How to Schedule an Appointment at a Quest Diagnostics Patient Service Center

1. Go to My.QuestForHealth.com
   - Log in as a “Returning User” with your username and password you established the first time you logged in.
   - Or, if you are a first-time user, click “Register now” in the yellow box.

2. If you’re a returning user you will go directly to Step 3, below.
   - First time users, enter the Registration Key **UOA1718** and click “Continue.”
   - Enter your Unique ID (First 3 letters of First Name + Full Last Name + MMDD of DOB. Example: Charlie Brown 01/01/2016 = CHABROWN0101), and Date of Birth.
   - Create an account by entering a username and password, then click “Continue.”

   - Important: Save your username and password information for future use of the site and to access your results online.

3. Verify your information is correct and up to date.
   - Email is required for username and password recovery.
   - Click “Register.”
4 Click “Get Started” to schedule your appointment.

5 To schedule your appointment at a PSC, choose the appointment location. Then, select a date and time. If you are unsure of a time to complete your screening, you can always choose the walk-in option to create an order that is ready to be filled at any PSC nationwide. Remember to click “Confirm” to confirm your appointment.

6 Once you’ve scheduled your screening, you will see the Order Confirmation page.

If you have questions, contact the Participant Service Center at 855.623.9355, or Wellness@QuestDiagnostics.com.
