Attending: John, Craig, Lora, JJ, Colleen, Barbara, Peter, Rachel and Michelle, Patty

Colleen spoke with Sharon from University of Idaho
  D-36 – turn off flag for link to catalog
        Colleen will send the info to all once she finds it on D-36.
   Catalog was not seen in release notes. Colleen will look for it in the technical manual.

No date for DW 4 into prep. JJ will check with David to see if a date can be secured.

UAF finished 06-07 catalog.
UAA about the same – working with departments to make sure everything is the way they thought and matching the catalog.
Single sign-on – is part of 4.0; We don't want to enter a SR if it is in 4.0. We need additional information from David for the single sign-on.

The possibilities of passwords include many choices. (generated email before the @, preferred email, UAonline password(pin)…)
