

MINUTES
ADMISSIONS WORK TEAM
Monday May 3, 2010

Attendees:

UAA-Peggy, Brian

Kodiak-Jenny

UAF-Caty, Crystal, Kara, Libby

UAS-Deema

SW-Jane

1. *Summit updates*
Birds of a feather session-concern regarding admissions help-ability to share code
Encourage Sungard to change the vanilla product so individual mods don't have to be done
More workflows for admissions-also summit sessions for admissions will be offered earlier in the conference to allow time to connect and discuss issues
New Sungard website-The Commons <http://www.edu1world.org/CommonsSunGardHE/>
Online community for customer communication and collaboration
RPE's before January 2006 will be cleared out of the queue
Duplicate ID session-code will be provided at a later date
2. *Address issues (no state entry)*
Reports run by HR-'no state entry' prints when a period is used-change description to read blank?
Check Intl web applications to see if state entry is required
PR or MA can be entered as none for state and none for nation
As long as a nation is entered you can leave the state blank
3. *Duplicate names on SARETMT report*
Two names print on SARETMT, but the student has only applied once
Patty has reported this issue-Brian will find out the RPE#.
4. *Web apps that create a student as new when they are clearly in Banner already*
Pushing web apps-have to check 'news' but sometimes they already exist
Questions on web app-Have you previously applied AND Have you previously attended?
If student answers no to either question then banner assumes they are new.
UAA has unchecked these 2 questions-will report at next meeting
Crystal-also sees this problem when pushing test scores and that process does not ask any questions A common matching problem? Because of no ssn or dob?
5. *Touch-net down daily from 12-1 am-according to Amanda Wall this has not gone live yet and will not affect the web applications (only registration payments). No need for a special message on the web application side*
6. Web apps and SOACURR Known defect submitted by Jane. Also discussed creating a workflow that would notify the appropriate office any time a change is made to a soacurr or saawcur? Libby will send email to workflow team outlining what we want to accomplish.
7. Testing-double majors and concentrations-Peggy Denied application testing-Crystal/Brian

NEXT MEETING-MONDAY MAY 17 at 10:00am
