SB 241 is the product of intensive work by the Joint Legislative Education Funding Task Force. The Task Force's Report, published on September 1, 2007, features 5 pieces of legislation being forwarded to the Legislature to change certain components to Alaska's state education policy. SB 241 represents a desire by the Task Force to improve the dialogue between two of our state agencies with key roles in education delivery.

The University of Alaska educates and trains Alaska's resident teacher workforce. The Department of Education & Early Development employs them in our schools. The Task Force is recommending that the University be required to provide an annual report to the Legislature documenting their efforts and degree of success in training teachers and in assisting Alaska schools districts to attract and retain qualified teachers.

I encourage your support for the efforts made by the Joint Legislative Education Funding Task Force in presenting the Legislature with legislation reflecting considerable collaboration and compromise. Thank you for considering SB 241.
