2. Guest Comments
   a. Chad Hutchison
      i. The compensation increases and fixed cost increases for the university, have moved onto the Senate Finance Committee.
      ii. House Bill 148 (Alaskan Performance Scholarship Bill) has already passed the House Finance Committee and is now in the Senate Finance Committee. This opens up the scholarship to make more eligibility for young people in Alaska that want to attend higher education. It also
increases the eligibility for technical education. It has received bipartisan support.

iii. Education tax credits are very important for the university since it allows private companies and third party partners to donate directly to education for education purposes. Oftentimes this will inject money directly into some of our programs or research projects. House Bill, 89, which was originally a child tax credit bill for childcare, now includes education tax credits which has a 3 million dollar cap when right now the current cap is 1 million.

iv. The Technical Vocational Education program has some challenges. The legislature is very concerned about the workforce right now. It’s a very high need, especially for the technical and vocational workforce.

v. We have two regents up for confirmation, Stephen Colligan and Seth Church.

b. Paul Layer

i. President Pitney sent out a reminder to everybody to review the results of the employee engagement survey, and to think about recommendations going forward. One of the biggest issues/comments brought up was that doing these surveys doesn’t bring about changes. So, how do we change? So, take a look at some of those results as they come forward to you, and we’d love to hear from this group. Take a look at what we are doing here in the system office to really improve morale, function, and general climate.

ii. There were some good discussions with the Board of Regents (Board), on some issues but in general the Board is supportive of what President Pitney is trying to do and the direction we are going with the Roadmap to Empower Alaska. There will be an ad hoc committee to look at tuition and enrollment strategies across the system.

c. Bryan Hoppough

i. Reminders: 1) Open enrollment will be from April 15th to May 3rd; 2) the 8 hour personal holidays and any annual leave over 240 hours will need to be used before the fiscal year concludes or employees will forfeit those hours; and 4) performance evaluations should be submitted by the end of the fiscal year.

ii. Performance evaluations changed to a 5-rating system from a 3-rating system: 1 - Does not meet expectations; 2 - Partially meets expectations; 3 - Fully meets expectations; 4 - Exceeds expectations/exceptional; and 5 - Sets a new standard of performance.

iii. Joint Healthcare Committee (Monique)
   1. Reviewing proposed rates for the upcoming fiscal year, and since we are a self insured plan it needs to be decided how much money to take from employee contributions and university contributions to calculate what it will cost to cover healthcare expenses. To do this we use data from our own health plan and data from consultants that use the national trend.
       a. Since Covid there has been a spike in actual costs, and it is anticipated that there will be increases this coming fiscal year.
   2. There has been ongoing discussion over the wellness plan, especially the wellness rebate, which was part of the cost of the plan. Out of the people on the plan were paying extra for a rebate that only 40% of the people received due to not completing the requirements.
       a. One point was what is the point of a wellness program with no incentive.
   3. The committee was provided two tables
       a. 1st table showed the projected increases for each of the different groups (staff, staff/spouse, staff/child, etc.), and with the wellness rebate remove (no employee contributions toward the rebate, basically ending the program.
       b. 2nd table was the table that the JHCC was going to move forward to recommend, which meant some people rates might go down, some would stay equal, and other might have an increase.
   4. JHCC voted 6-4 to endorse the rates removing the wellness rebate and a second 6-4 passed that any wellness plan can’t have a points system or rebate.
5. The HR Administration has 20 days to respond to the recommendation of the committee. All of this will determine what the staff will see when it comes to open enrollment.

         3. Staff Alliance wanted to get a little bit more data than what was publicly available to staff but just about staff. SA will be asking for an additional dashboard for the key items that really impact staff. There may be items that would be actionable or areas we would be able to advocate for staff.
