TITLE IX ACTION CLASSIFICATIONS DEFINED

All reports	This number represents all reports assessed by the Title IX office during this time. Reports are received through an online form, in person, by email, phone or other method.
Report assessed. No jurisdiction. Interim measures offered.	Jurisdiction provides the authority to investigate. Jurisdiction depends on a number of factual elements include the location of the alleged incident, affiliation of those involved, and any impact on campus. For example, if a non-student sexually assaulted a UA student off campus, UA would not have Title IX jurisdiction to investigate. Interim measures are made available to the complainant.
Report assessed. Possible policy violation, but not a Title IX policy violation. Referred to Student Conduct / HR. Interim measures offered.	Reports to the Title IX office may include a single comment of sexual nature. While inappropriate, this does not rise to the level of a Title IX violation. In these cases, interim measures are made available to the complainant and the issue is forwarded to the appropriate department for action.
Report assessed. Cannot proceed due to nonparticipation or insufficient evidence; case closed. Interim measures offered.	Often times a complainant in a sexual harassment or sexual assault case will not want the university to proceed with an investigation. In these situations, a Gatekeeper Analysis is done to assess whether the University must proceed despite the victim's wishes. Factors include involvement of a pattern of offenses, predation, force, or a minor. In other cases, investigation may not be possible due to insufficient evidence to proceed with an investigation. Interim measures are made available to the complainants in both types of cases.
MEETS REQUIREMENTS FOR FURTHER ACTION	This number is a subtotal and represents the Title IX reports that are within University of Alaska jurisdiction, are a Title IX allegation, and the complainant supports investigation or the Gatekeeper analysis requires investigation.
Informal resolution process. Interim measures offered.	If the complainant, the respondent, and the Title IX coordinator all agree that an informal resolution should be pursued, the Title IX coordinator will attempt to facilitate a resolution of the conflict that is agreeable to all parties. Interim measures are made available to the complainant and respondent as appropriate.
Investigation ongoing. Interim measures offered.	Investigation is underway but has not been completed at time of reporting. Interim measures are made available to the complainant and respondent.
Investigation complete: Respondent found not responsible. Interim measures and remedies offered.	The respondent was found responsible after a university Title IX investigator conducted an impartial investigation using the preponderance of the evidence standard, which requires a showing that it is more likely than not that conduct violating Title IX occurred. Interim measures are made available to the complainant and respondent.
Investigation complete: Respondent found responsible. Interim measures and remedies offered.	The respondent was found responsible after a university Title IX investigator conducted an impartial investigation using the preponderance of the evidence standard, which requires a showing that it is more likely than not that conduct violating Title IX occurred. Interim measures and remedies are made available to the complainant, and interim measures offered to the respondent.
