General:

Petty Cash funds represent specified amounts of cash set aside to facilitate disbursements for relatively minor transactions and small expenditures generally required to be made in cash.

Reimbursement checks are coded to the appropriate expense accounts relating to the expenditures being reimbursed. The process allows expenditures to be recorded in summary within the accounting system at the time of reimbursement, rather than at the time of each individual cash disbursement.

The regional campus chief financial officers are responsible for determining the necessity for establishing petty cash funds, controlling the petty cash funds outstanding and maintaining petty cash funds at the minimum required amount for the intended use. See C-05 “Petty Cash and Change Funds” in Section 100 in the University of Alaska Accounting and Administrative Manual for details on establishing, reducing, eliminating and transferring petty cash funds.

Requirements and restrictions:

1. Separate petty cash funds will not be commingled.
2. Each petty cash fund will be the responsibility of a single person who will have access to the fund (to the extent practical).
3. Petty cash funds must have adequate safeguards relative to the size of the fund. In general, the fund should be maintained in a locked box or cabinet with access limited to one person.
4. Petty cash vouchers should be prepared in ink and signed by the person receiving the reimbursement from the fund.
5. Original receipts must accompany vouchers to support expenditures, except for minor items (under $25) for which receipts are not reasonably obtainable.
6. An authorized individual, other than the petty cash custodian, must approve expenditures and advances for expenditures in writing prior to disbursement.
7. Expenditures are limited to $100. The business office manager may approve expenditures for a larger amount in emergency situations.
8. Petty cash expenditures may not be for:
   a. Personal Services (1xxx account codes)
   b. Travel advances or expenses, except for incidental parking and mileage reimbursements
   c. Contractual Services for Professional Fees or Representational Allowance type services (account codes 3005 through 3013 & 3018 & 3038)
   d. Food / Décor for Special Events or Self-catering for Sponsored Projects (account codes 4008 & 4018 & 4038)
   e. Capital expenditures (equipment, 5xxx account codes)
   f. Student Aid type expenditures (6xxx account codes)
   g. Entertainment type expenditures (account code 8115)
   h. Check cashing or loans (I.O.U.’s)

9. Petty cash replenishment requests must be accompanied by detail vouchers, receipts, a summary of appropriate expense accounts to be charged for the expenditures and a count of cash-on-hand reconciled to the total petty cash fund.

10. Petty cash vouchers and receipts must be marked or stamped by the reimbursing business office to preclude their reuse.

11. Petty cash replenishments must be made by check made payable to "Petty Cash - (department name)". Use of secure transport is optional when offered.

   Direct deposit into a personal bank account is not allowed for establishing or replenishing change or petty cash funds.

12. Petty cash funds must be counted periodically, at least semi-annually, on an unannounced basis by the custodian’s supervisor.

13. The check to create or increase a fund will be recorded to account code 0192, with the fund number of the appropriate campus.

14. Funds must be reimbursed at fiscal year-end and as the need arises, based on the fund activity (generally monthly).

An annual review is to be conducted by the regional campus chief financial officer or designee to determine the optimal size and number of petty cash funds in use.

No.: C-04

Consideration should be given to closing inactive funds and changing the petty cash fund amounts to provide for monthly reimbursements.

The custodian will prepare an annual report indicating size of the fund, volume of activity and general use. The report is to include temporary funds or temporary increases to existing funds. Summary reports are to be submitted to Statewide Fund Accounting no later than the date specified in the University of Alaska Year End Closing Instructions, which will be no later than July 31 of each year.

Expenditures:

Advances for purposes of making authorized expenditures are the responsibility of the department head or designee approving the advance. Separate petty cash vouchers for advances are to be prepared, approved and redeemed upon submission of a voucher for the actual expenditure and return of unused funds.

Relevant Department or Individual
1. Makes appropriate expenditure.
2. Prepares petty cash voucher indicating specific purpose, accounts to be charged, and amount.
3. Attaches receipt(s) to petty cash voucher.
4. Secures department head or designated approval.

Department Head or Designee
5. Reviews expenditures for reasonableness of need, conformity with university requirements and supporting documentation.
6. Signs petty cash voucher to document approval.
