In order to maintain a safe and fun, learning environment for the benefit of all participants, students must agree to abide by all of the guidelines in this behavior code of conduct and in conjunction with UAF policy:

- Current Covid mitigation plans require all participants (students/teachers/staff) to be masked (covering both mouth and nose) at all times while engaging in EdRising activities.
- Students are expected to act in a mature and appropriate manner at all times.
- No non-participant visitors are to be allowed on the trip.
- Students are to be respectful of the hotel staff who are trying to do their work at the facilities where the field-trip activities are taking place. Please keep voices low when moving through hallways, and avoid clustering in groups around entrances and exits.
- Students will not use alcohol or other non-prescribed drugs, which includes smoking and chewing tobacco.
- Students will pay for phone calls and any damage they cause.
- Cell phone use, including texting, is prohibited during Educators Rising activities.
- Students are expected to honor the schedule, participate in all activities, and remain with their group's chaperone or attending adult at all times.
- While at the hotel, students must avoid disturbing other hotel guests. [A few examples of disruptive behavior include: shouting from the balconies, running on the stairs and in hallways, turning the volume on televisions up too high, and slamming doors. Students should also avoid loud conversations or activities late at night, or early in the morning hours.]
- If weather or other circumstances delay the trip home, students will agree to remain under the supervision of their chaperone.
- Students on medication should speak to their district chaperone one-on-one regarding what medications they are taking and why.
- Students who have valuables should keep them on their person at all times. If they are concerned about losing their valuables, they should speak with their chaperone one-on-one.
