Add Windows 7 System to the UAF (FBK) Print Server

Add Windows 7 System that is not on the UA Domain to the UAF Print Server

Go to the 'Start Menu'

Type in the 'Search programs and files':

\fbk-printers3.ua.ad.alaska.edu\n
Make sure that you are connecting to the UA domain by typing UA\ followed by your UA Username and password

Type in your 'UA Username and password'

Optional: Check 'Remember my credentials'

Select your Printer
