Agenda:
1. Call to Order and Roll Call
   a. Review and Adopt Agenda
      Austin moves to approve. Monique seconds.
   b. Approve March 9 2023 Minutes
      Monique moves to approve. Genevieve seconds.

2. Public Comment
   There are no public comments at this time.

3. HR Updates - Bryan Hoppough
   a. Open Enrollment April 17th - May 5th
      Every single benefitted employee needs to fill out a form. The plans are
      unbundled for convenience of adding dental and vision if needed. TouchCare will
      be hosting multiple live trainings to go over UA benefits. This is a great
      opportunity to become familiar with the plans. Employees are encouraged to go
      over the whole website and review the new information in its entirety before
      signing up for medical, dental and vision coverage. Life Insurance will increase
      from $50,000 to $100,000, although $50,000 will be taxable because of the rates
      the IRS charges UA. There will be pet insurance offered.
Any Staff members who have over 240 hours in annual leave will need to cash in up to 40 hours per fiscal year. Employees need to leave 40 hours in their annual leave bank. Employees will not accrue additional sick leave or annual leave on the cash in hours. All regular and term funded employees in a non union are eligible to cash in. The 40 hours will not apply to retirement either. Performance evaluations are due June 30th. Supervisors are encouraged to use the My UA online form. There is a Supervisors Lunch and Learn program. Paul Layer is looking forward to the many Staff Development activities planned. The budget in the legislative session is looking good. There is a Board of Regents meeting at the end of May. There is a new executive assistant, Sharon Dayton, who takes Kelly James’ place in assisting Michelle Rizk and Paul Layer. **Ben Shier:** We moved the banner system to the cloud system. We haven’t been able to apply new capabilities and functionality to the system for the last several months because of that project. The next step is modernization of the student information system. Bill Anchor was hired as an IT project manager to help with the project. We want a vendor that will have a strong partnership for the next 20 years. We want better security of the student information system. We want a modern student information experience. There will be some tech work taking place in May in the Butrovich building. The power will be cut on two weekends in May.

b. Touchcare Live Open Enrollment Webinars
i. Tuesdays at 1:00p or Fridays at 9:00a

c. Staff Annual Leave Forfeiture Reminder
d. Performance Evaluation Training May 9th

4. New Business
a. New Executive Assistant to the VPUR and VPASR Sharon Dayton
b. Staff Make Students Count
i. Nominations due April 28th
ii. Need volunteers for review committee
c. Wind-down of COVID policies and activities
   There was a joint resolution to end the emergency declaration. The Federal Health Emergency still continues until May 11th. The Federal funds that have been used for Covid related expenses will expire. There won’t be a huge impact but some of the funds went for purchasing test kits and masks will not be available. The Health Plan will continue to cover vaccinations. Messaging will go out at the end of April. We are still contractually obligated to have a vaccination requirement for the Fairbanks campus.
d. Prepping for FY24: SOSC Elections and June Retreat
   We are in the middle of the nomination period for Staff Council elections. Please nominate anyone or yourself. There are 9 nominations so far. We need to start planning the June retreat. Last year the retreat was June 16th. Usually we invite System Office Executives to talk about big events happening in the next year. Scott will be in Alaska at the beginning of June and could possibly attend in
person. Genevieve will be gone June 20th. Lauren is not planning on running for President again. After three years, it is time for someone to take the lead.

5. Ongoing Business
   a. Web accessibility VRA
      Encouraging everyone to audit their own sites. There will be a few universal changes that each web page will have an accessibility check before publishing. There will be regular accessibility articles to the UA news. The idea is to continue ongoing training and awareness.
   b. System Office Intranet - BOB site
      There will be a page set up for onboarding new employees. There will be an update of the overview video. There have been a lot of changes in leadership. We are planning to develop a page for Development Days. Ideally, it would be nice to have multiple editors representing all the divisions.
   c. System Office Mission Statement - what’s next?
      Each department has its own vision and sees itself within the larger system. A forum type discussion would be beneficial.

6. 11:30 - CITO Ben Shier
   a. Planned Butrovich Data Center outage May 13-20

7. Reports
   a. President’s Report (Lauren)
      i. Monthly meeting with VP Paul Layer April 12
