

BST Notes, 3-2-01 from Becky Norris

Members present for Audio:

Saichi Oba  
Janet Johnson  
Becky Norris  
Cheryl Plowman  
Brigitte Mayes  
Gayle Gregory  
Tamara Hornbuckle  
Carolyn Hanthorn  
Patti Itchoak  
Lori Exford

Saichi reminded us to call the hot line number or reference the web site for information on the Banner 4.X upgrade. He also mentioned that Residence Life may want to join our BST group, and we agreed to invite them.

CAPP The University of Idaho is sending us the code for the Web Compliance Report. This item now needs a programming task request.

EMAS A bridge has been purchased from Oregon

Fee Payment Still waiting on a bid for credit card payment

Fin Aid is looking at placing information on the web. They expect to stay with a "vanilla" approach, but with three databases. With the issue of refund repayments, they are requesting security approval for access to additional Student/AR forms. They would also like to be able to run a report to identify students with Title IV funds.

Prospect Team: Members are needed from recruitment and admissions to review the Banner Web for Prospect package.

JJ reported that both she and Terri will be at Summitt during VRR registration. She suggested that folks might want to arrange to test on an old term before she leaves.

JJ also reported that they have a new programmer, John Hall, who will be working full time this summer.

Patti's request to add Test Score data as an option on Class Lists was approved.

Tim Schroeder's request to discuss VR and Web Reg at the Sites was postponed until he could be present.

There was some discussion of gathering Emergency Contact Info in Personal Information on the Web...perhaps web registration could show a link to this.

NEXT MEETING: Mar 29th

TOPIC: Issue of Last Known Addresses

INVITED: Housing, Student, IR
