Re: Faculty Alliance response to annual reviews and salary surveys

---

Thank you for your response to our request for information about the informal review process for Chancellors.

In the interest of more robust shared governance and communication, University of Alaska excellence, and public accountability Faculty Alliance invites you to co-develop a formative assessment of executive administrators at the University of Alaska. Faculty at UAA and UAF are currently evaluating their processes so this is an opportune moment. We propose the AAUP report "[Faculty Evaluation of Administrators](#)" as a starting point for discussion. We propose that the Alliance meet with the President in September 2023.

We remain steadfast in our commitment to excellence, to the sustainable stewardship of State and University resources, and to the best interests of the University and its students.

Sincerely,

Jennifer Ward
