I.12 Tax Benefit of Gifts

Federal Tax Benefits

All gifts to the University of Alaska Foundation are eligible for a tax deduction on a donor's federal income tax. The level of such a deduction depends on the form of the gift and the donor's financial situation. A donor should be encouraged to consult their tax advisor regarding tax benefits of his/her donation. At no time should an employee of the University or Foundation offer tax advice or supply tax forms to a donor.

State Tax Benefits

Gifts from corporations who pay certain taxes to the State of Alaska may also qualify for a tax benefit under the [Alaska Education Tax Credit Law](#).
