

UNIVERSITY  
of ALASKA  
*Many Traditions One Alaska*

## Coalition of Student Leaders

### Resolution 2015-XX Dual Enrollment

**Whereas**, the state of Alaska contains a diverse population spread across vast distances;  
and,

**Whereas**, the University of Alaska system celebrates this diversity in its classrooms,  
both in person and online; and,

**Whereas**, we represent the interests of higher education students in the University of  
Alaska system; and,

**Whereas**, the opportunity to begin and complete one's education in Alaska is of  
paramount importance to Alaska students; and

**Whereas**, dual-enrollment options in secondary and higher education, utilizing new  
technologies as appropriate, allow greater opportunity for both high  
achieving and struggling Alaskan high school students; and,

**Whereas**, the University of Alaska system benefits from increased enrollment.

---

**Therefore be it resolved**, that the Coalition of Student Leaders applauds work  
previously done by the administration of the University of Alaska in  
conjunction with the Alaska State Board of Education in regards to dual-  
enrollment; and,

**Therefore be it further resolved**, that the Coalition of Student Leaders requests the  
administration of the University of Alaska continue efforts to increase  
participation in higher education by Alaskan high school students across the  
spectrum of traditional achievement via the route of dual-enrollment; and,

**Therefore be it further resolved**, that the Coalition of Student Leaders requests the  
Alaska Commission on Postsecondary Education build dual-enrollment  
considerations into their guidelines for Alaska Performance Scholarship  
eligibility.

**Adopted by Coalition of Student Leaders the X<sup>TH</sup> DAY OF MONTH, 2015**
