SECTION II – GENERAL

A. **LIMITATIONS:** Use of the rates set forth under Section I is expressly subject to any statutory or administrative limitations and is applicable to a given grant, contract, or other agreement only to the extent that funds are available and consistent with any and all limitations of cost clauses or provisions, if any, contained therein. Acceptance of the rates agreed to herein is predicated upon all the following conditions: (1) that no costs other than those incurred by the grantee/contractor were included in its indirect cost pool as finally accepted and that all such costs are legal obligations of the grantee/contractor and allowable under the governing and applicable cost principles; (2) that the same costs that have been treated as indirect costs are not claimed as direct costs; (3) that similar types of costs have been accorded consistent accounting treatment; and (4) that the information provided by the contractor/grantee, which was used as the basis for the acceptance of the rate agreed to herein and expressly relied upon by the Government in negotiating and accepting the said rates, is not subsequently found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: The rates contained in Section I of this agreement are based on the accounting system in effect at the time this agreement was negotiated. Changes to the method(s) of accounting for costs which affect the amount of reimbursement resulting from the use of these rates requires the prior approval of the authorized representative of the cognizant negotiation agency prior to implementation of any such changes. Such changes include but are not limited to changes in the charging of a particular type of cost from indirect to direct. Failure to obtain such approval may result in subsequent cost disallowance.

C. USE BY OTHER FEDERAL AGENCIES: The rates set forth in Section I were negotiated in accordance with and under the authority set forth in OMB Circular A-21. Accordingly, such rate shall be applied to the extent provided in such Circular to grants, contracts and other agreements to which OMB Circular A-21 applies, subject to any limitations in part A of this section. Copies of this document may be provided by either party to other federal agencies which have or intend to issue or award sponsored agreements using this rate or to otherwise provide such agencies with documentary notice of this agreement and its terms and conditions.

D. PROVISIONAL RATE: The provisional rates contained in this agreement are subject to unilateral amendment by the Government or bilateral amendment by the contracting parties at any time.

E. SPECIAL REMARKS: The government's agreement to the rate in Section I, based on the accounting systems and allocation methodologies in effect at the time this agreement was signed, does not represent an agreement that these systems and methodologies are accepted for FY 2007 or any subsequent fiscal year's rate negotiations.
