Title IX Requirements
For Hearings
Title IX of the Education Amendments Act of 1972

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”
Section 106.30: Sexual Harassment

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

(1) An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;

(2) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient’s education program or activity; or

AND... Only Covered, IF:

**Place of Conduct**
- On campus
- Campus Program, Activity, Building, and
- In the United States

**Required Identity**
- Complainant participating/attempting to participate in Program or Activity, AND
- Control over Respondent
Procedural Requirements for Investigations

- Notice to both parties
- Equal opportunity to present evidence
- An advisor of choice

- Written notification of meetings, etc., and sufficient time to prepare
- Opportunity to review all evidence, and 10 days to submit a written response to the evidence prior to completion of the report
- Report summarizing relevant evidence and 10 day review of report prior to hearing

The Requirement of Impartiality
Impartiality
Avoiding Prejudgment and Bias

“The Department’s interest in ensuring impartial Title IX proceedings that avoid prejudgment of the facts at issue necessitates a broad prohibition on sex stereotypes so that decisions are made on the basis of individualized facts and not on stereotypical notions of what “men” or “women” do or do not do.” 85 Fed. Reg. 30254 (May 19, 2020).
Section 106.45(b)(1)(iii)

The grievance process must require that any individual designated by the recipient as Title IX Coordinator, investigator, decision maker, or facilitator of informal resolution not to have a conflict of interest or bias:

For or against complainants or respondents generally, or

An individual complainant or respondent
Section 106.45(b)(1)(iii)

Title IX Coordinator, investigator, decision maker, or facilitator of informal resolution must receive training on...how to serve impartially, including avoiding prejudgment of the facts at issue, conflict of interest, and bias. This training material may not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.
Impartiality
Avoiding Prejudgment and Bias

- Do not rely on cultural “rape myths”
- Do not rely on cultural stereotypes about how men or women purportedly behave
- Do not rely on gender-specific research data or theories to decide or make inferences of relevance or credibility in particular cases
- Recognize that anyone, regardless of sex, gender, gender identity or sexual orientation, can be a victim or perpetrator of sexual assault or other violence
- Avoid any perception of bias in favor of or against complainants or respondents generally
- Employ interview and investigation approaches that demonstrate a commitment to impartiality
Impartiality

Avoiding Bias

Department also rejected commenters' arguments that individuals should be disqualified from serving as investigators because of past personal or professional experience.

“Department encourages [schools] to apply an objective (whether a reasonable person would believe bias exists), common sense approach to evaluating whether a particular person serving in a Title IX role is biased” WHILE ALSO

“exercising caution not to apply generalizations that might unreasonably conclude that bias exists (for example, assuming that all self-professed feminists, or self-described survivors, are biased against men, or that a male is incapable of being sensitive to women, or that prior work as a victim advocate, or as a defense attorney, renders the person biased for or against complainants or respondents”
Impartiality

Avoiding Conflicts of Interest

Commenters argued that investigators and hearing officers employed by schools have an “inherent conflict of interest” because of their affiliation with the school, so Department should require investigations and hearings to be conducted by external contractors.

Department noted that some of those commenters argued that this resulted in bias against complainants, and some argued that this resulted in bias against respondents.

Department’s response: Department’s authority is over schools, not individual investigators and other personnel, so Department will focus on holding school’s responsible for impartial end result of process, without labeling certain administrative relationships as per se involving conflicts of interest.
Hearing Technology: Requirements and Considerations

If hearings cannot be in person, or if someone chooses to participate remotely, must have a remote participation platform available.

All hearings must be recorded.

Participants must be able to communicate during the hearing: The parties with the decision maker(s) and The parties with their advisors.
Purpose of the Hearing

1. Review and Assess Evidence
2. Make Findings of Fact
3. Determine Responsibility/Findings of Responsibility
4. Determine Sanction and Remedy

The Participants
The Investigator

• Can present a summary of the final investigation report, including items that are contested and those that are not;
• Submits to questioning by the Decisionmaker(s) and the parties (through their Advisors).
• Can be present during the entire hearing process, but not during deliberations.
• Questions about their opinions on credibility, recommended findings, or determinations, are prohibited. If such information is introduced, the Chair will direct that it be disregarded.
The Participants

Advisors

- Can be anyone, including a lawyer, a parent, a friend, and a witness
- No particular training or experience required (institution appointed advisors should be trained)
- Can accompany their advisees at all meetings, interviews, and the hearing
- Advisors should help the Parties prepare for each meeting and are expected to advise ethically, with integrity, and in good faith
- May not speak on behalf of their advisee or otherwise participate, except that the advisor will conduct cross examination at the hearing.
- Advisors are expected to advise their advisees without disrupting proceedings
The Participants

Advisors: Prohibited Behavior

An Advisor who oversteps their role as defined by the policy should be warned once. If the Advisor continues to disrupt or otherwise fails to respect the limits of the Advisor role, the meeting may be ended, or other appropriate measures implemented. Subsequently, the Title IX Coordinator has the ability determine how to address the Advisor’s non-compliance and future role.
The Participants
The Hearing Facilitator/Coordinator

- Manages the recording, witness logistics, party logistics, curation of documents, separation of the parties, and other administrative elements of the hearing process
- Non-Voting
- Optional, not required
The Participants
The Decision-Maker

- Regulations permit one person or a panel
  - University uses a single decision maker
- Questions the parties and witnesses at the hearing
- Determines responsibility
- Determines sanction, where appropriate
The Participants

The Decision-Maker

- Answers all procedural questions
- Makes rulings regarding relevancy of evidence, questions posed during cross examination
- Maintains decorum
- Prepares the written deliberation statement
- May assist in other tasks such as preparing the Notice of Outcome
The Advisor Role

First Steps
After you are assigned a case...

- Review the policy
- Review the materials provided, if any
- Reach out to your advisee
- Schedule a meeting
Make the Party Aware that ...

You are under no obligation to keep what the party tells you confidential.

There is no attorney-client relationship nor any other recognized privilege between you and the party.

Were this matter to go to a court of law, and you were asked to testify, you would have to do so, truthfully.

Do this at the outset.

03 Follow up by the Hearing Panel

04 The Hearing Panel will question Respondent second

05 Cross examination of Respondent will occur next

06 Follow up by the Hearing Panel

01 The Chair will determine the order of questioning of witnesses

02 The Hearing Panel will question first

03 Advisor cross-examination will occur next (suggested: Complainant’s advisor followed by Respondent’s advisor)

04 Follow up by the Hearing Panel
Closing Statements

Prior to the conclusion of the hearing, each party will have the opportunity to make a closing statement.

• Prior to the conclusion of the hearing, each party will have the opportunity to make a closing statement.
• Directed to the Decision Maker and only the Decision Maker.
• Intended to be a brief summary of the points the party would like to highlight.
• Not time to introduce new information or evidence.
General Questioning Guidelines
Format of Questioning

- The Hearing Panel or the advisor will remain seated during questioning.
- Questions will be posed orally.
- Questions must be relevant.
What constitutes a relevant question?

The Department declines to define “relevant”, indicating that term “should be interpreted using [its] plain and ordinary meaning.”

See, e.g., Federal Rule of Evidence 401 Test for Relevant Evidence:

“Evidence is relevant if:
• (a) it has any tendency to make a fact more or less probable than it would be without the evidence; and
• (b) the fact is of consequence in determining the action.”
When is evidence relevant?

- Logical connection between the evidence and facts at issue
- Assists in coming to the conclusion – it is “of consequence”
- Tends to make a fact more or less probable than it would be without that evidence
Irrelevant and Impermissible Questions

- Information protected by an un-waived legal privilege
- Medical treatment and care
- Unduly repetitious or duplicative questions
- Information that otherwise irrelevant
- Complainant’s prior sexual history, with limited exceptions.
When Questioning....

- Be efficient.
- Explore areas where additional information or clarity is needed.
- Listen to the answers.
- Be prepared to go down a road that you hadn't considered or anticipated exploring.
- Take your time. Be thoughtful. Take breaks if you need it.
Foundational Questions to Always Consider Asking

Were you interviewed?

Did you see the interview notes?

Did the notes reflect your recollection at the time?

As you sit here today, has anything changed?

Did you review your notes before coming to this hearing?

Did you speak with any one about your testimony today prior to this hearing?
Common Areas of Where Clarity or Additional Information is Needed

- Details about the alleged misconduct
- Facts related to the elements of the alleged policy violation
- Relevancy of Certain Items of Evidence
- Factual Basis for Opinions
- Credibility
- Reliability
- Timelines
- Inconsistencies
Questioning to Assess Reliability

1. Inherent plausibility
2. Logic
3. Corroboration
4. Other indicia of reliability
Questioning to Assess Credibility

No formula exists, but consider asking questions about the following:

- opportunity to view
- ability to recall
- motive to fabricate
- plausibility
- consistency
- character, background, experience, and training
- coaching
Credibility Versus Reliability

Reliability

• I can trust the consistency of the person’s account of their truth.
• It is probably true and I can rely on it.

Credibility

• I trust their account based on their tone and reliability.
• They are honest and believable.
• It might not be true, but it is worthy of belief.
• It is convincingly true.
• The witness is sincere and speaking their real truth.
Opinion Evidence

When might it be relevant?

How do you establish a foundation for opinion evidence so that the reliability of the opinion can be assessed?
Asking Questions to Assess Authenticity
Investigating the Products of the Investigation

Never assume that an item of evidence is authentic.

Ask questions, request proof.

Request further investigation of the authenticity if necessary.
Is it authentic?

- Question the person who offered the evidence
- Request originals
- Obtain originals from the source
- Have others review and comment on authenticity
- Are there other records that would corroborate?
What are the “Hard” Questions

- Details about the sexual contact
- Seemingly inconsistent behaviors
- Inconsistent evidence/information
- What they were wearing
- Alcohol or drug consumption
- Probing into reports of lack of memory
How to Ask the Hard Questions

Lay a foundation for the questions

• Explain why you are asking it
• Share the evidence that you are asking about, or that you are seeking a response to

Be deliberate and mindful in your questions:

• Can you tell me what you were thinking when....
• Help me understand what you were feeling when...
• Are you able to tell me more about...
Special Considerations for Questioning the Investigator

- The Investigator’s participation in the hearing is as a fact witness;
- Questions directed towards the Investigator shall be limited to facts collected by the Investigator pertinent to the Investigation;
- Neither the Advisors nor the Decision-maker(s) should ask the Investigator(s) their opinions on credibility, recommended findings, or determinations;
- The Investigators, Advisors, and parties will refrain from discussion of or questions about these assessments. If such information is introduced, the Chair will direct that it be disregarded.
Special Considerations for Questioning the Investigator

- Ask questions about how they conducted their investigation
- Explore the investigator’s decision making
- Seek clarity about evidence collected
- Where it came from
- Authenticity of the evidence
- Ask factual questions that will assist in evaluation of the evidence
- If bias is not in issue at the hearing, the Chair should not permit irrelevant questions of the investigator that probe for bias.
Special Considerations for Panels

- If a panel, decide in advance who will take the lead on questioning
- Go topic by topic
- Ask other panelists if they have questions before moving on
- Do not speak over each other
- Pay attention to the questions of other panelists
- Ok to take breaks to consult with each other, to reflect, to consult with the TIXC or counsel
Special Considerations for Advisor Questioning
First Decide: To Cross or Not to Cross

Special Considerations

Will submitting to cross examination serve the party’s interests?

Will conducting cross examination serve the party’s interests?
Questioning

1. Confirm
2. Compare
3. Conclude
Confirm

- Witness Y, earlier today you were asked about what you heard and saw on the night in question...
- And you indicated that you heard loud voices, but that you are not sure if it was fighting, is that correct?
- You also said that the parties came out together and then went back into the room, is that what you saw?
- And you are sure of this?
Compare

- Witness Y, this isn’t the first time you shared your observations of Complainant and Respondent that night, is it?
- Did you talk to the investigator about this?
- And that statement was provided just two days after the incident, correct?
- Do you recall what you said to the investigator?
- Did you tell the investigator the truth when you were interviewed?
Conclude

- Witness Y, when you spoke to the investigator, you indicated that you heard fighting, correct?
- And that Complainant came out of the room crying, isn’t that right?
- And that Respondent came out looking angry, correct?
- You also stated that you saw Respondent grab Complainant and drag them back into the room, isn’t that true?
- Since speaking with the investigator, you and Complainant have had a falling out, haven’t you?
The Decision Maker’s Role in Advisor Questioning
Cross Examination
Who does it?

Must be conducted by the advisor

If party does not appear or does not participate, advisor can appear and cross

If party does not have an advisor, institution must provide one
The Role of the Decision Maker During Questioning by the Advisors

After the Advisor poses a question, the proceeding will pause to allow the Chair to consider it.

Chair will determine whether the question will be permitted, disallowed, or rephrased. The Chair may explore arguments regarding relevance with the Advisors.

The Chair will limit or disallow questions on the basis that they are irrelevant, unduly repetitious (and thus irrelevant), or abusive.

The Chair will state their decision on the question for the record and advise the Party/Witness to whom the question was directed, accordingly. The Chair will explain any decision to exclude a question as not relevant, or to reframe it for relevance.

The Chair has final say on all questions and determinations of relevance. The parties and their advisors are not permitted to make objections during the hearing. If they feel that ruling is incorrect, the proper forum to raise that objection is on appeal.
When Assessing Relevance, the Decision Maker Can:

<table>
<thead>
<tr>
<th>Activity</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ask the Advisor (Process A) or Party (Process B) why their question is relevant</td>
</tr>
<tr>
<td>Take a break</td>
</tr>
<tr>
<td>Ask their own questions of the party/witness</td>
</tr>
<tr>
<td>Review the hearing record</td>
</tr>
</tbody>
</table>
After the Hearing
Deliberations
Preponderance of the Evidence

- Standard of proof by which determinations of responsibility are made
- "More likely than not"
- It does not mean that an allegation must be found to be 100% true or accurate
- A finding of responsibility = There was sufficient reliable, credible evidence to support a finding, by a preponderance of the evidence, that the policy was violated
- A finding of not responsible = There was not sufficient reliable, credible evidence to support a finding, by a preponderance of the evidence, that the policy was violated
Weighing the Evidence & Making a Determination

1. Evaluate the relevant evidence collected to determine what weight, if any, you will afford that item of evidence in your final determination;

2. Apply the standard of proof and the evidence to each element of the alleged policy violation;

3. Make a determination as to whether or not there has been a policy violation.
Findings of Fact

- A "finding of fact"
  - The decision whether events, actions, or conduct occurred, or a piece of evidence is what it purports to be
  - Based on available evidence and information
  - Determined by a preponderance of evidence standard
  - Determined by the fact finder(s)
- For example...
  - Complainant reports that they and Respondent ate ice cream prior to the incident
  - Respondent says that they did not eat ice cream
  - Witness 1 produces a timestamped photo of Respondent eating ice cream
- Next steps?

The picture can't be displayed.
Policy Analysis

• Break down the policy into elements
• Organize the facts by the element to which they relate
Allegation: Fondling

**Fondling** is the:

- touching of the private body parts of another person
- for the purpose of sexual gratification,
- Forcibly and/or without the consent of the Complainant,
  - including instances where the Complainant is incapable of giving consent because of their age or **because of their temporary or permanent mental or physical incapacity.**

Did You Also Analyze...? (if required by policy)

- On campus?
- Program or Activity?
- In a building owned/controlled by a recognized student organization?
- Substantial control over respondent and context?
- Complainant was attempting to access program/activity?
Goals of Sanctions/Discipline

End the harassment, prevent its recurrence, remedy the harm

What steps would be reasonably calculated to end harassment and prevent recurrence?
Sanctioning

State law
System policy
Learning environment
Measures available
The Sanction Does Not Undo the Finding

No lesser sanction if you disagree with findings

Sanctioning officer must assume findings are correct
Determining the Proper Sanction

- Consistency
- Foreseeability of repeated conduct
- Past conduct
- Does bias creep in?
- Remorse?
- Victim impact?
Aggravating Circumstances

- Premeditation
- Predation
- Physical violence
- Repeated violation
- Multiple policy violations in one incident
- Harm to others, impact on complainant and/or community
- Did the behavior continue after intervention?
- Effort to conceal or hide the incident?
- Refusal to attend past trainings
- Past failures to comply with directives
Final Report

• The allegations
• Description of all procedural steps
• Findings of fact
• Conclusion of application of facts to the policy
• Rationale for each allegation
• Sanctions and remedies
• Procedure for appeal
The Final Determination Should STAND On Its Own

- Simple and Easy to Comprehend
- Transparent/Clear
- Accurate
- Neutral/Unbiased
- Draw Attention to Significant Evidence and Issues
Advisor’s Role Post-Hearing

- May meet with their advisee to review decision and respond to procedural questions.
- Institutionally-appointed advisors typically do not advise nor assist the party in developing an appeal.

Advisor of choice may assist in advising party whether or not to appeal and in the drafting of an appeal.
Practical Application
Scenario 1

Respondent appears at the hearing with Witness 7. Respondent would like Witness 7 to provide information testimony about text messages between them and Complainant that indicate that Complainant has made the allegations up.

• Can the HP hear from Witness 7 at the hearing?
Scenario 2A

Respondent provides a polygraph report to investigators wherein it is concluded that Respondent is not being deceptive when denying the allegations.

- The Investigator determines the report is irrelevant. Must the Investigator share the report with the decision maker?
Scenario 2B

Respondent provides a polygraph report to Investigators wherein it is concluded that Respondent is not being deceptive when denying the allegations. The polygrapher appears and answers all relevant questions on cross.

- **Must the Hearing Panel find Respondent not responsible because of the findings in the report?**
The Formal Complaint charges Respondent with sexual assault for engaging in sexual contact with Complainant when she was incapacitated by alcohol. Specifically, Complainant alleges that she was at a party with friends when they met Respondent. Complainant reported that prior to the party she pre-gamed with Witness 1 and they split a bottle of prosecco. Complainant stated that while at the party, Respondent and Witness 2 approached her and her friend, Witness 3, and asked if they would be their partners in a round of beer pong. Complainant reported that she paired up with Respondent and they played several rounds. She further alleged that that Respondent was the one who filled their cups. Complainant stated that she “got drunk fast” and her last memory was of Respondent handing her a celebratory shot because they had won the tournament. Her next memory was waking up on a couch in a bedroom that was unfamiliar to her, naked from the waist down. Respondent was on the floor next to her, asleep. He was under a blanket but was also naked.
Witness 1

Witness 1 was interviewed by the investigator and reported that she and Complainant are roommates, but they are not close. Witness 1 is an athlete and tends to hang out with her teammates. She stated that for this reason, they rarely hang out, but that the night of the alleged incident they did because they were planning on going to the same party. Witness 1 stated that they split a bottle of prosecco, but that Complainant drank most of it because Witness 1 had an early practice the next morning and didn’t want to get “too messed up.” Witness 1 said that they went to the party together, but then went their separate ways. Witness 1 stated that towards the end of the night, she saw Complainant and described her as “a disaster.” She also reported that Respondent was “practically carrying her” and she approached them and offered to take Complainant home. According to Witness 1, Complainant said she was fine, but her words were slurred, and she could barely stand. Witness 1 told Respondent to take care of her and he said, “I’m just going to put her to bed.” She didn’t see either party again that night.

At the hearing, Witness 1 gave testimony that was substantially the same as what she told the investigator.
Witness 2 told the investigators that he is Respondent’s best friend and teammate. Witness 2 stated that when looking for partners for the beer pong tournament, Respondent saw Complainant and Witness 3 and suggested that they approach them because Complainant “was hot” and Witness 3 “looked drunk enough to be a good time.” Witness 2 said that Complainant was fine and didn’t appear to be that drunk. He also stated that she made most of the winning shots after several rounds of the game so she couldn’t have been too messed up. When asked who was filling the cups, he said that he wasn’t sure who did it each round, but he definitely saw Complainant fill them on two occasions. After the tournament was over, he helped Witness 3 get home and so didn’t see Complainant and Respondent again that night. He also mentioned that he and Witness 3 are now dating.

At the hearing, Witness 2 testified that Complainant was fine. He also stated that Respondent never filled Complainant’s cup and that Complainant was all over Respondent the entire night.
Witness 3

Witness 3 was Complainant’s best friend at the time of the incident. They are no longer close and Witness 3 is now dating Witness 2.

Immediately following the alleged incident, Witness 3 told the investigators that Complainant was already drunk when she got to the party. She stated that Respondent and Witness 2 asked them to play beer pong and they agreed. She stated that the parties seemed to hit it off immediately. She stated that they won the tournament and so played at least five rounds and that by the end of the game Complainant was the “drunkest she had ever seen her.” Witness 3 stated that Complainant was slurring her words, couldn’t stand on her own, and was really loud, which is not like her. Witness 3 stated that she was pretty drunk too, but not as bad as Complainant. Witness 3 stated that she left the party with Witness 2.

At the hearing, Witness 3 stated that she may have exaggerated her description of Complainant when she spoke to the investigators. She told the decision makers that although Complainant drank a lot, she wasn't that out of it, because she had a high tolerance and drank a lot all the time.
