

**UNIVERSITY OF ALASKA  
IMPORTANT NOTICE  
COMPREHENSIVE NOTICE OF PRIVACY POLICY AND PROCEDURES**

**THIS NOTICE IS REQUIRED BY FEDERAL REGULATIONS AND DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

This Notice is provided to you on behalf of:

**University of Alaska Health Care Plan  
University of Alaska Pharmacy Plan  
University of Alaska Vision Plan  
University of Alaska Medical Flexible Spending Account**

These plans comprise what is called an “Affiliated Covered Entity,” and are treated as a single plan for purposes of this Notice and the privacy rules that require it. For purposes of this Notice, we’ll refer to these plans as a single “Plan.”

***The Plan’s Duty to Safeguard Your Protected Health Information.***

Individually identifiable information about your past, present, or future health or condition, the provision of health care to you, or payment for the health care is considered “Protected Health Information” (“PHI”). The Plan is required to extend certain protections to your PHI, and to give you this Notice about its privacy practices that explains how, when and why the Plan may use or disclose your PHI. Except in specified circumstances, the Plan may use or disclose only the minimum necessary PHI to accomplish the purpose of the use or disclosure.

The Plan is required to follow the privacy practices described in this Notice, though it reserves the right to change those practices and the terms of this Notice at any time. If it does so, and the change is material, you will receive a revised version of this Notice either by hand delivery, e-mail delivery, mail delivery to your last known address, or some other fashion. This Notice, and any material revisions of it, will also be provided to you in writing upon your request (ask your Human Resources representative, or contact the Plan’s Privacy Official, described below), and will be posted on the University of Alaska’s benefits website.

You will also receive other privacy notices, from companies that provide benefit plan services to the University of Alaska. Those notices will describe how they use and disclose PHI, and your rights with respect to the PHI they maintain.

***How the Plan May Use and Disclose Your Protected Health Information.***

The Plan uses and discloses PHI for a variety of reasons. For its routine uses and disclosures it does not require your authorization, but for other uses and disclosures, your authorization (or the authorization of your personal representative, e.g. a person who is your custodian, guardian, or has your power-of-attorney) may be required. The following offers more description and examples of the Plan’s uses and disclosures of your PHI.

- **Uses and Disclosures Relating to Treatment, Payment, or Health Care Operations.**
  - **Treatment:** The Plan is permitted to disclose your PHI for purposes of your medical treatment. Thus, it may disclose your PHI to doctors, nurses, hospitals, emergency medical technicians, pharmacists and other health care professionals where the disclosure is for your medical treatment.

- **Payment:** The Plan is permitted to disclose your PHI for purposes of payment of your claims. Thus, it may disclose your PHI to doctors, nurses, hospitals, emergency medical technicians, pharmacists and other health care professionals where the disclosure is for payment functions. The Plan may also share your PHI with other plans, in certain cases. For example, if you are covered by more than one health care plan, we may share your PHI with the other plans to coordinate payment of your claims.
- **Health care operations:** The Plan may use and disclose your PHI in the course of its “health care operations.” For example, it may use your PHI in evaluating the quality of services you received, or disclose your PHI to an accountant or attorney for audit purposes. In some cases, the Plan may disclose your PHI to insurance companies for purposes of obtaining various insurance coverage.
- **Other Uses and Disclosures of Your PHI Not Requiring Authorization.** The law provides that the Plan may use and disclose your PHI without authorization in the following circumstances:
  - **To the Plan Sponsor:** The Plan may disclose PHI to the employer (such as University of Alaska) who sponsors or maintains the Plan for the benefit of employees and dependents. However, the PHI may only be used for limited purposes, and may not be used for purposes of employment-related actions or decisions or in connection with any other benefit or employee benefit plan of the employer. PHI may be disclosed to: the human resources or employee benefits department for purposes of enrollments and disenrollments, census, claim resolutions, and other matters related to Plan administration; payroll department for purposes of ensuring appropriate payroll deductions and other payments by covered persons for their coverage; information technology department, as needed for preparation of data compilations and reports related to Plan administration; finance department for purposes of reconciling appropriate payments of premium to and benefits from the Plan, and other matters related to Plan administration; internal legal counsel to assist with resolution of claim, coverage and other disputes related to the Plan’s provision of benefits.
  - **Required by law:** The Plan may disclose PHI when a law requires that it report information about suspected abuse, neglect or domestic violence, or relating to suspected criminal activity, or in response to a court order. It must also disclose PHI to authorities that monitor compliance with these privacy requirements.
  - **For public health activities:** The Plan may disclose PHI when required to collect information about disease or injury, or to report vital statistics to the public health authority.
  - **For health oversight activities:** The Plan may disclose PHI to agencies or departments responsible for monitoring the health care system for such purposes as reporting or investigation of unusual incidents.
  - **Relating to decedents:** The Plan may disclose PHI relating to an individual's death to coroners, medical examiners or funeral directors, and to organ procurement organizations relating to organ, eye, or tissue donations or transplants.
  - **For research purposes:** In certain circumstances, and under strict supervision of a privacy board, the Plan may disclose PHI to assist medical and psychiatric research.
  - **To avert threat to health or safety:** In order to avoid a serious threat to health or safety, the Plan may disclose PHI as necessary to law enforcement or other persons who can reasonably prevent or lessen the threat of harm.
  - **For specific government functions:** The Plan may disclose PHI of military personnel and veterans in certain situations, to correctional facilities in certain situations, to government programs relating to eligibility and enrollment, and for national security reasons.
- **Uses and Disclosures Requiring Authorization:** For uses and disclosures beyond treatment, payment and operations purposes, and for reasons not included in one of the exceptions described above, the Plan is required to have your written authorization. Your authorizations can be revoked at any time to stop future uses and disclosures, except to the extent that the Plan has already undertaken an action in reliance upon your authorization.

- **Uses and Disclosures Requiring You to have an Opportunity to Object:** The Plan may share PHI with your family, friend or other person involved in your care, or payment for your care. The Plan may also share PHI with these people to notify them about your location, general condition, or death. However, the Plan may disclose your PHI only if it informs you about the disclosure in advance and you do not object (but if there is an emergency situation and you cannot be given your opportunity to object, disclosure may be made if it is consistent with any prior expressed wishes and disclosure is determined to be in your best interests; you must be informed and given an opportunity to object to further disclosure as soon as you are able to do so).

***Your Rights Regarding Your Protected Health Information.***

You have the following rights relating to your protected health information:

- **To request restrictions on uses and disclosures:** You have the right to ask that the Plan limit how it uses or discloses your PHI. The Plan will consider your request, but is not legally bound to agree to the restriction. To the extent that it agrees to any restrictions on its use or disclosure of your PHI, it will put the agreement in writing and abide by it except in emergency situations. The Plan cannot agree to limit uses or disclosures that are required by law.
- **To choose how the Plan contacts you:** You have the right to ask that the Plan send you information at an alternative address or by an alternative means. The Plan must agree to your request as long as it is reasonably easy for it to accommodate the request.
- **To inspect and copy your PHI:** Unless your access is restricted for clear and documented treatment reasons, you have a right to see your PHI in the possession of the Plan or its vendors if you put your request in writing. The Plan, or someone on behalf of the Plan, will respond to your request, normally within 30 days. If your request is denied, you will receive written reasons for the denial and an explanation of any right to have the denial reviewed. If you want copies of your PHI, a charge for copying may be imposed depending on your circumstances. You have a right to choose what portions of your information you want copied and to receive, upon request, prior information on the cost of copying.
- **To request amendment of your PHI:** If you believe that there is a mistake or missing information in a record of your PHI held by the Plan or one of its vendors, you may request, in writing, that the record be corrected or supplemented. The Plan or someone on its behalf will respond, normally within 60 days of receiving your request. The Plan may deny the request if it is determined that the PHI is: (i) correct and complete; (ii) not created by the Plan or its vendor and/or not part of the Plan's or vendor's records; or (iii) not permitted to be disclosed. Any denial will state the reasons for denial and explain your rights to have the request and denial, along with any statement in response that you provide, appended to your PHI. If the request for amendment is approved, the Plan or vendor, as the case may be, will change the PHI and so inform you, and will attempt to tell others that need to know about the change in the PHI.
- **To find out what disclosures have been made:** You have a right to get a list of when, to whom, for what purpose, and what portion of your PHI has been released by the Plan and its vendors, other than instances of disclosure for which you gave authorization, or instances where the disclosure was made to you or your family. In addition, the disclosure list will not include disclosures for treatment, payment, or health care operations. The list also will not include any disclosures made for national security purposes, to law enforcement officials or correctional facilities, or before the date the federal privacy rules applied to the Plan. You will normally receive a response to your written request for such a list within 60 days after you make the request in writing. Your request can relate to disclosures going as far back as six years. There will be no charge for up to one such list each year. There may be a charge for more frequent requests.

***How to Complain about the Plan's Privacy Practices.***

If you think the Plan or one of its vendors may have violated your privacy rights, or if you disagree with a decision made by the Plan or a vendor about access to your PHI, you may file a complaint with the person listed in the section immediately below. You also may file a written complaint with the

Secretary of the U.S. Department of Health and Human Services. The law does not permit anyone to take retaliatory action against you if you make such complaints.

**Contact Person for Information, or to Submit a Complaint.**

If you have questions about this Notice please contact the Plan's Privacy Official or Deputy Privacy Official(s) (see below). If you have any complaints about the Plan's privacy practices or handling of your PHI, please contact the Privacy Official or an authorized Deputy Privacy Official.

**Privacy Official.**

The Plan's Privacy Official, the person responsible for ensuring compliance with this Notice, is:

Beth Behner  
Chief Human Resource Officer

Mike Humphrey  
Director of Benefits

**Organized Health Care Arrangement Designation.**

The Plan participates in what the federal privacy rules call an "Organized Health Care Arrangement." The purpose of that participation is that it allows PHI to be shared between the members of the Arrangement, without authorization by the persons whose PHI is shared, for health care operations. Primarily, the designation is useful to the Plan because it allows the insurers who participate in the Arrangement to share PHI with the Plan for purposes such as shopping for other insurance bids.

The members of the Organized Health Care Arrangement are:

**University of Alaska**  
**Premera Blue Cross Blue Shield of Alaska**  
**Caremark**  
**Fringe Benefits Management Company**  
**VSP**
