From the moderator:

My apologies to team members; I was wrapped up in schedule issues here this morning and did not call in to open the meeting until late (Thank you Cheryl for the wake-up call!)

The agenda sent out yesterday [above] includes all the points for today's meeting, and no further items were forwarded.

Please make note of any catalog and schedule issues during this busy time and bring them to the next meeting [Apr 12] for discussion. Thanks to all.
