FUTURE YEAR (FY24) REQUISITION INSTRUCTIONS

These instructions are for FY24 Fund 1 purchases only. Continue entering Fund 2/3 purchases as normal.

Statewide has loaded the temporary budgets for future year (FY24) Requisition entry. FY24 Requisitions can be entered for unrestricted, recharge and auxiliary budgets only. Do not use these procedures for grant funds. When the actual FY24 budgets are loaded the encumbrance will stay in the fund/org you designated on the Requisition. Regular Requisition entry procedures resume July 1, 2023. FY24 Requisitions are entered as usual except for the following crucial differences.

Complete these five steps for all FY24 Requisitions!!

Step 1 – Start Requisition:

Type NEXT to get your Requisition number as usual.

Press <Next Block>. This will put you in the Order Date field. It will default to the current date. You must change it to 0701, 070123 or 01-Jul-2023.

Press <Next Field>. This will put you in the Transaction Date field which will show the current date.

Press <Clear Field>. Type in 0701, 070123 or 01-Jul-2023.

Press <Next Field>. Enter the Delivery Date. NOTE: This date must be later than July 1st.

WARNING!!! Failure to do this step correctly will cause the Requisition to be charged to your FY23 funds and could result in overspending.
Step 2 – Document Text Page:

Select “Related” in the tool bar to access the Document Text page.

Type **FYCLAUSE** in the Modify Clause field.

Press `<Insert Record (Alt PgDn)>`. This will drop in the following text as shown below. (Text shown is the FY20 clause.)

This text makes the FY24 Requisitions stand out when they are printed in Procurement & Contract Services.  
**NOTE:** Without this text it is possible that a Purchase Order may accidentally be created and mailed prior to July 1, 2023, with FY23 funds.

Add any other clauses that you need just like you normally would.

Press `<Exit>` to return to the Requisition.

Step 3 – Vendor Information

Departments are responsible for getting the W-9 for new vendors The vendor ID field should **NEVER BE LEFT BLANK**.

- A search must be done to see if the vendor is in the vendor database and assign the appropriate vendor to the requisition.
  1. Click on the search ellipses in the vendor field in the requisition create form.
2. Choose the Entity Name/ID Search (FTIIDEN)

3. Enter the part of the vendor name to query on, as shown below. Double click on the ID to bring it back to the requisition and go to Step 5. **NOTE:** Vendors IDs should begin with 1 letter and numbers; @ and numbers; or a 30 million number. **DO NOT USE** multiple alpha numbers.

4. If the vendor is not in the database, exit this screen and enter “NEWVEND” as the vendor ID.

Continue entering the requisition as normal.
Step 4 – Commodity/Accounting Information:

Enter the commodity information as you normally would.

When entering the accounting data, be certain that “24” appears in the YR field. If you’ve entered 01-July-23 as the Transaction Date, “24” will be the default date. If “23” appears in this field, go back to the header block (page 1 of these instructions) and change the Transaction Date to 01-Jul-23 or later. (Dates in example are FY20, please ensure your dates are FY24.)
