

REGENTS' POLICY
PART V – FINANCE AND BUSINESS MANAGEMENT
Chapter 05.10 - Tuition and Student Fees

P05.10.010. General.

Recognizing that state general fund support is not sufficient to pay the full cost of education and that students have a responsibility to contribute to the cost of their higher education, tuition and student fees will be established to the extent practicable in accordance with the following objectives: (1) to provide for essential support to the university's instructional programs; (2) to make higher education accessible to Alaskans who have the interest, dedication, and ability to learn; and (3) to maintain tuition and student fees at levels which are competitive with similarly situated programs of other western states. Tuition revenues will be used primarily to maintain and expand the educational opportunities provided to students, to preserve and improve the quality of existing programs and support services, to respond to enrollment trends, and to implement new programs.

P05.10.025. Resident Tuition Assessment.

- A. For the purpose of tuition assessment under this chapter, a resident is a person who, at the end of the add/drop period for regular semester-length courses, is a United States citizen or eligible non-citizen that has been physically present in Alaska for two years and who declares the intention to remain in Alaska indefinitely. "Eligible non-citizen" shall have the same meaning as that term is used in determining eligibility for federal student financial aid. Physical presence will be determined by criteria established in University Regulation. Alternatively, a person who received or has been qualified by the State of Alaska Permanent Fund Dividend Division to receive an Alaska Permanent Fund Dividend within the last 12 months, certifies they have been in Alaska for the past 12 months, and declares their intent to remain in Alaska indefinitely or meets other resident tuition eligibility requirements specified in Regents' Policy will be eligible for resident tuition assessment. The university chief enrollment officer or designee will apply these rules to the facts in individual cases.
- B. Notwithstanding the provisions of subsection A above, a student will be ineligible for resident tuition purposes unless exempted by Regents' Policy 05.10.050 if:

1. during the two years of claimed residency, the student was absent from Alaska for an aggregate of more than 120 days other than documented absences due to illness, or attendance at another educational institution while maintaining Alaska residency;
2. during the prior two years, the student did any act inconsistent with Alaska residency such as claiming residency in another state or voting as a resident of another state, or currently retaining a driver's license in another state;
3. during the past two years, the student has registered as a resident in an educational institution in another state. If an institution does not distinguish between a resident and a non-resident, additional documentation will be required; or
4. during the past two years, the student has paid tuition at the University of Alaska at the Western Undergraduate Exchange (WUE) program rate.

P05.10.060. Tuition Rates.

- A. Tuition rates for each academic year, fall through summer, will be adjusted for inflation based on a moving average of inflation for the most recent 3-year period, as determined by the university's chief finance officer, unless otherwise determined by the board. Notice of the adjusted rates for the second subsequent academic year will be provided annually to the board, Coalition of Student Leaders, and the System Governance Council prior to April 15, approximately 28 months before the effective date. The rates will be deemed approved after the first regular meeting of the board following November 1, approximately 21 months before the effective date, unless the board suspends implementation of the scheduled rate adjustment, or the president, prior to the board meeting, notifies the board of an alternative recommendation. .
- B. The president shall notify the board of recommended changes in regular tuition rates, other than the inflation adjustment described in A. above, prior to the first meeting of the board after September 1 of the year preceding the year in which the proposed changes will take effect, approximately 24 months before the effective date.
- C. The board shall act on the recommendation of the president after reasonable opportunity is provided for student and faculty discussion and public testimony. To the extent practicable, students will be provided reasonable notice of proposed tuition rate changes and the opportunity for comment and input. The board will take no action on regular tuition rates at meetings that occur during semester examination, holiday, or summer periods, except in extraordinary circumstances. In setting regular tuition rates, the board may consider the recommendations of the administration, the college advisory councils, student leadership, the level of local or community support for the respective campus, and other factors that the board deems appropriate.
- D. A table of approved current and scheduled tuition rates and nonresident tuition surcharge rates will be published in University Regulation.
- E. Notwithstanding A-D of this section and other provisions of this policy, the board reserves the right to change tuition rates at any time, with or without notice, in such amounts as the board, in its sole judgment, considers appropriate and in the best interest of the university.

(06-08-01)

P05.10.070. Student Fees.

- A. Student fees, including student government fees, shall be established and approved by the president. The president may authorize the chancellors or their designees to establish course, use, service, and administrative fees.
- B. In general, student fees should have a direct relationship to the associated service, activity, or course and be based upon the estimated cost of providing the services or benefit. These fees should not exceed, on a long-term basis, the actual cost of the service or activity for which the fee is assessed. Course fees and use and service fees shall be charged only for the purpose of meeting expenses beyond those normally covered by

tuition at the respective campus. In certain instances, however, certain administrative fees may be established at amounts unrelated to the cost of providing the service in order to encourage or discourage specific behavior or usage, or to accomplish other administrative or programmatic objectives.

- C. The president shall promulgate University Regulation or issue directives for establishing and approval of student fees, for the periodic or continuing review of such fees, and reporting to the board.
- D. The purpose of student activity fees is to contribute to a well-rounded student education for life by supporting student government, promoting educational, cultural, recreational and social activities.
- E. The board unqualifiedly reserves to the administration the right to assess, collect, disburse, and audit student activity fees from any and all students, whether or not there exists an officially recognized organization for student self-government.
- F. Once a student activity fee is established, payment of the fee is mandatory. The appropriation, collection and disbursement of student activity fees shall be governed by such guidelines as developed by the respective student government organization and the appropriate chancellor or the chancellor's designees.

(09-19-14)

P05.10.080. Tuition and Fee Waivers.

- A. The president or designee may waive tuition or student fees when such action is determined by the president to be in the best interest of the university.
- B. Regular tuition shall be waived for Alaska residents who meet the following criteria: they must be age eligible to receive full (unreduced) social security retirement benefits and they must register on a space available basis. "Space available basis" means when courses can accommodate such students in addition to other enrolled students.
- C. Consistent with AS 14.43.085 and as provided herein, undergraduate tuition and fees for for-credit courses, mandatory student fees (see D.1., below), and nonresident tuition surcharges will be waived for an eligible child or spouse of:

The member must either: reside in this state for at least one year prior to service and list this state as the "home of record" for purposes of military records; or have been a legal resident of this state for one year at the time of death or listing as missing or prisoner of war; or

2. a firefighter employed by a federal, state, or municipal fire department located in this state, or performing duties for a regularly organized volunteer fire department registered with the state fire marshal, who died from an act arising out of and in the course of employment or duties as a volunteer firefighter; or
3. a state trooper, municipal police officer, village or regional public safety officer, U.S. marshal or deputy marshal, corrections officer, or other officer whose duty is to enforce and preserve public peace in this state, who died from an act arising out of and in the course of employment.

D. To be eligible, a recipient under C. of this section must:

1. establish eligibility for the waiver prior to tuition payment deadlines. *Waivers do not cover tuition or fees for non-credit courses, fees that are voluntarily incurred by the student (e.g., fines, late fees, housing, parking, insurance), fees imposed by student government, or fees unrelated to student status;*
2. be enrolled as a student in good academic, financial aid, and student code of conduct standing in accordance with institutional standards of the campus attended; and
3. have been the spouse or financially interdependent partner of the officer or member of a fire department or the armed services at the time of the officer or member's death or listing as a prisoner of war or listing as missing in action; or
4. have been a dependent child at the time of the officer or member's death or listing as a prisoner of war or listing as missing in action. For purposes of this provision, "child" includes a natural or adopted child, stepchild, acknowledged illegitimate child, or child to whom the officer or member stood "in loco parentis" for at least three years before the officer or member's death or listing as a prisoner of war or listing as missing in action.

UNIVERSITY REGULATION
PART V – FINANCE AND BUSINESS MANAGEMENT
Chapter 05.10 - Tuition and Student Fees

R05.10.030. Authority to Set Tuition Rates.

- A. Basis of Charge: Students will be charged tuition on a per credit hour basis depending on the level of the courses taken, rather than upon the student's class standings. For example, a graduate student taking an undergraduate course will be charged tuition for that course at an undergraduate tuition rate.

- B. Community Colleges and Extended Community Campuses: Tuition rates at a community college or an extended community campus may differ from the rates set for the regional campus centers. Requests for differential rates must be submitted by the respective chancellor to the university president prior to September 30 of the second preceding academic year. The request should include the proposed tuition rate, the revenue impact of the proposed change in rates, the rationale or justification for the differential rate, the level of local or community support for the campus, and the recommendation of the campus advisory council. This procedure does not apply to the annual inflation or other standardized rate adjustments.

- C. Summer School: Summer school tuition rates will be the same as those established for the regular fall semester; however, a self-support fee for summer school may be charged at the discretion of the respective chancellor.

- D. Independent Learning (Correspondence Study): Tuition will be charged at amounts equal to the resident tuition rate.

- E. WWAMI Medical Education Program: Tuition for students enrolled in the WWAMI (Washington, Wyoming, Alaska, Montana and Idaho) Medical Education Program will be set at the amount charged by the University of Washington to residents of the state of Washington.

- F. Accounting for Tuition Receipts: Tuition receipts will be allocated or assigned to the campus or campuses that provide the program and program support necessary to earn the tuition. The university's chief finance officer may issue guidelines and directives for the allocation or assignment of revenues.

For purposes of this subsection, "campus" means:

UAA

UAA Anchorage Campus
KPC Kachemak Bay Campus
KPC Kenai-Soldotna Campus
Kodiak College
Matanuska-Susitna College
Prince William Sound Community College
SW Higher Education for Armed Forces

UAF

Fairbanks Campus
Bristol Bay Campus
Chukchi Campus
Interior Alaska Campus
Kuskokwim Campus
Northwest Campus
Community and Technical College
UAS
Juneau Campus
Ketchikan Campus
Sitka Campus

- G. **Installment or Deferred Payment Plans:** The regional campus chief financial officer, or designee, may approve informal deferred payment arrangements based on the circumstances of individual students and groups or consolidated billings. Formal installment payment plans and deferred payment plans shall be approved prior to implementation by the university's chief finance officer.

(06-04-10)

R05.10.040. Special Tuition and Tuition Surcharges.

- A. Universities considering a programmatic tuition surcharge for undergraduate or graduate programs must develop a compelling proposal for review and approval. The chancellor of the requesting campus will recommend to the president for approval a proposal that meets the following criteria:
1. **Quality of the student experience.** The proposal will address how the programmatic tuition surcharge maintains an already high level of program quality or how it substantially increases the quality of the learning experience for participating students.
 2. **Program costs.** The proposal must include a justification explaining the variance in the component program cost(s). This applies to cost of instructional delivery, faculty salaries and other contributing factors the chancellor deems pertinent.
 3. **Program demand, employment and earnings potential.** The proposal must be based on factors such as program demand, graduate employment and program graduate earnings potential compared to a like program utilizing base or regular tuition funding of a non-specific nature.
 4. **Enrollment and affordability.** The proposal must include a detailed analysis of:
 - a. current enrollment, retention, graduation and affordability;
 - b. existing financial aid, scholarships and other funding support available within the program;
 - c. the impact of implementation.

The analysis shall also include description of an advising process that enables the student to anticipate future cost increases and (if necessary) how to seek additional aid to cover the programmatic surcharge amount over base tuition.

5. **Peer and process review.** A campus must use their protocols and procedures, and the guidance provided by these regulations, to formulate and review proposals. Reviews should include practices at peer institutions in the United States. Proposals will be presented to the Statewide Academic Council (SAC) for vetting and to verify (or in some cases facilitate) cross system discussions that could result in surcharge alignment. SAC will review each proposal and provide the president with their recommendation.
6. **Student consultation.** All proposals for existing programs must show evidence of consultation with students who will be affected.
7. **Accountability.** Tuition surcharge reviews which will include an operational analysis detailing resources, expenditures and outcomes under baseline and following implementation of the surcharge will follow the universities normal program review cycle.

R05.10.070. Student Fees.

- A. Student government fees shall be developed and administered in accordance with guidelines established by the student government in conjunction with the respective chancellor and approved in accordance with P09.07.050. Requests to establish or to change a fee shall include a description of the purpose of the fee, the amount of the fee and basis for assessment, the estimated annual revenue, the effective date of implementation, the recommendations of the student leadership, the recommendation of the respective chancellor, and a summary of the input or involvement of the affected students.
- B. Course, use, service, and administrative fees may be established if the respective chancellor or designee determines that such fees are reasonable and appropriate. Each chancellor will establish a process for approval and continuing or periodic review of student fees, which documents the rationale for assessment of the fee, amount of the fee, the estimated annual revenue, the proposed use of receipts from the fee, and the proposed effective date of any new or revised fee. The process for continuing review shall provide for student comment and input, including notice to students of any course-related fees and their purpose at the beginning of each semester, and inclusion of a request for the level of satisfaction with the value received for such fee as part of the student's teacher/course evaluation.
- C. Course fees shall have a direct relationship to the supplemental cost of providing the course, such as the cost of expendable items that normally cannot be economically or conveniently purchased by students in amounts required for individual use or for the use of specialized instruments, laboratory, and other equipment.
- D. Self-support course fees for noncredit instruction shall be approved by the respective chancellor or designee. Such fees shall be established considering the costs to provide the service, the needs of the community, and the benefit to the university.

- E. Summer school self-support fees will be assessed as a fee in addition to tuition. The respective chancellor or designee may establish the amount of such fees. In determining the fee requirement, the costs related to the program may be averaged across all summer school programs at a campus or assigned on some other consistent basis as approved by the campus chief financial officer.
- F. For sponsored courses, seminars, or other instruction offered for credit at any level with the direct instructional costs being paid for by an external sponsor, the respective chancellor or designee may approve charging an administrative fee to cover related facilities and administrative costs, such as charges for classrooms, registration, class lists, grades, transcripts, and other functions required to support the instruction. To the extent practicable, the fee should be established at a rate that will recover the institution's full cost of instruction including applicable facilities and administrative costs.
- G. For credit-free courses, seminars, training programs, or other instruction offered to the general public with all direct instructional costs being paid for by the students in the course, the respective chancellor or designee may approve charging a base fee or supplemental fee to cover related facilities and administrative costs, such as charges for classrooms, registration, class lists, grades, continuing education credits, and other functions required to support the instruction. To the extent practicable, the fee should be established at a rate that will recover the institution's full cost of instruction including applicable facilities and administrative costs.
- H. The university president may establish systemwide administrative, use, service, or course fees at his or her discretion.
- I. All student fees, including student government fees, course fees, use and service fees, and administrative fees, to the extent feasible, shall be published with the semester course schedules, student handbooks, and registration instructions. Each MAU shall maintain a web site that identifies all student fees and discloses for each the amount of the fee, its purpose, the basis for calculation or assessment, and an explanation of the use of the proceeds. The campus academic catalog shall include an information disclosure of the various fees that may be charged to students. Courses listed in the academic catalog that traditionally or normally have an associated course or other fee shall be noted as such with a specific designator that will direct the reader to the appropriate web site that contains up-to-date fee information.
- J. Fees must be established far enough in advance to be published in the semester course schedule. No unpublished fees or fee increases shall be charged to students, unless the reason for not publishing the fee was beyond the control of the department receiving the proceeds and the fee or fee increase is specifically authorized by the respective chancellor. This approval authority may not be delegated beyond the provost or vice chancellor.

- K. The university's chief financial officer shall provide an annual report to the university president and the board regarding tuition and fees and comparisons with prior periods and similarly situated programs of other western states.

(06-08-01)

R05.10.080. Tuition and Fee Waivers.

- A. Under the authority granted to the president by Board of Regents' Policy 05.10.080, the president may waive student tuition and fees, including tuition surcharges and special tuition, upon a determination that such waivers are in the best interest of the university. In addition, the president may delegate to the chancellors the authority to waive tuition and fees, including tuition surcharges and special tuition, and to make determinations that the waivers are in the best interest of the university. Such delegations shall be in writing, be for a limited term, cannot be further delegated, and be renewed no less frequently than each fiscal year.
- B. By September first of each year, each MAU must report the amount of tuition and fee waivers granted during the preceding fiscal year to the university's chief financial officer.
