

Preliminary Applications, Admissions, Enrollment and Revenue Activity  
18 Weeks Before Start of Instruction  
Fall 2023 Semester

The following is a brief summary of fall semester 2023 enrollment activity as of April 24<sup>th</sup>, 2023. Fall semester registration opened one week earlier in 2023 than in 2022. Information reported here is normalized relative to the first day of instruction for a given term.

Trends are preliminary at this time, 18 weeks before instruction begins. Activity so far indicates about 20,300 students will enroll in approximately 168,200 student credit hours by the close of fall semester 2023. Compared to last year, final headcount would be about the same and credit hour enrollment about 2 percent higher at the end of the term (pages 4-5).

Fall semester applications to undergraduate programs are up about 5 percent, with graduate program applications up 7 percent compared to last year (page 2). The number of admitted undergraduate students is 2 percent (~90) higher year-over-year, with an underlying increase in first-time freshman admissions of nearly 6 percent (170). About 11 percent (372) of admitted first-time freshman have elected to enroll in fall 2023 courses, a 31 percent increase from this time last year.

As of Monday, 4,964 students had registered for 51,954 fall semester student credit hours, reaching a level 7+ percent higher than last year at this point. Underlying enrollment trends vary by individual university, as highlighted on page 3.

Systemwide, net tuition and fee revenue is up 10 percent (\$1.9M) from last year. This is primarily driven by a 12 percent increase in undergraduate tuition revenue (\$1.3M). See page 2 for additional information and details.

Note: Information is preliminary. All student applications are counted; some students may apply to multiple programs within the system for a given semester. Fall semester registration opened one week earlier in 2023 than in 2022. Fall 2022 instruction began Monday August 29, 2022 and Fall 2023 instruction will start Monday August 28, 2023. Comparable dates relative to each university's weeks to start of instruction are reported, and if not available the closest comparable date is selected. Headcount is unduplicated at the reporting level. Data is provided by UAA, UAF and UAS, extracted on the report date from UA information systems.
