

DW Work Team Meeting 9/21/09

Attendees: Lora Volden, Craig Mead, Michelle Thomas, Colleen Abrams, Barbara Hegel, Peter Sommers

Found that major-concentration relationships within the localizations are going to be a challenge.

Need to set Prod date next week if possible.

Pat is doing UAS localizations. Also, helping UAF with theirs.

DW open in separate window – Student and Faculty sides.

SR: Minors showing in majors column has been fixed.

SR: Concentration showing attached to a minor has been filed.

SR: Pass/Fail repeated course showing an insufficient and not meeting requirement – no update on status for a long time. Request update on status today.

Want single signon active before going to prod.

Next meeting: September 28, 2009
