

Join the Compliance Week Digital Scavenger Hunt & Win a \$20 Amazon Gift Card!

Dear University Employees,

We're excited to kick off [Compliance Week](#) and invite you to participate in the third annual Compliance Scavenger Hunt! This digital scavenger hunt is designed to enhance your compliance knowledge and gives you a chance to win one of three \$20 Amazon gift cards.

Please complete this [short form](#) with your answers. Here's what you need to do:

Scavenger Hunt Challenges

1. Cybersecurity & Ransomware Readiness

Find and share the URL of the UA office you should contact if your university credentials are compromised.

2. FERPA & Student Data Privacy

Locate a UA resource that explains FERPA rights for students and responsibilities for employees and share the URL.

3. Real-World Compliance Example

Find and share a URL for a news article or public report about a compliance failure at another university or business (example: a university fined for mishandling student data, a Title IX violation, or a financial aid fraud case).

The scavenger hunt is a great way to get into compliance. Check out online resources, watch a short [Compliance Chat](#), discuss compliance in your staff meetings, and join the Compliance Week festivities!

Best regards,

Mary Gower

Senior Institutional Compliance Liaison
