Catalog/Schedule Work Team Minutes
Thursday December 19, 2013, 10:30am
Audio-conference number 1-800-893-8850, conference code 6384637

Attendees: I don't think I heard everyone who was on the line, but…
Michael
Charese
Joanne
Anna
Barb
Jan
Jeanny

Note Taker: ~~UAS~~
~~UAF~~
UAA - *Michael*

Chair's Report

- Mary would like for us to review the help text information at UAOnline for improvements

    Send any suggestions to the listserve.

- From our last meeting:
    - The departments that offer blended courses tell us their courses are hard to find. In the search choice "Type of Course Delivery" e-Learning and Blended are separate radio-button choices.
    Can we talk about maybe adding a new choice of distance types (0, 1, & 2) including e-Learning *and* Blended courses that shows all *except* traditional (3) courses. The current radio buttons require multiple searches for this.
        - BST attendees weren't keen about our suggestion to add check boxes to the Search so multiple "Type of Course Delivery" could be selected. Instead they suggested that users need more training.
        - Let's take a look at this again after the upgrade.

            Februrary/March 2014

Banner

- Courses rolling with instructors, then at some point the instructors are being deactivated in SIAINST and they are unable to access UAOnline and enter grades. Anyone else having this issue? Is there a way to identify these instructors?

    No other MAUs encountering this problem. Anna will look into which other UAF Banner users may be making changes to SIAINST.

Old Business:

None.

New Business

None.

Adjourn

Next scheduled CCS meeting: January 16, 2013 (this is the first day of classes for UAF). Should we postpone? Have someone else moderate?

All attendees agreed that January 23, 2014 will work much better. Next meeting set for Thursday, January 23.
