FY2011 Audit Plan Progress and Staffing
We continue to be fully staffed with our three full-time auditors and one student intern.

MAU Risk Assessments

Executive risk assessments were facilitated at each MAU in FY10, with results either presented to the Audit Committee or scheduled for presentation. The consolidated risk register was presented by Julie Baecker, chief risk officer, to the full Board of Regents at the June meeting. Internal Audit utilized the results during development of the audit plan for FY11, and made notes on audit topics for future years.

Risk Services and Internal Audit plan to facilitate the executive risk assessments again in FY11 with each MAU, as well as facilitate detailed risk assessments with a department or function selected by each MAU. Per discussion with President Gamble, this is scheduled to begin after during the timeframe between spring break and graduation.

Other Department Activities
- Continuous Controls Monitoring – This is an ongoing project that involves analytical tests which run automatically on a prescheduled basis. An auditor has been assigned to the follow-up of results from tests, refinement of tests, and development of new tests.
