000 and a 20 year term. The bonds fund a portion of the Fairbanks campus Life Sciences Facility, numerous deferred maintenance projects and a food service project on the Juneau campus. In March 2012, the university issued general revenue refunding bonds 2012 Series R with a par amount of \$32,805,000 and a 17 year term. The bonds refunded substantially all maturities of 2002 Series K, 2003 Series L and 2004 Series M general revenue bonds. The economic gain from the refunding is approximately \$5.0 million in present value and total debt service payments are reduced by \$6.4 million over the life of the bonds.

In fiscal year 2012, the state reimbursed the university \$1,415,470 for debt service on 2002 Series K general revenue bond projects. During fiscal year 2012, substantially all maturities of 2002 Series K were refunded with the issuance of 2012 Series R. As a result, and subject to appropriation, future annual reimbursement for the projects is approximately \$1.25 million.

Under the terms of the 1992 General Revenue Bonds Trust Indenture, the university is required to maintain a reserve account with a trustee at an amount equal to one-half of the maximum annual general revenue bond debt service. The balance in the reserve account at June 30, 2012 and 2011 was \$6.3 million and \$4.7 million, respectively.

9. Unearned Lease Revenue:

In fiscal year 1997, the university entered into an agreement to construct a facility and establish the International Arctic Research Center (IARC), subsequently renamed Akasofu Building. The university received \$19,215,000 through a Japanese nonprofit corporation to support the construction of the IARC in exchange for a commitment to provide research facilities to various Japanese research organizations and agencies for a period of 25 years, including lease extensions. The Japanese research organizations began occupying the Akasofu Building in fiscal year 1999. The unearned lease revenue at June 30, 2012 is \$2,241,750 and is reduced at the rate of \$1,281,000 per year with a corresponding increase to other operating revenue.

NOTES TO FINANCIAL STATEMENTS

10. Long-term Liabilities:

Long-term liability activity was as follows (\$ in thousands):

	Balance			Balance	
	July 1, 2011	Additions	Reductions	June 30, 2012	due within one year
Unearned revenue - capital	\$ 5,678	\$ 4,922	\$ 5,169	\$ 5,431	-
Unearned lease revenue	3,523	-	1,281	2,242	1,281

Security deposits and other	5,980	1	850	5,131	-
	<u>\$ 134,959</u>	<u>\$ 4,285</u>	<u>\$ 10,375</u>	<u>\$ 128,869</u>	<u>\$ 8,239</u>

11. Capital Appropriations and Construction Commitments:

Major construction projects of the university are funded primarily by State of Alaska appropriations and general obligation bonds, university revenue bonds and federal grants. Unexpended and unbilled capital funds appropriated by the State of Alaska in prior years, which are not reflected as appropriation revenue or receivables on the university's books at June 30, 2012, totaled \$240.1 million. In addition, unexpended proceeds of university-issued general revenue bonds designated for construction projects totaled \$43.6 million at June 30, 2012.

Construction commitments at June 30, 2012 aggregated \$143.7 million. At June 30, 2012, the university had received \$6.2 million from State of Alaska capital appropriations and other sources in advance of expenditures.

As of June 30, 2012 the university has spent \$109.3 million, part of construction in progress, on building a ship named "Sikuliaq". The vessel will be owned by the National Science Foundation, the agency funding the construction, and operated by the University of Alaska Fairbanks, as part of the U.S. academic research fleet. It will be used by scientists in the United States and international oceanographic community through the University-National Oceanographic Laboratory System. The Sikuliaq is anticipated to be ready for unrestricted science operations in 2014 and will be home ported in Alaska at the Seward Marine Center.

NOTES TO FINANCIAL STATEMENTS

12. Pension Plans:

Participation in one of the various pension plans generally depends on when an employee was originally hired. Substantially all regular employees hired before July 1, 2006 participate in one of the following pension plans:

- The State of Alaska Public Employees' Retirement System – Defined Benefit (PERS-DB), a cost-sharing, multiple-employer public employee retirement plan,
- The State of Alaska Teachers' Retirement System – Defined Benefit (TRS-DB), a cost-sharing, multiple-employer public employee retirement plan,
- The University of Alaska Optional Retirement Plan (ORP) Tier 1 or Tier 2, a single-employer defined contribution plan.

In addition, substantially all eligible employees participate in the University of Alaska Pension Plan, a supplemental single-employer defined contribution plan. Employees hired on or after July 1, 2006 have a choice to participate in the University of Alaska Retirement Program or the applicable state defined contribution plan. The University of Alaska Retirement Program consists of ORP (Tier 3) and the University of Alaska Pension Plan. The state's defined contribution plans are the Public Employees' Retirement System – Defined Contribution (PERS-DC) or the Teachers' Retirement System-Defined Contribution (TRS-DC).

The university provides elective deferral options for employee contributions to deferred annuity plans in accordance with Internal Revenue Code sections 403(b) and 457(b), subject to eligibility criteria.

Each of the plans noted above are described in more detail in the sections that follow. None of the retirement systems or plans own any notes, bonds or other instruments of the university.

State of Alaska Public Employees' Retirement System - Defined Benefit (PERS-DB)

Plan Description

PERS is a defined benefit, cost-sharing, multiple-employer public employee retirement plan established and administered by the State of Alaska. The plan was originally established as an agent multiple-employer plan, but was converted by legislation to a cost-sharing plan, effective July 1, 2008.

PERS provides pension, postemployment health care, death and disability benefits to eligible participants. Benefit and contribution provisions are established by state law and may be amended only by the state legislature. Effective July 1, 2006, the state legislature closed PERS-DB to new members and created a Public Employees' Retirement System Defined Contribution Retirement Plan (PERS-DC), disclosed later in this note.

Each fiscal year, PERS-DB issues a publicly available financial report which includes financial statements and required supplementary information. That report may be obtained by writing to the State of Alaska, Department of Administration, Division of Retirement and Benefits, P.O. Box 110203, Juneau, Alaska, 99811-0203 or by calling (907) 465-4460.

NOTES TO FINANCIAL STATEMENTS

Funding Policy and Annual Pension Cost

Employee contribution rates are 6.75 percent (7.5 percent for peace officers and firefighters). The funding policy for PERS-DB provides for periodic employer contributions at actuarially determined rates that, expressed as a percentage of annual covered payroll, are sufficient to accumulate the assets to pay benefits when due. The 2012 actuarially determined rate was 33.49 percent of applicable gross pay. However, the employer contribution rate for the university was capped by the state at 22 percent for fiscal year 2012.

The state appropriated funding directly to the PERS-DB plan as a relief payment to employers' contributions for fiscal year 2012. The university recognized \$14,416,865, \$10,456,189 and \$7,126,913 for fiscal 2012, 2011 and 2010, respectively, in state on-behalf pension payments for the PERS-DB plan. The amounts contributed to PERS-DB by the university during the years ended June 30, 2012, 2011 and 2010 were \$25,281,376, \$26,390,066 and \$27,074,153, respectively, equal to the required employer contributions for each year.

PERS Defined Benefit Pension Plan Changes

The Alaska legislature converted PERS-DB from an agent multiple-employer plan to a cost-sharing plan effective July 1, 2008. This change provided for an integrated system of accounting for all employers. Under the integrated system, the PERS-DB plans' unfunded liability will be shared among all employers with each contributing 22 percent of their covered payroll.

State of Alaska Teachers' Retirement System - Defined Benefit (TRS-DB)

Plan Description

TRS-DB is a defined benefit, cost-sharing, multiple employer public employee retirement plan established and administered by the State of Alaska. TRS-DB provides pension, postemployment health care, death and disability benefits to participants. Benefit and contribution provisions are established by state law and may be amended only by the state legislature. Effective July 1, 2006, the state legislature closed TRS-DB to new members and created a Teachers' Retirement System Defined Contribution Retirement Plan (TRS-DC), disclosed later in this note.

Each fiscal year, TRS-DB issues a publicly available financial report which includes financial statements and required supplementary information. That report may be obtained by writing to the State of Alaska, Department of Administration, Division of Retirement and Benefits, P.O. Box 110203, Juneau, Alaska, 99811-0203 or by calling (907) 465-4460.

Funding Policy and Annual Pension Cost

Employees contribute 8.65 percent of their base salary as required by state statute. The funding policy for TRS-DB provides for periodic employer contributions at actuarially determined rates that, expressed as a percentage of annual covered payroll, are sufficient to accumulate the assets to pay benefits when due. During fiscal year 2012, contractually required employee and employer contribution rates were 8.65 percent and 12.56 percent, respectively. The amounts contributed to TRS-DB by the university

NOTES TO FINANCIAL STATEMENTS

during the years ended June 30, 2012, 2011 and 2010 were \$4,923,986, \$5,243,968, and \$5,454,265, respectively, equal to the required employer contributions for each year.

The actuarially determined employer contribution rate for 2012 was 45.55 percent. The state appropriated funding directly to the TRS-DB plan to augment employer contributions for 2012. For fiscal year 2012, 2011 and 2010, the university recognized \$13,379,877, \$11,382,779 and \$10,848,081, respectively, in state on-behalf pension payments for the TRS-DB plan.

State of Alaska Public Employees' Retirement System - Defined Contribution (PERS-DC)

Plan Description

PERS-DC is a defined contribution, cost-sharing, multiple-employer public employee retirement plan established and administered by the State of Alaska to provide pension and postemployment healthcare benefits for eligible employees. Benefit and contribution provisions are established by state law and may be amended only by the state legislature. PERS-DC was created by the state effective July 1, 2006. Plan savings are accumulated in individual retirement accounts for the exclusive benefit of each member or beneficiary.

Funding Policy and Annual Pension Cost

The employee contribution rate is eight percent and the employer effective contribution rate is 22 percent of covered payroll for fiscal years 2012 and 2011. For the years ended June 30, 2012 and 2011, the university's total covered payroll for the PERS-DC plan was approximately \$8.3 million and \$7.0 million, and contributions made by the university totaled \$1,818,585 and \$1,548,744, respectively.

On July 1, 2006, three pension trust sub-funds were created within PERS, the Retiree Major Medical Insurance (RMP), Health Reimbursement Arrangement (HRA), and Occupation Death and Disability (OD&D). RMP allows eligible members who retire directly from the plan to obtain medical benefits. The HRA allows medical care expenses to be reimbursed from individual savings accounts established for eligible persons. OD&D provides employees with benefits as a result of death or disability on the job. PERS-DC participants are eligible members of RMP and HRA and their postemployment healthcare benefits are paid out of these funds. The employer RMP contribution rates for fiscal year 2012 and 2011 are 0.51 and 0.55 percent for medical coverage and 0.20 and 0.31 percent (0.97 percent for peace officers and firefighters) for occupational death and disability benefit contributions. For fiscal years 2012 and 2011, the HRA employer contributions are \$148.17 and \$143.39 per month for full time employees and \$1.14 and \$1.10 per hour for part time employees, respectively.

Each fiscal year, PERS-DC issues a publicly available financial report which includes financial statements and required supplementary information. That report may be obtained by writing to the State of Alaska, Department of Administration, Division of Retirement and Benefits, P.O. Box 110203, Juneau, Alaska, 99811-0203 or by calling (907) 465-4460.

NOTES TO FINANCIAL STATEMENTS

State of Alaska Teachers' Retirement System - Defined Contribution (TRS-DC)

Plan Description

TRS-DC is a defined contribution, cost-sharing, multiple-employer public employee retirement plan established and administered by the State of Alaska to provide pension and postemployment healthcare benefits for teachers and other eligible employees. Benefit and contribution provisions are established by state law and may be amended only by the state legislature. TRS-DC was created by the state effective July 1, 2006. Plan savings are accumulated in an individual retirement account for the exclusive benefit of members or beneficiaries.

Funding Policy and Annual Pension Cost

The employee contribution rate is eight percent and the effective employer contribution rate is 12.56 percent of covered payroll for fiscal years 2012 and 2011. For the years ended June 30, 2012 and 2011, the university's total covered payroll for the TRS-DC plan was approximately \$4.4 million and \$3.4 million, and contributions made by the university totaled \$558,275 and \$429,910, respectively.

On July 1, 2006, two pension trust sub-funds were created in TRS, the Retiree Major Medical Insurance (RMP) and Health Reimbursement Arrangement (HRA). The TRS Occupational Death and Disability (OD&D) trust sub-fund was created on July 1, 2007. RMP allows eligible members who retire directly from the plan to obtain medical benefits. The HRA allows medical care expenses to be reimbursed from individual savings accounts established for eligible persons. OD&D provides employees with benefits as a result of death or disability on the job. TRS-DC participants are eligible members of RMP and HRA and their postemployment healthcare benefits are paid out of these funds. The employer RMP contribution rate for fiscal year 2012 and 2011 for each member's compensation was 0.58 and 0.68 percent for medical coverage, zero and 0.28 percent for occupational death and disability benefit contributions. For fiscal years 2012 and 2011, the HRA employer contributions are \$148.17 and \$143.39 per month for full time employees and \$1.14 and \$1.10 per hour for part time employees, respectively.

Each fiscal year, TRS-DC issues a publicly available financial report which includes financial statements and required supplementary information. That report may be obtained by writing to the State of Alaska, Department of Administration, Division of Retirement and Benefits, P.O. Box 110203, Juneau, Alaska, 99811-0203 or by calling (907) 465-4460.

University of Alaska Optional Retirement Plan - Defined Contribution (ORP)

Plan Description

The ORP is an employer funded defined contribution plan which operates in conjunction with a companion mandatory tax-deferred annuity plan. The ORP is comprised of three layers of participants, the original ORP or ORP Tier 1, ORP Tier 2 which was created for participants hired on or after July 1, 2005, and ORP Tier 3 which was created for participants hired on or after July 1, 2006. For ORP Tier 1 and ORP Tier 2, faculty classified as regular and certain administrators made a one-time election to participate in the ORP as an alternative to participation in the defined benefit plans, PERS-DB or TRS-DB. For ORP Tier 3, each new eligible employee may make a one-time election to participate in the

NOTES TO FINANCIAL STATEMENTS

University of Alaska Retirement Program (includes ORP Tier 3 and the University of Alaska Pension Plan) as an alternative to participation in the State of Alaska defined contribution plans, PERS-DC or TRS-DC.

Funding Policy and Annual Pension Cost

ORP Tier 1

The ORP Tier 1 participants make employee contributions to one of the plan's annuity programs at a rate of 8.65 percent of covered payroll. The university contributes to one of the plan's authorized employee-selected annuity providers or investment managers at a rate equal to the three-year moving average of the TRS-DB employer contribution rates (12.56 percent for 2012 and 2011). The employer contribution rate will be 14 percent in fiscal year 2013 as a result of a class-action lawsuit settlement agreed to in fiscal year 2012.

In fiscal year 2012 and 2011, the university's total covered payroll for the ORP Tier 1 plan was approximately \$47.9 million and \$49.4 million, respectively. The amounts contributed to the ORP Tier 1 by the university during the years ended June 30, 2012, 2011 and 2010 were \$6,016,545, \$6,203,129, and \$6,381,618, respectively.

ORP Tier 2

The ORP Tier 2 participants make employee contributions to one of the plan's annuity programs at a rate of 8.65 percent of covered payroll. The university contributes to one of the plan's authorized employee-selected annuity providers or investment managers at a rate of 12 percent of covered payroll for fiscal years 2012 and 2011.

In fiscal year 2012 and 2011, the university's total covered payroll for the ORP Tier 2 plan was approximately \$3.4 million and \$3.6 million, respectively. The amounts contributed to the ORP Tier 2 by the university during the years ended June 30, 2012, 2011 and 2010 were \$409,160, \$429,824, and \$446,041, respectively. The ORP Tier 2 plan was available for new ORP benefit-eligible employees hired in fiscal year 2006. As of July 1, 2006, the ORP Tier 2 plan was no longer available to newly-hired ORP benefit-eligible employees.

ORP Tier 3

The ORP Tier 3 is eligible for employees hired on or after July 1, 2006. The ORP Tier 3 participants make employee contributions to one of the plan's annuity programs at a rate of eight percent of covered payroll. The university contributes to one of the plan's authorized employee-selected annuity providers or investment managers at a rate of 12 percent of covered payroll.

In fiscal years 2012 and 2011, the university's total covered payroll for the ORP Tier 3 plan was approximately \$87.5 million and \$73.8 million, respectively. The amounts contributed to the ORP Tier 3 by the university during the years ended June 30, 2012, 2011 and 2010 were \$10,496,123, \$8,850,715, and \$7,436,012, respectively.

NOTES TO FINANCIAL STATEMENTS

Plan Assets

At June 30, 2012 and 2011, plan assets (participants' accounts attributable to employer contributions) for ORP Tier 1, Tier 2 and Tier 3 had a net value of approximately \$155.3 million and \$143.8 million, respectively. ORP Tier 1 and ORP Tier 2 participants are 100 percent vested at all times. University contributions for ORP Tier 3 participants are 100 percent vested after three years of service.

University of Alaska Pension Plan (Pension)

Plan Description

In addition to the other retirement plans, substantially all regular employees (hired before July 1, 2006) and certain faculty classified as temporary, participate in the Pension plan which was established January 1, 1982, when the university withdrew from the federal social security program. Eligible employees, hired on or after July 1, 2006, electing to participate in the University of Alaska Retirement Program also participate in the Pension plan.

Funding Policy and Annual Pension Cost

Effective January 1, 2012, employer contributions for regular employees were 7.65 percent of covered wages up to \$42,000 and \$110,100 in 2012 for certain faculty classified as temporary. The plan provides for employer contributions to be invested in accordance with participant-directed investment elections to the plan's fixed income and/or equity funds. Participants hired before July 1, 2006 are 100 percent vested at all times. University contributions for participants hired on or after July 1, 2006 are 100 percent vested after three years of service.

Plan Assets

In 2012 and 2011, the university's total covered payroll for the Pension plan was approximately \$176.0 million and \$176.2 million, respectively. The university's costs to fund and administer the plan totaled \$13.5 million, or 7.65 percent of covered payroll. At June 30, 2012 and 2011, plan assets (participants' accounts) had a net value of approximately \$311.6 million and \$317.2 million, respectively.

13. Insurance and Risk Management:

The university is exposed to a wide variety of risks including property loss, bodily and personal injury, intellectual property, errors and omissions, aviation and marine. Exposures are handled with a combination of self-insurance, commercial insurance, and membership in a reciprocal risk retention group.

The university is self-insured up to the maximum of \$2.0 million per occurrence for casualty claims and \$250,000 for property claims. Commercial carriers provide coverage in excess of these amounts. Health care, workers' compensation and unemployment claims are fully self-insured. Liabilities have been established using actuarial analysis to cover estimates for specific reported losses, estimates for unreported losses based upon past experience modified for current trends, and estimates of expenses for investigating and settling claims.

NOTES TO FINANCIAL STATEMENTS

Health, general liability and worker's compensation liabilities were reduced by \$2.8 million, \$6.1 million and \$3.2 million, respectively, in 2011 to bring the balances closer to actuarial estimates. The effect is shown in the provision for claims. The claims payment for general liability includes an internal repayment of a settlement totaling \$1.7 million.

Changes in applicable liability amounts follow (\$ in thousands):

	Balance July 1, 2011	Provision for Claims	Claims Payments	Balance June 30, 2012
Health	\$ 6,162	\$ 56,363	\$ (56,336)	\$ 6,189

	<u>\$ 20,134</u>	<u>\$ 64,710</u>	<u>\$ (62,081)</u>	<u>\$ 22,763</u>

14. Commitments and Contingencies:

Amounts received and expended by the university under various federal and state grants, contracts and other programs are subject to audit and potential disallowance. From time to time the university is named as a defendant in legal proceedings or cited in regulatory actions related to the conduct of its operations.

In the normal course of business, the university also has various other commitments and contingent liabilities which are not reflected in the accompanying financial statements. In the opinion of management, the university will not be affected materially by the final outcome of any of these proceedings, or insufficient information exists to make an opinion.

NOTES TO FINANCIAL STATEMENTS

The university received a Potentially Responsible Party (PRP) letter from the Alaska Department of Environmental Conservation (ADEC) in August 2006. The letter identified the university as one of the potential parties that may be responsible for cleanup costs of soil contamination found during a water line improvement project next to Northwest Campus property. The extent of the contamination source, the number of potentially responsible parties, and remediation costs are being assessed but the outcome is unknown.

15. University of Alaska Foundation:

The University of Alaska Foundation (foundation) is a legally separate, nonprofit organization formed in 1974 to solicit donations for the exclusive benefit of the University of Alaska. During 2012 and 2011, the university transferred \$1.4 million and \$1.2 million for general support, respectively. For the same periods, the foundation reimbursed the university for operating expenses totaling \$2.5 million and \$2.6 million, respectively.

For the years ended June 30, 2012 and 2011, distributions and expenditures by the foundation for the benefit of the university totaled \$13.9 million and \$13.7 million, of which \$13.7 million and \$12.6 million were direct reimbursements to the university. Additionally, the foundation owed the university \$2.2 million at June 30, 2012 and \$1.8 million at June 30, 2011, primarily for reimbursement of expenditures on funding provided by the foundation.

The investable resources of the university's land grant endowment trust fund and the foundation's pooled endowment funds are combined into a consolidated endowment fund for investment purposes. At June 30, 2012 and 2011, the fair value of the fund was \$263.0 million and \$257.3 million, respectively. The university's share of this fund was \$125.2 million and \$125.4 million, respectively, which is reflected in endowment investments.

The fund is managed by the foundation's investment committee and treasurer on a total return basis in accordance with an investment policy approved by the Board of Regents. The net assets and related activity for the university's land grant endowment trust's investment in the fund is reflected in the university's financial statements.

NOTES TO FINANCIAL STATEMENTS

16. Functional Classifications with Natural Classifications:

The university's operating expenses by natural classification for 2012 and 2011 were as follows (\$ in thousands):
