<p><b>1.</b> This Disclosure Statement has been designed to meet the requirements of Public Law 100-679, and persons completing it are to describe the Educational institution and its cost accounting practices. For complete regulations, instructions and timing requirements concerning submission of the Disclosure Statement, refer to Section 9903.202 of Chapter 99 of Title 48 CFR (48 CFR 9903).</p> <p><b>2.</b> Part I of the Statement provides general information concerning each reporting unit (e.g., segments, business units, and central system or group (intermediate administration ) offices). Parts II through VI pertain to the types of costs generally incurred by the segment or business unit directly performing under Federally sponsored agreements (e.g., contracts, grants and cooperative agreements). Part VII pertains to the types of costs that are generally incurred by a Central or Group office and are allocated to one or more segments performing under Federally sponsored agreements.</p> <p><b>3.</b> Each segment or business unit required to disclose its cost accounting practices should complete the Cover Sheet, the Certification, and Parts I through VI.</p> <p><b>4.</b> Each central or group office required to disclose its cost accounting practices for measuring, assigning and allocating its costs to segments performing under Federally sponsored agreements should complete the Cover Sheet, the Certification, Part I and Part VII of the Disclosure Statement. Where a central or group office incurs the types of cost covered by Parts IV, V and VI, and the cost amounts allocated to segments performing under Federally sponsored agreements are material, such office(s) should complete Parts IV, V, or VI for such material elements of cost. While a central or group office may have more than one reporting unit submitting Disclosure Statements, only one Statement needs to be submitted to cover the central or group office operations.</p> <p><b>5.</b> The Statement must be signed by an authorized signatory of the reporting unit.</p> <p><b>6.</b> The Disclosure Statement should be answered by marking the appropriate line or inserting the applicable letter code which describes the segment’s (reporting unit’s) cost accounting practices.</p> <p><b>7.</b> A number of questions in this Statement may need narrative answers requiring more space than is provided. In such instances, the reporting unit should use the attached continuation sheet provided. The continuation sheet may be reproduced locally as needed. The number of the question involved should be indicated and the same coding required to answer the questions in the Statement should be used in presenting the answer on the continuation sheet. Continuation sheets should be inserted at the end of the pertinent Part of the Statement. On each continuation sheet, the reporting unit should enter the next sequential page number for that Part and, on the last continuation sheet used, the words “End of Part” should be inserted after the last entry.</p> <p><b>8.</b> Where the cost accounting practice being disclosed is clearly set forth in the institution’s existing written accounting policies and procedures, such documents may be cited on a continuation sheet and incorporated by reference to the pertinent Disclosure Statement Part. In such cases, the reporting unit should provide the date of issuance and effective date for each accounting policy and/or procedures document cited. Any supplementary comments needed to fully describe the cost accounting practice being disclosed should also be provided.</p> <p><b>9.</b> Disclosure Statements must be amended when disclosed practices are changed to comply with a new CAS or when practices are changed with or without agreement to the Government (Also see 48 CFR 9903.202-3).</p> <p><b>10.</b> Amendments shall be submitted to the same offices to which submission would have to be made were an original Disclosure Statement being filed.</p>

<b>COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-679 EDUCATIONAL INSTITUTIONS</b>		<u>Continuation Sheet # 1</u> <b>PART I - GENERAL INFORMATION</b>
		<b>NAME OF REPORTING UNIT</b> <b>University of Alaska System Office</b>
Item No.	Item Description	
1.2.0	<p><u>Integration of Cost Accounting with Financial Accounting</u>            Cost accounting is generally integrated with the financial records, except for certain information used to prepare the facilities and administrative (F &amp; A) cost report. The F &amp; A cost report is prepared to conform to 2 CFR 200. The financial records and reports of the University of Alaska are maintained to conform to generally accepted accounting principles for educational institutions and the State of Alaska budget structure. The 2 CFR 200 definitions of direct and F &amp; A cost pools do not always match the activity definitions that must be used for university accounting and reporting. For this reason, a special analysis of financial activity is developed as needed to permit the determination of expenses in accordance with 2 CFR 200. This analysis reclassifies expenditures from the accounting system into the detail records used to prepare the F &amp; A cost report.</p>	
1.3.0	<p><u>Unallowable Costs</u>            Unallowable costs, including directly associated costs, are identified in several ways. Unallowable costs such as advertising, alcoholic beverages, and bad debt expense are identified in the accounting system by specific account codes. Unallowable activities costs, such as alumni and public relations expenses, are identified in the accounting system by program codes designating that organization (org) account as unallowable.</p> <p>Other unallowable costs are not formally identified in the accounting system, such as personal use of institution furnished automobiles, defense and prosecution of criminal and civil proceedings, and housing and personal living expenses of university officers. This information is obtained by query of responsible individuals; their written response is maintained in the F &amp; A cost working papers.</p> <p>In addition, the Office of Grants and Contracts Administration monitors compliance with 2 CFR 200 and federal agency policies for sponsored projects, such as determination of allowability of pre-award costs. Cost transfers are reviewed for propriety by the Office of Finance and Accounting (OFCA) and/or the Office of Grants and Contracts Administration. To comply with the cost allowability and allocability requirements outlined in the Uniform Guidance (§200.400 - Subpart E - Cost Principles), the University must be able to explain and justify all charges transferred onto federal awards, whether the costs are transferred from some other federal account, a non-federal account, or a University account. Any necessary cost transfers should be completed in a timely manner and with a complete explanation, as these are, per the principles outlined in the Uniform Guidance (§200.400 - Subpart E - Cost Principles), critical factors in supporting allowability and allocability</p>	
1.3.1	<p><u>Treatment of Unallowable Costs</u>            Unallowable costs are identified as described above. Unallowable expenses included in facility or administrative cost pools are treated as an exclusion not subject to F &amp; A cost allocation. Unallowable expenses included in direct cost objectives remain in the direct cost bases. Unallowable activities are reclassified to "Other Institutional Activities" (OIA), as required under 2 CFR 200, Appendix III. Expenditures accounted for as OIA receive an appropriate allocation of F &amp; A costs through the procedures outlined in 2 CFR Part 200, Appendix III which allocate F &amp; A expenses on the basis of Modified Total Direct Costs (MTDC). Space used by offices and departments specifically identified as unallowable is also classified as used by OIA, which causes Depreciation, and Operations and Maintenance expenses to be allocated to this activity. The use of these procedures assures that an appropriate share of F &amp; A costs are allocated to unallowable activities and that other activities are not charged for support costs that benefit unallowable expenses and activities.</p>
