

GENERAL COMPETITION INFORMATION

Failure to follow the stated guidelines could result in disqualification of student competing.

This does not register you for the National Competitions. Please log in through the EdRising Membership Portal to complete application.

All students wishing to compete at the Educators Rising National Conference must complete 3 required steps:

1. **Be an Active level paid national member** of Educators Rising for the current school year. State level membership must be paid, if applicable. To join as a National Active level member, [click here](#) to create your account and then complete the online application and purchase process.
2. **Sign up to compete** in the national competitions and submit all required materials by the stated deadline on the [National Competition page](#) located in the Student Resources section in the EdRising Membership Portal. **This is NOT done automatically if you competed at a state or regional conference.**
3. **Register to attend** the Educators Rising National Conference.

GENERAL RULES AND REGULATIONS

NOTE: General rules and regulations apply to all competitive events and are in addition to each event's specific guidelines.

Eligibility

- Students must be a paid Active-level student member of Educators Rising no later than **February 1st** of the year in which they are competing.
- Students may enter up to a total of two events. This can be either two individual events, two team events, or one individual and one team event.
- Teacher leaders may enter up to two students per school in each individual event per division and one team for team events per division.
 - All team events must have at least two students (and no more than four) per school to qualify.
 - For teams consisting of students of varying grade levels, the team will be placed in the division for the grade level of the most senior member.
- If a competitor is from a state that holds state competitions, they must first qualify in that given event at their state conference before competing in that event at the Educators Rising National Conference. Contact your state/regional coordinator to see if your state offers competitions. Visit our [state program page](#) on the Educators Rising national website to contact your state/regional coordinator.

- For states that offer state-level competitions, the top ten places in each competition for each division offered by the state will be eligible to compete at the Educators Rising National Conference; no other entrants from states that offer the competition at the state level will be eligible for those state-level-offered competitions.
- For states that do not offer state-level competitions, students may register to compete in those events at the Educators Rising National Conference. This applies to all Educators Rising national competitions.
 - For example, if you want to compete in Impromptu Speaking but place eleventh or lower in your state-level Impromptu Speaking competition or don't compete in the state level competitions at all — you unfortunately can't compete in Impromptu Speaking at the Educators Rising National Conference this year. If you live in a state that didn't hold an Impromptu Speaking state-level competition, you may register to compete in that event at the Educators Rising National Conference.

INSIDE OUR SCHOOLS PRESENTATION COMPETITION

COMPETITION TYPE: Team - Closed to spectators

ELIGIBILITY LEVELS: High School Junior Varsity, High School Varsity

EDUCATORS RISING STANDARDS:

- Standard I: Understanding the Profession
- Standard II: Learning About Students
- Standard VII: Engaging in Reflective Practice

Contest Purpose

The purpose of the Inside Our Schools Presentation Competition is to allow Educators Rising students to showcase one innovative strategy that their school or school district employs to enhance teaching and learning. Innovative strategies do not necessarily mean new technology. An innovative strategy is a deviation from the standard practice that results in greater engagement and learning outcomes for students. The strategy must be something that the school or school district has begun to implement no earlier than 2021. The creative presentation, which will involve live presenting and a video, should appeal to anyone looking for smart ways to take teaching and learning to a higher level.

Preparation Tips

- Collaborate as a team to brainstorm innovative strategies in use in your school or district.
- Do some real legwork in learning about your selected innovative strategy by talking to local leaders and conducting Internet research.
- Observe the innovative strategy in action in at least three settings.
- Use creativity and original ideas when creating your video and crafting your live presentation.
- Work collaboratively as a team, with each team member filling a specific role (ex. director, lead researcher, etc.). Highlight your experiences during observations, as well as personal opinions on best practices used by teachers, in your video.
- Have a video credits page citing any source media or permissions acquired for the use of any copyrighted material. (Educators Rising recommends avoiding copyrighted material.)
- Have a title screen including the title of your project, competition name, school name, city, and state.
- Obtain the necessary permission from all students and teachers who appear in the video.
- Preview your final video to ensure that the sound quality is good, and that video playback is smooth.

Research

The following are research resources that may be helpful concerning your topic:

- Your school or district website, to give any background or supporting details on your school/district
- Online articles regarding research- proven best practices to support the best practices you choose
- Interviews with local education leaders (teachers, principals, superintendent, district academic officers, etc.)
