Providing Information to OIT about the Spinning Wheel

If the wheel is spinning, click anywhere on the screen. There are 3 ways to get to the browser console to give us information.

1. Keyboard Shortcut: CTRL-SHIFT-J or
2. Hit F12 or
3. Right Click Anywhere on the Screen select Properties from the menu.

Select Console from the top menu on the right side of the screen. The errors are listed in pink or red.

Capture a screenshot that includes the errors and forward it.
