

Premera Blue Cross Maintenance Drug List

Effective As Of 2013

Maintenance drugs are prescriptions commonly used to treat chronic or long-term conditions, such as high blood pressure, heart disease, asthma, and diabetes. These conditions usually require regular, daily use of medicines.

If a generic is available, it is listed in lowercase italics. If no generic is available, the brand name is listed in UPPERCASE. A 30 day supply of a maintenance medication can be filled at a retail pharmacy up to two times without penalty. Any additional refills at a retail pharmacy will be subject to 2 times the applicable retail copay. To avoid this penalty, members can have a 90 day supply of the maintenance medication fulfilled by mail.

About this list:

- This list does not include all of the many medicines available.
- Your prescription benefit plan is not guaranteed to cover every product or category listed here.
- This list is subject to change.

If you have questions about your prescription benefits, log on to your account at premera.com or call customer service at the toll-free number on the back of your ID card.

Allergies

levocetirizine
CLARINEX

Alzheimer's Disease

donepezil
galantamine
rivastigmine
NAMENDA

Blood Modifiers

anagrelide
cilostazol
clopidogrel
dipyridamole
pentoxifylline
ticlopidine
AGGRENEX
BRILINTA
EFFIENT

Cancer

anastrozole
exemestane
letrozole
tamoxifen

Contraceptives/

Hormone Replacement

estradiol
ethinyl estradiol- desogestrel
ethinyl estradiol- drospirenone
ethinyl estradiol- levonorgestrel
ethinyl estradiol- norethindrone
ethinyl estradiol- norgestimate
