PASSED
"The Board of Regents approves the Industrial Security Resolution as revised to reflect changes in the officers of the board, and authorizes the Chair and Secretary of the Board to sign the resolution. This motion is effective December 7, 2012."

RATIONALE/RECOMMENDATION
The president and selected members of the university administration are routinely designated by the Board of Regents to handle any duties and responsibilities relating to classified information in connection with contracts with the Department of Defense and other federal agencies. These individuals are given an extensive security screening and are the only members of the administration, including the Board of Regents, to have access to classified information.

The university has received similar security clearances since the mid-1950s. Execution of the resolution allows regents and other members of the administration to be exempted from security clearance procedures. The resolution is identical to resolutions previously passed except for changes to officers of the board.
XXIV. Approval of Revisions to the Corporate Authority Resolution

Regent Cowell moved, seconded by Regent Fisher, and passed with no objection that:

**PASSED**

"The Board of Regents approves the Corporate Authority Resolution as revised to reflect changes in titles of officers resulting from the Board of Regents' elections and authorizes the Chair and Secretary of the Board of Regents to sign the resolution. This motion is effective December 7, 2012."

The Board of Regents regularly passes a resolution specifying certain university officers as being authorized to execute investment and banking transactions for the University of Alaska. Because of changes in officers of the board, a current resolution is necessary in order to execute timely investment and banking transactions.

XXV. Alaska Commission on Postsecondary Education Report

Regent Jacobson reported Diane Barrans, ACPE executive director, indicated the biggest highlight for ACPE in the past year was the passage of legislation in support of the Alaska Performance Scholarship and the AlaskAdvantage Education Grant; and noted the progress on the statewide longitudinal education data system. All 10 varsity teams participated in the 2012 Military Appreciation Initiative. Team members either made group visits to Fort Wainwright, engaging military personnel, veterans and their families or hosted home events that honored and recognized military members.
