From: Wei Guo, Controller

Re: Year-End Finance Closing Instructions

Please find FY24 year-end finance closing instructions at System Office Fund Accounting’s website https://www.alaska.edu/fund-accounting/. The payroll close memo will be published by HR separately.

Please note the following items:

- Finance closes on Friday, July 19 for FY24.

- Travel processed in Concur is not encumbered. Travel expenses post in Banner after the Concur expense report is approved by the campus travel auditor (Concur processor role). To ensure that travel which took place in FY24 is posted to FY24, the Concur expense report must be approved through the campus travel auditor by July 19, 2024. Travel is considered FY24 activity when the first day of travel is prior to July 1, 2024. Expense reports where the first day of the travel is after June 30, 2024 will be posted to FY25. All expense reports approved by the campus travel auditor after July 19, 2024 will post against FY25.

- Tuition Waiver reports are due to the Chief Financial Officer by September 6, 2024. Please refer to Regulation R05.10.080.

- All documentation must be submitted in electronic format. Any documents containing bank account numbers, and other sensitive information, such as student ID, etc., should be transferred using a secured method, such as encrypted document or redacted.

- Send backup documents for payments over $200,000 issued from July 1 to August 31 to Statewide Fund Accounting every Monday for payments made in the preceding week. See VII. All Funds, D. Accounts Payable.
• Construction work performed prior to June 30, yet billed after, should be recorded as accounts payable in FY24. See VII. All Funds, D. Accounts Payable.

• All deposits per bank should be recorded. See VII. All Funds, A. Reconciliations, 1. Depository.

• Guidance for capitalizable costs of buildings, infrastructure and other capitalizable assets is located at VII. All Funds, F. Capital Improvement Expenditures-Capitalized Costs.

• Clear unidentified deposit account 0777 by the close of finance on July 19.

Please note the following dates:

• FY24 cutoff for prior year (FY23) encumbrance (commitment type C) transactions is June 30 at 12 pm.
• FY24 cutoff for journal vouchers is July 19.
• FY24 deadline for entering/tagging fixed asset equipment is July 15.

Due dates included in this memo generally refer to when items are due to Statewide; Campuses may have different deadlines.

Please continue to review current year and prior year encumbrances to ensure active status and to avoid inadvertent lapse of funds. Also, examine the accounts payable open invoice reports and clear out any invalid items.

Thank you for your continued cooperation and assistance in helping close the university’s fiscal year.

I. Introduction

These fiscal year-end finance closing instructions are provided to facilitate the closing of the university's books as of June 30 and to facilitate completing the external audit by mid-October.

Compliance with these instructions and specific cut-off dates is mandatory. If for any reason, full compliance with a year-end finance closing instruction is not possible, it is critical that this be communicated directly to Wei Guo, Controller, prior to the due date.

The transmittal form at Section III A, page 4, should be used for transmittal of all year-end data excluding the management report and payroll activity. The transmittal form at Section III B, page 5, is used for submission of inventory instructions sent to System Office Internal Audit.

Please note that throughout these instructions due date refers to the date documents should be received in Statewide Fund Accounting, or other appropriate department, as indicated.

III. A. Year-end Transmittal Form: Please submit to Statewide Fund Accounting

ua-fund@alaska.edu

ALL SUBMISSIONS MUST BE ELECTRONIC TO MEET AUDITOR’S REQUIREMENTS
(If you need assistance on how to encrypt or redact sensitive information call 907-450-8073)

The following are due in Statewide Fund Accounting by August 2 (earlier submission is appreciated).

Mark X if Included                  Page No.
___ Depository reconciliations       7
___ Reconciliation of balance sheet accounts (Attach list of account numbers)  7
___ Reconciliation for revenue/expenditure account codes  8
___ Petty cash and change funds report, Procedures C-04, C-05  12-13
___ List of undelivered checks       13
___ Last check #s used - identify type – A/P or payroll hand pay  13
___ List of issued unrecorded checks  13
___ Reconciliation of allowance for doubtful accounts  13, 23
___ Inventory detail                 14-16
___ Analysis of accounts payable     16
___ Year-end encumbrance list        17-18
___ Auxiliary reconciliations        19
___ Aged listing on restricted fund receivables  19
___ Loan Fund receivables Specify account # ___________________________ 22
___ Loan Fund balance sheet account reconciliations (attach list of accounts)  22
___ Loan fund checking accounts      22
___ Loan fund, analysis of doubtful loans Specify account # ___________________________ 23

Date submitted _____________ Submitted by ______________________
Campus_____________________________ Phone # ______________________
IV. A. System Schedule

The Banner Finance application is real time and does not require the system to be totally shut down to do processing.

The system’s scheduled primary availability is from 7:30 AM to 8:00 PM, Monday through Friday. During these hours, there is end user and technical support.

The secondary availability is on Saturdays from 7:30 AM to 4:00 PM. This means if the system is up, the end users can use it, but there is no support staff if problems occur. Maintenance, upgrades, long processing jobs, etc. are also done on Saturdays with prior notice to users.

The system is NOT available on Sunday.

B. IMPORTANT ITEMS FOR June 30

- All cashier sessions must be closed and finalized on June 28 by 5 PM to ensure posting to FY24.

- Accounts Payable cut off is July 19. Activity after that date is FY25 activity.

- Units are not to do journal entries or any other types of transactions against FY24 after July 19. The system does prevent JV’s from being processed and scripts will be run to catch other items. Those items will be deleted or reversed for activity posted after that date.

- It is the campuses or units’ responsibility to run, print and distribute reports and information timely to meet the audit schedule.

- For year-end closing purpose, the month of June runs from June 1 to July 19. Proposed JVs should be forwarded to Statewide Fund Accounting for approval only if material.

V. Auditors’ Schedule

CliftonLarsonAllen, the university’s external auditors, will be performing the FY24 audit of the university. The university’s internal auditors will be assisting CliftonLarsonAllen in the areas of cash disbursement, payroll, journal entries, year-end cutoffs, cash, plant funds, tuition and fees. Your cooperation with all audit requests is appreciated. Interim audit fieldwork by CliftonLarsonAllen is scheduled from June 6 to June 10. Interim field work will be handled remotely.

All communication with the external auditors will be coordinated through Wei Guo, Statewide Fund Accounting. If certain dates identified above create an untenable situation for your staff, please contact Wei Guo so the best schedule can be arranged.

VI. Management Report Responses
A. Subsequent to April 2024
No formal management report response will be due for the month of June; however, units should be prepared to respond regarding their lapse or unrestricted fund balance status for FY24.

To assist in these responses and in the units’ internal projections, campuses have the ability to run the “S Reports” (FGR2SRP). These reports can be run by a unit at any point in time. It is the units’ responsibility to run, distribute and review these reports. Documentation on how to run the S Reports is available on the UA Financial Systems Website.

VII. All Funds
A. Reconciliations
1. Depository

All deposits per bank should be recorded. Depository reconciliations should not show any deposits that are unrecorded in the university accounting system at fiscal year-end. Reconciling deposits must be recorded on the university accounting system by journal voucher before July 19. The entry is:

```
    dr  Cash 0140-XDEP  x,xxx.xx
    cr  Unidentified Deposits 0777-XXXXXX  x,xxx.xx
```

The FY25 reversing journal voucher entry should be prepared at the same time.

The following must be sent to Statewide Fund Accounting by August 2:

- Copy of the FY24 journal voucher and backup.
- Copy of the FY25 reversing journal voucher entry.
- Each unit must provide an explanation listing the deposits and where the receivable, if any, is recorded. The following groupings should be used: sponsored programs, auxiliary, and unrestricted. All Foundation deposits must be identified within the sponsored programs, auxiliary, and unrestricted groupings.

2. Balance Sheet

Each unit will be responsible for reconciling all of the balance sheet accounts for all funds which are administered by their campus with the exception of the excluded balance sheet accounts identified in procedure G-03 in the Statewide Accounting Manual http://www.alaska.edu/controller/acct-admin-manual/acct-and-finance/G-03.pdf. Reconciliations of all balance sheet accounts through July 19, FY24 are due in Statewide Fund Accounting August 2.

Any reconciling items between the detail list and the FGRGLTA must be clearly identified with supporting documentation attached. In general, follow the guidance of procedure G-03 plus the instructions given in sections VIII through X of this document.

3. Revenue/Expenditure
Due in Statewide Fund Accounting by August 2.

Four groups of required schedules are described below. These schedules assist in the preparation of the revenue and expenditure portion of the financial statements.

The total of each revenue/expenditure account code should agree to either the campus or unit total on the Banner Finance “M” series reports (FGR2MRP), as of July 19 for FY24.

Schedule 1

a. Fund 1XXXXX, account code 9805 miscellaneous income
b. Fund 1XXXXX, account code 9860 miscellaneous sales and rental revenue

This schedule should have the following columnar headings:

<table>
<thead>
<tr>
<th>Org No</th>
<th>Org Title</th>
<th>Amount</th>
<th>Nature of Revenue</th>
</tr>
</thead>
</table>

The organization (org) number referred to is the lowest level org code. Please provide a description of the nature of the revenue for each org code. 'Other' or 'miscellaneous' is sufficient explanation of the nature of revenue when the dollar amount is less than $5,000. Additional information may be requested if necessary.

Schedule 2

a. All unrestricted funds, account code 9410 thru 9475

The purpose of this schedule is to review account codes 9410 thru 9475 in the unrestricted funds to determine if any amounts should be recorded as gift revenue, i.e. recorded in 9478, 9480 or 9485. Please list only the amounts that should be shown as gifts. For additional guidance please email ua-fund@alaska.edu.

<table>
<thead>
<tr>
<th>Fund No</th>
<th>Org No</th>
<th>Amount</th>
<th>Comments</th>
</tr>
</thead>
</table>

Schedule 3

a. All funds except 6XXXXX, account code 8341 interest expenditures
b. All funds except 6XXXXX, account code 8342 retirement of indebtedness

These account codes are used exclusively with fund 6XXXXX for debt service and no entries belong in these account codes in other funds. If any items remain uncorrected after July 19, identify these items so that proper consideration can be made in the financial statement preparation. These schedules, if any, have the following columnar headings:
<table>
<thead>
<tr>
<th>Org No</th>
<th>Reference</th>
<th>Amount</th>
<th>Description</th>
<th>Correction</th>
<th>Required</th>
</tr>
</thead>
</table>

### Schedule 4

- **a.** Fund 19XXXX, account codes 91XX, 96XX and 98XX
- **b.** Fund 10XXXX, account codes 97XX
- **c.** Fund 2XXXXX, account codes 97XX and 99XX
- **d.** Fund 4XXXXX, account codes 91XX, 96XX and 97XX
- **e.** Fund 5XXXXX, account codes 91XX and 99XX

There should be no entries in these account codes. This schedule (if necessary) should have the following columnar headings:

<table>
<thead>
<tr>
<th>Org No</th>
<th>Org Title</th>
<th>Amount</th>
<th>Nature of Item</th>
<th>Correction</th>
<th>Required</th>
</tr>
</thead>
</table>

### B. Payroll

The Payroll/HR Processing Fiscal Year 2024 close memo from the Statewide Office of Human Resources is separately published on HR website. Please check the Payroll/HR website for the most recent copy.

#### Journal Vouchers

It is imperative that the HR system, which maintains the payroll detail, and the Finance system, which posts summary level payroll charges, stay in balance. Therefore, it is essential that labor reallocations be processed through the payroll system in the current fiscal year. Journal vouchers cannot be used for payroll transactions, with the following exceptions:

- Prior fiscal year labor reallocations for transfers only between restricted funds are authorized for journal voucher processing using finance rule code JPAY.
- Prior fiscal year labor reallocations for transfers between unrestricted funds, or transfers between unrestricted and restricted funds must use finance rule code JSPC. These journal vouchers must be sent to SWOHR for approval and processing at SW Finance.

#### Staff Benefit Rates

New staff benefit rates will be implemented for the R15 payroll based on the prior years' experience and the future years' projection. The chief financial officers of the major administrative units will be notified of the rates.

### C. Journal Voucher Entry

All units have the ability to enter journal vouchers for FY24 until 5 PM on July 19. It is the unit’s responsibility to complete each journal voucher. Proposed journal vouchers affecting FY24 after July 19 will be entered only if material. Proposed
Journal Vouchers with supporting documents must be sent to Statewide Fund Accounting for approval and process.

D. Accounts Payable

Due for payment in regional offices by July 19, original billings should be submitted through regular procedures.

Billings for services performed on or before June 30 must be approved for payment and processed through regular channels by July 19 to be recorded in FY24. It may be necessary to make advance arrangements with the vendors to ensure timely billings. It is preferred that the billings be through June 30, although it is possible to prorate bills that straddle both fiscal years.

In the situation where no billing has been received from the vendor, but the cost of goods and/or services provided prior to June 30 is estimated to be greater than $200,000, an estimated accounts payable should be forwarded to Statewide Fund Accounting. Such estimates shall be summarized as shown below:

1. Name of Vendor
2. Org, Acct, Fund
3. PO#
4. Estimated Payable

Documentation for Unrecorded Liabilities:

Payments issued from July 1 through August 31 for $200,000 and greater, from funds 1, 2, 3 and 5, will require backup documentation, showing dates of service, to be sent to Statewide Fund Accounting every Monday for payments made in the preceding week.

E. Fixed Asset Equipment

All capitalized equipment (items costing $5,000 or more) that was received, or the university had title to, in FY24 must be tagged and entered in the fixed asset module by July 15.

F. Capital Improvement Expenditures—Capitalized Costs

1. Fund 5xxxxx, Unrestricted and Restricted Fund Schedules

   Fund 5xxxxx Schedules

   On June 12, Statewide Fund Accounting will forward fund 5xxxxx capital improvement schedules including expenditure data to each campus’ design and construction offices. Response schedules are due in Statewide Fund Accounting July 7.

   Unrestricted and Restricted Fund Schedules

   On July 16, Statewide Fund Accounting will forward unrestricted and restricted capital improvement schedules including expenditure data to each campus’ design
and construction offices. Response schedules are due in Statewide Fund Accounting July 30.

Instructions for Fund 5xxxx, Unrestricted and Restricted Fund Schedules

For the following fund groups, 5xxxx, unrestricted and restricted, identify major upgrades of buildings or grounds. The schedule should be organized by capital project. For each capital project, the following information should be listed:

- Fund-org-program code
- Percent complete at June 30
- Building reference, if applicable
- Short description about nature of work, e.g. renovate classroom or replace water line
- If project is funded from more than one fund or org, report expenses at lowest level
- Group expenses by major account code class, e.g. Salaries, Contractual services…..Other.
- Indicate whether this project should be capitalized or expended with explanations.

Major upgrade of buildings or grounds are total planned expenditures in excess of $100,000 regardless of year in which paid, where the expenditure is for new construction or for renovation which extends the useful life of the structure fifteen or more years.

2. Componentized Schedules

On June 12, Statewide Fund Accounting will forward schedules for buildings being componentized to UAF, UAA and UAS design and construction offices. Response schedules are due in Statewide Fund Accounting July 9.

For detailed instruction on componentization of assets, please refer to Accounting and Administration Manual found on the Controller’s website or follow this link: http://www.alaska.edu/controller/acct-admin-manual/acct-and-finance/A-27.pdf

VIII. Unrestricted Funds

All June 30 reconciliations for unrestricted funds are due in Statewide Fund Accounting on August 2. Detailed instructions follow for selected balance sheet accounts. For direction in reconciling the remaining balance sheet accounts please refer to procedure G-03 of the Accounting and Administrative Manual found on the Controller’s webpage or follow this link: http://www.alaska.edu/controller/acct-admin-manual/acct-and-finance/G-03.pdf

A. Cash

1. Depositories

- Cash on hand which is not recorded through the cash receipts system as of June 30 will need to be recorded as FY24 activity. Amounts in excess of $10,000 must be recorded by journal voucher to FY24 prior to July 19 with a reversing entry in FY25. The entry is:
Prepare a reversing cycle 01 entry (credits and debits are reversed) and key entries on the same day.

- Campuses where cash is received and deposits are sent directly to the bank by departments other than the business office will need to coordinate the recording of such department collections. The department will need to forward the deposit slips to the campus business office no later than the day after the deposit. All cashier sessions must be closed and finalized on June 30 by 6 PM.

- If month end is not your usual bank statement end date, please email ua-fund@alaska.edu so special arrangements can be made for a bank statement with a June 30th cut-off.

a. Reconciliations
   Send June reconciliations of depository accounts to ua-fund@alaska.edu by August 2.
   - Depository reconciliations should not have any deposits per bank that are unrecorded in the university accounting system at fiscal year-end. Refer to VII. All Funds, A. Reconciliations, 1. Depository on page 7 of year-end instructions for further guidance.
   - All reconciling items must clearly show the specific dates and accounts as they appeared on either FGRGLTA or the bank statement.

b. Backup for Reconciliations
   - The reconciliations must include a copy of the bank statement as of June 30.
   - Copies of deposit slips for all deposits recorded in Banner Finance but not recorded by the bank as of June 30.
   - Copy of FGRGLTA report.
   - Documentation for all reconciling items with copies of journal vouchers correcting open items.

2. Disbursements/payables and payroll check information
   a. Last check issued
      Provide to Statewide Fund Accounting, by August 2, the last check number issued on or before June 30, for FY24. This includes a number for machine
checks, hand-pay checks and payroll hand-pay checks recorded or unrecorded.

b. Undelivered checks
All business offices/units must list any un-mailed and/or undelivered signed checks on hand at the close of business on June 30. This listing includes payroll hand-pay checks, payroll machine checks, accounts payable machine checks and accounts payable hand-pay checks. The list must include:
- check number
- check date
- payee
- amount
- reason why business office still has the check

Email this list to ua-fund@alaska.edu by August 2. If no checks are on hand at June 30, please send an email stating that you have none.

c. Void checks
As is the routine process, please send all original void checks to Statewide Cash Management, Butrovich Building by August 2. Ensure that no FY24 checks are held at the unit.

B. Receivables
1. Accounts receivable
Accounts receivable reconciliations should include aged listings of the receivables.

2. Allowance for doubtful accounts
Reconciliations for the allowance for doubtful accounts should include a summary of the methodology used and backup to support the calculations. Judgment is to be used in the selection of the methodology. One suggestion is to use specific identification for grants and contracts and a percentage method for student receivables. An example of the aging method is given below.

<table>
<thead>
<tr>
<th>Accounts Receivable Aging</th>
<th>Applicable % (see NOTE)</th>
<th>Allowance for Doubtful Accounts</th>

</tbody>
</table>

Using this example the allowance for doubtful accounts would be $131,000.

NOTE: The percentages to be used are your best estimate, the percentages vary with location and economic conditions. The allowance should show a correlation to the annual amount of receivables that are uncollectible. When the balance has been determined, review how close the estimate is to the existing balance in the
account and prepare an adjustment if the variable is in excess of $2,000. If you do have to adjust the account, it is preferred that you make the adjustment so that the allowance for doubtful accounts is rounded to the nearest thousand. Additional guidance may be obtained from Statewide Fund Accounting. This adjustment is to be entered in FY24 by July 19.

C. Travel

Travel processed in Concur is not encumbered. Travel expenses post in Banner after the Concur expense report is approved by the campus travel auditor (Concur processor role). To ensure that travel which took place in FY24 is posted to FY24, the Concur expense report must be approved through the campus travel auditor by July 19, 2024. Travel is considered FY24 activity when the first day of travel is prior to July 1, 2024. Expense reports where the first day of the travel is after June 30, 2024 will be posted to FY25. All expense reports approved by the campus travel auditor after July 19, 2024 will post against FY25.

D. Inventory

Inventory includes items held for resale such as books, calculators, supplies and consumable items held for department use such as office supplies. Examples are: Geophysical Institute electronic shop, IMS glassware, utilities supplies and warehouse inventories. Inventory as described here does not include property inventory (equipment, etc.).

This section includes inventory instructions for auxiliaries, service centers, and departmental supplies and consumables. Also included are instructions for auxiliary accounts other than inventory. Inventories are to be conducted for all bookstores and conducted for all centers with consumable or resale inventories that are to be recorded as assets. Inventories in excess of $50,000 must be recorded as assets.

1. All inventory items held for resale should be counted as of the close of business, June 30. If the physical count is prior to June 30, provision must be made to account for changes in the inventory from the date the inventory is taken until June 30. By May 19, notify Statewide Auditing and Consulting Services (see page 5 for contact information) of the dates and locations that physical inventory counts have been scheduled.

2. Prepare written instructions of the inventory count plan. These instructions should include identification of individuals responsible for the count, date of count, locations to be counted, and procedure for counting (counting is to be done in pairs, use of pre-numbered count sheets, other applicable forms, etc.). Send a copy of these instructions to Statewide Auditing and Consulting Services by May 29.

3. Identify either as a part of the inventory instructions or separately, the costing method to be used. Unit cost must be based on the latest invoice price plus average unit freight. Large units may calculate cost based on the retail method.
Identification of the costing method should include a brief summary of what the source of cost information is, i.e. how percentages are calculated for retail method, source of costs, determination of freight costs, etc.

4. All inventory sheets should be pre-numbered and clearly identify the unit and date of inventory. The heading must also identify the specific location, individuals counting those items and date of their count. Columns should be established for description of the counted item, counted quantity, unit cost and extended total cost.

5. Separate listings should be maintained for un-saleable books and other retail items. This will include books and other items which probably will not be saleable during the 2024-2025 academic year, and which cannot be returned for credit. This listing should include information similar to that on the inventory sheets. These items will also be a part of the inventory sheets referenced in item 4.

6. After inventory is completed and costed, the inventory reconciliation is to be completed. A sample format follows:

<table>
<thead>
<tr>
<th>Unit &amp; Operation</th>
<th>Inventory Reconciliation</th>
<th>June 30, 2024</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total cost per inventory detail listing</td>
<td>$</td>
<td></td>
</tr>
<tr>
<td>Less un-saleable items counted in the above (per worksheet)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Other adjustments (explain in detail)</td>
<td>_____</td>
<td></td>
</tr>
<tr>
<td>Adjusted physical inventory</td>
<td>$_____</td>
<td></td>
</tr>
<tr>
<td>Balance in FGRGLTA, 04XX-1XXXXX, at June close</td>
<td>$</td>
<td></td>
</tr>
<tr>
<td>Inventory adjustment, JV # ________</td>
<td>(attach copy of JV)</td>
<td></td>
</tr>
<tr>
<td>Adjusted balance (must equal adjusted physical inventory)</td>
<td>$______</td>
<td></td>
</tr>
</tbody>
</table>

7. Make necessary year-end adjustments to the inventory accounts. These journal vouchers are to be entered by the units by June 30. Attach a copy of the JV to the inventory reconciliation.

8. Email the completed inventory to ua-fund@alaska.edu no later than August 2. Include inventory reconciliation and a copy of written instructions used when inventory was conducted and a copy of the JV used to record the appropriate adjustments.

E. Accounts Payable
Accounts payable are unpaid obligations at June 30 for goods received and/or services performed on or prior to June 30, including all utilities (phones and fuel) even though the statement or invoice for such services may be dated July 1, or subsequent. Summarize payables relating to all funds for inclusion in the year-end closing. Review the Open Payable Report as of the close of June (July 19) and provide to Statewide Fund Accounting a reconciliation of the payables. If payables are correct as listed on the Open Payable Report, submit a statement saying the review has been completed and the report is correct. This is due in Statewide Fund Accounting by August 2.

See Appendix A for information on canceled checks.

Adjustments can be made to encumbrances and accounts payable for all funds from July 1 through July 19 for FY24.

**After July 19, do not use June 30 as a transaction date.**

F. **Encumbrances**

1. **Overview:**

   The state permits the university to carry-forward funding to the next fiscal year to cover the cost of its encumbrances (outstanding commitments). An encumbrance is defined as the legal commitment of funds for the purchase of goods and/or services which were ordered prior to June 30, but which had not been actually received at June 30. Different state rules apply for Requests for Proposals (RFP) and Information for Bids (IFB).

   The FY24 operating budget will be increased for encumbrances. It is important that the university is in compliance with stated rules and regulations and provides proof in the audit trail that it has done so. For this reason FY24 purchase orders (not included as legitimate exceptions) are not to be issued after June 30, 2024 or backdated. The audit trail for the exceptions is outlined below.

2. **Important review steps to reduce lapse and for correct reporting.**

   a. Delete all invalid encumbrances after a thorough review process of the open encumbrance reports. Invalid encumbrances are unusable and become an automatic lapse in the subsequent year; therefore, it is advisable to free these encumbrances up for re-use.

   This procedure should be performed throughout the year, but at the minimum ensure that it is followed in May, June, and July.

   b. Review prior year encumbrances (commit type “C”) and take necessary steps to ensure delivery of goods and services. Unused encumbrances from FY23 will lapse **June 30**. The final date to close commit type “C” encumbrances is **June 30** by 12 noon.
Amounts owed by one segment of the university to another or one fund group (restricted or unrestricted, etc.) to another fund group are not legitimate payables nor encumbrances and should not be on the Open Encumbrance report. See the Statewide Accounting Manual procedure A-17: https://www.alaska.edu/controller/acct-admin-manual/acct-and-finance/A-17.pdf. If you need additional guidance email ua-fund@alaska.edu.

3. Encumbrance Roll

The encumbrance roll process will occur on July 20 to allow the best possible closure of both the purchasing and accounts payable areas.

Before the process starts, all **FY24 requisitions** that were not converted to purchase orders will be deleted, regardless of which funds are being used. These requisitions will have to be manually re-entered by the departments if they need to have purchase orders created. All incomplete documents must be removed from the system.

All encumbrances (manual and purchase orders) will be rolled into the new fiscal year. Encumbrances against unrestricted funds will be rolled with a commit flag of “C” and are subject to lapse. All other funds will be rolled with a commit flag of ’U’ and are not subject to lapse.

4. Year-end Reporting

a. Review the Year-end Encumbrance report as of July 19 to determine its accuracy prior to submission to Statewide Fund Accounting. All outstanding encumbrances will be on this listing. Should there be major errors, report these promptly to the Financial Systems Office.

b. Email to **ua-fund@alaska.edu** the Year-end Encumbrance report. This report is to be marked with the codes listed below by August 2.

Prepare the Year-end Encumbrance report as follows. Add a column to the right of the report. This column 'Reason for Carry-forward' is to justify why those orders can be funded from the FY24 appropriation. This column must be done manually on the Year-end Encumbrance report. The following notations must be applied. Variations from the following codes delay our processes and will be returned to the sender.

'A' Goods or services not received by June 30.

'B' Purchase order issued for items manufactured to specifications fulfilling bid or quote requirements with a delivery date subsequent to June 30.

'C' Long lead-time required on order, goods will be received after June 30. (This is appropriate in remote areas that may have outstanding barge orders.)
'D' Invoice from vendor not received in a timely manner. Goods have been received prior to June 30. (These items should be recorded as accounts payable items and removed from this list; however, they may appear on this list provided they do not appear on both lists.)

'E' IFB authorized and received by procurement by June 1, issued in July.

'F' RFP authorized and released by June 6, issued in July.

'X' Requires correction per attached explanation. Any X coding explanation must be presented in sufficient detail with copies of supporting documentation. Each unit should make the corrections in the current (FY24) year.

A certain number of "X" items are unavoidable, but a thorough review and cleanup as described in step 2a should eliminate many X items.

5. Ensure that all accounts payable and encumbered items (obligations) are reported.

All obligations at June 30 must appear on either the accounts payable listing or the open encumbrance listing. No item should be on both listings.

G. Establishment of Unrestricted Budget

Temporary budget for FY25 was entered in May and will be available until June 30. Units should have prepared and input continuation budgets according to schedules prepared by Statewide Budget.

H. Auxiliary Funds

This section provides instructions for reconciliation of Auxiliary Fund accounts other than inventory. Instructions for all inventories including auxiliaries are in the section VIII D.

For all accounts, copies of the adjusting entries, reconciliation, and detail listing must be submitted to Statewide Fund Accounting by August 2.

1. Receivables - complete a list of amounts due the university as of June 30 for books and other items sold but for which payment has not been received. This detail listing is to include customer name, invoice amount, and revenue account to be credited. Any of these receivables which are unrecorded are to be entered by the local unit with a journal voucher in FY24 by July 19, and reversed in FY25. The account to be debited will be 0264-19XXXX.

2. Accounts Payable - are not recorded by journal voucher. Accounts payable for goods received by June 30 should be recorded into the correct accounts payable form (FAAINVE) using a transaction date of June 30. Any date can be used for the invoice date.
3. **Credit memos** - are not recorded by journal voucher. Credit memos relating to goods received by June 30 should be recorded into accounts payable form (FAAINVE) using a transaction date of June 30. Any date can be used for the credit memo invoice.

4. **Deferred Revenue** - housing system receipts collected in advance for July 2024 or later should be recorded as deferred revenue as of June 30, 2024. Complete a listing of the amounts received prior to June 30 for future periods. The listing should include the payer’s name, unit rented, months paid in advance and amount received. The total deferred rent should be recorded to account 0760 - 19XXXX.

**IX. Restricted Funds**

**A. Receivables**

1. Aged listing of manually booked receivables is due in Statewide Fund Accounting on August 2.

   The aged listing of all manually booked receivables should include identifying fund number, amounts and aging as per outstanding billings.

2. Reconciliation of allowance for doubtful accounts is due in Statewide Fund Accounting on August 2.

   A reconciliation of any allowances for doubtful accounts is required and must include a summary of methodology used and backup to support the calculation. The specific identification method is recommended for restricted fund receivables. See also guidance given for unrestricted fund allowance for doubtful accounts in section VIII B 2.

**B. Analysis of Debit Fund Balances**

The time period for applying adjustments to restricted funds for purposes of recording manual overhead, corrections, or administrative expenditures of federal financial aid programs ends July 19. Any unit not able to enter all adjustments should contact Statewide Fund Accounting for assistance before completing the analysis of debit fund balances.

1. Analysis of debit fund balances and journal entries to record related receivables and revenues should be completed and entered by unit prior to July 19.

   To aid in this analysis, prepare a schedule using the June fund-balance report, showing the following headings. The analysis is for all funds with negative ending fund balances only.

<table>
<thead>
<tr>
<th>Fund No</th>
<th>Title</th>
<th>Ending Balance XXX(1)</th>
<th>Billed (2)</th>
<th>Unbilled (3)</th>
<th>Unbillable (4)</th>
<th>Comments</th>
</tr>
</thead>
</table>
(1) Use the June balances (negative balances) as of July 19, or an earlier date when you know all restricted fund entries have been posted.

(2) Amount billed as of June 30, does not include billings prepared after June 30. Add comments for any amounts over 90 days old.

(3) These are costs that are unbilled at June 30, but are billable under the terms of the contract. Add comments as to when costs will be billed. Note: Costs billed during July should be recorded as FY24 activity. These items will be considered as unbilled as of June 30 and should be included in this column.

(4) Costs that are un-billable generally come from either over-expenditures or disallowed expenditures. Add comments if there is a balance in this column. Indicate if provision for this uncollectible amount is already included in Funds 1, 2 or 3.

The sum of columns 2, 3, & 4 must equal column 1.

2. Journal vouchers to record receivables for each fund with a negative fund balance should be input by July 19. Prepare the entry using the analysis performed in step B 1.

DEBIT: 0264-2XXXXX, miscellaneous accounts receivable, for the amount in the billed column of your worksheet.

DEBIT: 0303-2XXXXX, unbilled contracts receivable (manual), for the amount in the unbilled column on your worksheet.

DEBIT: 0292-2XXXXX, allowance for doubtful accounts, for the amount in the unbillable column on your worksheet.

CREDIT: ORG-9XXX-2XXXXX, various revenue accounts, for the combined sum of the debits.

This entry should be made for each fund with a debit fund balance and prepare a reversing entry for FY25. For the reversing entry:

DEBIT: ORG-9XXX-2XXXXX
CREDIT 0292-2XXXXX
CREDIT 0264-2XXXXX
CREDIT 0303-2XXXXX

After preparing the accrual cycle entry, review the balance in the combined 0292 allowance for doubtful accounts to ensure that the balance is still adequate. See section VIII B for guidance on allowance for doubtful accounts.

If your provision for doubtful restricted accounts is combined with your unrestricted fund provision, be sure there is sufficient allowance to cover the debit entries to 0292 above. Ascertain that you have not caused your allowance account(s) to have a negative (debit) balance(s).

C. Budget Roll
The budget roll process occurs once on July 20. This rolls available balances into FY25.

D. Closing Restricted Funds

In order for a restricted fund to be closed, the following items must be done prior to June 30.

1. Review the fund as reported on the FGRGLTA.
   a. All asset and liability accounts must be zero "0" (including Interfund - 0521).
   b. The fund balance, revenue, expenditure and transfer control totals must net to zero "0".
   c. Budgeted revenue and expenditure must equal each other.

2. Ensure the fund termination date is set to June 30 or prior. Using a July transaction date will not close it in FY24.

X. Student Loan Funds

All reconciliations for loan fund accounts are due in Statewide Fund Accounting on August 2. In addition, a reconciliation of all checking accounts as of June close is due on August 2. Detail instructions follow for cash, receivables and the allowance account; however, reconciliations are required for all balance sheet accounts.

A. Cash Accounts

Units that have separate bank accounts for their student loan programs must forward a copy of the reconciliation of these accounts for June 30 monthly reports to Statewide Fund Accounting by August 2. Format for the reconciliations should be the standard 4 - column cash reconciliation. Any corrections required should be recorded at the unit level by July 19 via journal voucher. Copies of the bank statement, deposit in transit slips and any journal vouchers made as corrections must be attached to the reconciliations.

A reconciliation as of June close (July 19) is due in Statewide Fund Accounting August 2. This reconciliation should also include copies of the bank statement and support for reconciling items.

B. Receivables

1. Receivables in Banner Finance:
   No reconciliation due in Statewide Fund Accounting, units should review accounts for accuracy.

2. Receivables not in Banner Finance:
   Provide to Statewide Fund Accounting by August 2, an aged detail listing of student loan receivables outstanding as of June 30. Categories for aged listing should be:
   Under 30 days past due
31 - 60 days past due
61 - 90 days past due
91 - 120 days past due
Over 120 days past due

If the receivables report does not agree, a reconciliation to the FGRGLTA as described in item 3 below is required.

3. Reconciliation of detail to FGRGLTA

Prepare a reconciliation showing items which appear on the detail list but do not appear on FGRGLTA, and which items appear on FGRGLTA but do not appear on the detail list. Sample formats are presented in Appendix B.

Explanation of reconciling items should be detailed. The unit is to enter any adjusting entries that are required by July 19.

C. Allowance for Uncollectible Loans

Loans should be reviewed routinely during the year and those determined by the business manager to be uncollectible should be written off to the allowance for doubtful loans account. After this write off has been performed, the remaining outstanding loans should be reviewed to determine any potential loan losses. Nursing loans, as a rule, will be reserved rather than written off. The loans that are considered by the business manager to be potential loan losses should be identified and summarized. A copy of this analysis is due in Statewide Fund Accounting by August 2. Alternatively, any other method of determining the amount that should be reserved for possible loan loss must be forwarded for review. Questions on possible methodology can be discussed with Statewide Fund Accounting. Final entries adjusting loan funds must be made by the unit by July 19 so that reports run for June close reflect the FINAL status of loan funds at June 30.
There is no special function or accesses needed to perform current fiscal year and prior fiscal year processing. Anyone who can enter a transaction type in the current fiscal year can enter that transaction type in the prior fiscal year. The key to processing in the proper fiscal year is the transaction date. This is true if you are doing a requisition, manual encumbrance, purchase order, invoice, canceled check, journal voucher, or budget entry. There is no fund type restriction on processing prior fiscal year activity.

Year-end closing is done by three major processes: the general ledger roll, encumbrance roll and budget roll.

**General Ledger Roll**

Until 5:00 PM on July 19, end users can work in both fiscal years. As stated before, the key to recording items in the correct year is the *transaction date*. The transaction date will default to the current date for every transaction. The user must clear the field and enter June 30, 2024 when they are trying to affect FY24.

On July 20 the general ledger roll will be performed. This job sets up the application to handle the old fiscal year as the accrual cycle and places beginning balances into the new fiscal year. Once this job is processed the system will update the ledgers appropriately.

If, for example, there is a charge for FY24, the system will record the charge in FY24 and automatically update the fund balance for FY24.

If the charge is for FY25, the system will only update FY25.

The temporary unrestricted budgets that were established in May will be reversed on June 30. If budget is not entered by then, users will get the NSF message on the items they are trying to process.

Follow your campus deadlines for requisitioning. It is critical to abide by them in order to allow the procurement offices time to change the requisition into a purchase order. All FY24 requisitions must be deleted before the encumbrance roll process. **This must be done by the users or the campus representatives before July 19.** If any requisition that was deleted needs a purchase order, that requisition will need to be reentered by the department.

Invoicing can be done against FY24 by using a transaction date of June 30. This should be done for all items received on FY24 purchase orders, prior to the encumbrance roll. Invoicing can also be done against FY25 by using a transaction date in July. This should be done for all items received on FY25 purchase orders.

Checks that are printed in July will be reflected in FY25, with a debit to accounts payable control and a credit to the bank account. Checks issued prior to July 1 can be cancelled (voided) against FY24 by using the check cancel date of June 30.
If an FY24 check is to be canceled and not reissued, go to the cancel check form (FAACHKS) for processing. Enter cancel date as June 30, cancel check as Y and re-establish payable as N. This can be done until July 19.

If an FY24 check is to be canceled and a reissue will be done, go to the cancel check form (FAACHKS) for processing. Enter cancel date as June 30, cancel check as Y and reestablish payable as Y. This can be done until July 19.

**Encumbrance Roll**

Closing of purchase orders and manual encumbrances for FY24 should be done in the normal fashion, but using the June date.

On July 20 the encumbrance roll process will be done. **Prior to this process all FY24 requisitions that have not been converted to purchase orders will be deleted.** It will also roll encumbrances (both manual and purchase orders) into the new fiscal year. Depending on the fund type, the system will either set the record with a commit type of ‘C’ (committed) and tracked for lapse purposes or ‘U’ (uncommitted) and not tracked for lapse purposes.

Once the encumbrance roll is done, **no encumbrances can be entered against the old fiscal year.**

**Units are not to do entries against FY24 after 5:00 PM on July 19.**

**Budget Roll**

On July 20 the budget roll process will be done. This will roll the available balances for the appropriate funds. This will roll both revenue and expense budgets. If any transactions are manually entered to these funds in the accrual cycle after the budget roll, manual budget adjustments to FY24 will have to be performed. After this process is completed no activity against funds that are project related can be done in FY24.
APPENDIX B

STUDENT LOAN RECEIVABLES RECONCILIATION FORMAT

STUDENT LOAN RECEIVABLES
RECONCILIATION
June 30, 2024

June 30, 2024 – June close (July 19) (Report FGRGLTA)
Reconciling items:

1. Loan receivables (disbursements)
   Not booked but appear on detail listing  X

2. FY24 loan payment received after June 30, 2024
   cash receipts cutoff date  X

3. Other (provide detail and explanation)  (X)

June 30, 2024 adjusted balance  X  (1)

(I) Should agree with the manual detail listing of student loans receivable as of June 30, 2024
and the accrual cycle FGRGLTA.

NOTE: Any required adjustments to balances (from 1, 2, or 3) must be made by journal voucher
prior to July 19, 2024.
