Catalog/Schedule Work Team Agenda
Thursday, August 9, 2012 - 10:30am
Audio-conference number 1-800-893-8850, conference code 6384637
6384360

Attendees: Cheryl, Lindsey, Gianna, Anna, Jeanny, Jan

Note Taker: ~~UAS~~
~~UAF~~
UAA

- **Chair's Report** –nothing new

- **Banner**
  - SSA2ADM – displaying inaccurate information.
    - For variable credit courses the email is listing the catalog credit range rather than what is coded in SSASECT, doesn't have to be a credit change
    - Need an update from Jane on whether Pat had a chance to look at it or not
    - Jane has talked to Pat but doesn't know when he will get to look at it
      Jane unable to attend meeting, but emailed saying she has talked with Pat and will let us know what he says

- **Old Business**
  - SSASECT part of term updates in PROD
    SSR2PTU and SSP2PTM no longer active

- **New Business**
  - Look at how VC courses are coded – Kodiak College offering VC courses to outside the area but because they are coded as a session 3 they are not being found in the distance search online
    - Some UAF students log in to video conference classes from their computers. These classes would be considered 0 percent location based with a web-based/special technology delivery method
    - The three MAUs build separate CRNs for the same class depending on different location requirements and delivery method options offered.
  - New SELT degree attribute code available in SCADETL. Identifies selected topics courses.
  - Mat-Su encountering problems with waitlisting classes with corequisites.
    - UAS combines all lectures and labs
    - UAA will not be waitlisting classes with coreqs.
    - UAF does a combination -- combines some lecture/labs but not others.

IV. Adjourn

Next scheduled CCS meeting: September 6, 2012
