Attendees:

UAA	**UAF**	**CDE**
Sarah Hill	Colleen Abrams	Barbara Paskavan
Gianna Ridgeway	**UAS**	Kim Runnion
	Jan Crichton	
	Jeanny Wharton	

I. **Chair's Report**
    Statewide Distance Education Committee document has been submitted to Dan Julius and SAC. Waiting for feedback.

II. **Banner Issues**
    TR to modify Gateway extract to include H classes and SI# notes is being tested by Christen. Many thanks to Mary Gower, Colleen, and Christen.

III. **Old Business**

IV. **New Business**
    Distance Ed modifications to Banner will mean that our reports and processes may need to be modified as well. Currently identified are SSR9OLL and SSR2SEC. There has been talk within CCS of modifications needed to SSR2SEC in reaction to the distance ed discussions (notes specifically were mentioned at one point). Does CCS want to put together a task request that may be included in the work eventually done to Banner?

    Possibly session code repurposed for location-based and synchronicity info. More than one option for delivery method. Course pacing? All this to be determined later.

    The desire is to stay as close to Banner (existing) as possible but to still serve the students. Identified the following areas that may be affected by changes to SSASECT and may need modification:
    SSR2SEC
    SSR2DNL
    SSR9OLL or SSRROLL
    UAOnline & Gateway

    Things we'd like to see added to SSR2SEC:
    Notes – from SSATEXT; user to be able to specify the codes they want included
    Instructional method, meeting type, session code – existing TR for these
    Cross-list definition code from SSAXLST

V. **Adjourn**
    Next scheduled CCS meeting: June 3, 2010 at 10:30
