In the determination of the workload for this faculty member, I considered the workload proposal from the faculty member and the department chair/head in light of the above definitions provided in Article 13 of the collective bargaining agreement between the University of Alaska and United Academics-AAUP/AFT.

*FYI: The required signature is that of the dean/director for the school where the majority of the appointment lies. The signature for the dean/director for the school with the minority of appointment is not technically required. It is, of course, incumbent upon the faculty to confer with all involved parties.
