RE: Discontinuation of the Computer and Networking Technology Undergraduate Certificate

Attached is the Program Action Request (PAR) form seeking Board of Regents action to discontinue the Undergraduate Certificate in Computer and Networking Technology. Also attached is the UAA letter to the Northwest Commission on Colleges and Universities (NWCCU) dated August 25, 2015 informing the NWCCU of the suspension of admissions to the program.

Admissions to the certificate were suspended in August 2015 with planned deletion as a result of Program Prioritization, due to declining student demand. Consistent with UAA's suspension guidelines, a teach out of all students in the program has been completed and no students remain in the program. There are no resources or faculty tied to the program. There are no other impacts on programs or stakeholders.

²Net FTE (full-time equivalents). For example, if a faculty member will be reassigned from another program, but his/her original program will hire a replacement, there is one net new faculty member. Use fractions if appropriate. Graduate TAs are normally 0.5 FTE. The numbers should be consistent with the revenue/expenditure information provided.

Dr. Sandra Elman, President
Northwest Commission on Colleges and Universities
8060 165th Avenue NE, Suite 100
Redmond, Washington 98052

Dear Dr. Elman,

This letter is to notify the Commission of the suspension of admissions into 26 degrees and certificates at the University of Alaska Anchorage. These suspensions resulted from a multi-year process of Program Prioritization, as well as other transactions which were underway even as prioritization played out.

The faculty Program Prioritization Academic Task Force reviewed all academic programs for alignment with UAA's mission, strategic plan, and the needs of UAA's students and the state. With the release of the Program Prioritization findings in February 2015, faculty were charged with providing recommendations for the programs placed in categories four (transform) or five (deletion/further review). Those recommendations were submitted to the deans of each college, the deans reviewed those recommendations, and then forwarded proposed actions to the provost in May. The provost reported final decisions to the UAA community on June 18, 2015.

Consistent with UAA's suspension guidelines, the colleges have submitted a plan for each suspended program to accommodate current majors, as well as a plan to communicate with students and other stakeholders. Institutional services and resources will continue to be available to students as they complete these programs. The programs planned for deletion will be submitted through the appropriate approval processes after existing students have been accommodated according to their catalog year. The attached summaries illustrate the considerations that went into the decisions to suspend these programs.

Program suspensions are approved by the appropriate dean, the Provost and Executive Vice Chancellor for Academic Affairs, and the Chancellor. This notification will be submitted to the UA System Vice President for Academic Affairs and Research, so he can notify the Board of Regents.

We ask that the Commission update its record of UAA's programs to reflect these changes. If you have questions, please do not hesitate to contact us.

Sincerely,

A handwritten signature in blue ink that reads "Tom Case".

Thomas R. Case
Chancellor
