

MAU PRIORITIES

2006 - 2007

UAA

Top Priorities

- * Implementing Faculty Grading
- * Adopting the use of UA generated emails for conducting university business for enrolled students
- * Implementing National Student Clearinghouse free student access
- * Moving forward with the imaging project
- * Moving forward with implementing current workflow and continuing to develop future workflows both statewide and by MAU -- with possible addition of extended campus development
- * Exploring Open Learning Options

Additional Priorities

- * Printing our own diplomas
- * Developing Bridge to Banner from NSC for official transcripts
- * Exploring more of the degree screens in Banner -- especially in relation to workforce and occupational certificates
- * Exploring more of the commencement screens in Banner for use with the graduation/commencement events
