

# KENAI PENINSULA COLLEGE

A UAA Community Campus Profile

Kenai Peninsula College (KPC) is committed to excellence in education, training, and life-long learning by offering accessible opportunities in a supportive environment.

As a Community Campus of UAA, more than 4,500 students find their place at KPC each year and pursue unique academic goals in a variety of disciplines and degree programs. Students have the choice to study at one of KPC's three locations – beautiful Soldotna, Homer, and Seward – as well as take courses through KPC's expanding virtual college.

## ACADEMIC YEAR 24 NUMBERS

- 4,058 student per year
- 27 full-time and 59 part-time faculty
- 52 full-time and 20 part-time staff
- 6 student employees/semester

## PROGRAMS

- Adult basic education and GED programs
- 7 occupational endorsement certificates
- 5 certificate programs
- 8 associate degree programs
- Select UAA bachelor degree programs

Programs like Middle College allow students to gain an enormous head start in their careers and prevents financial debt, as students start without having to pay for the full tuition and fees. It opens up job opportunities, teaches responsibility, and helps students explore their interests.

*-Willow Patrick, Middle College Class of '24*

## TRANSFORMING EDUCATION TO CAREER OUTCOMES

A year after graduating, UAA Kenai Peninsula program graduates (FY17 - FY21) were earning an average of \$56,388 annually, about 34 percent (\$14,270) more than they did one year before earning the certificate or degree. Program graduates (FY13 - FY17) working for 5 years were making 58 percent (\$32,724) higher wages on average than graduates who had only been working one year, showing that the earnings boost from a UAA Kenai Peninsula credential increases over time.

One Year before Graduation	One Year after Graduation	Five Years after Graduation	Salary Increase (One Year to Five)	% Increase (One Year to Five)
\$42,118	\$56,388	\$89,112	\$32,724	58%

## RACE/ETHNICITY

## PROGRAM HIGHLIGHTS

Kenai Peninsula College offers 20 associate programs and certificates. With a strong workforce focus, Kenai Peninsula College provides career pathways in high demand areas such as Paramedical Technology, Process Technology, Welding, Corrections and more. KPC's programs provide flexible course offerings that allow students to study online or in person, accommodating students' schedules and locations. AAS degrees in Paramedical Technology and Process Technology allow students to engage in lectures and learning online while offering short-term lab-intensives where students come to campus for necessary hands-on training for these fields. The Paramedic program boasts a nearly 85% pass rate (above national pass rate) on the National Registry exam. KPC offers education in the liberal arts, in healthcare fields, in business, in Native language instruction, and more.

## COMMUNITY IMPACT

KPC's Middle College and Jumpstart programs have robust enrollment and continue to grow each year, with Kenai Peninsula Borough high school students making up 12% of KPC's total headcount. These programs, in collaboration with local government and the school district, encourage students to explore opportunities for higher education in the local community. Students earn college credit at a discounted rate, building on foundational courses and specialized training as well. For example, students can study to become Emergency Trauma Technicians or Certified Nurses' Assistants. The pathways to explore are numerous, and students can chart their courses in many different two and four-year degrees, in collaboration with other campuses within the university system.
