

Financial Aid Audio Minutes
January 7, 2008

Present: Mike Earnest, Terry Hartman, Ted Malone, Barbara Burnett

Summit – Because of the amount of new information to be presented on financial aid in Banner 8, SES can pay for registration fees for FA Directors. Please let Mike know by Thursday if you can attend (paying your own travel)

Thanks for evaluations on SunGard training!

Terry/Barbara – Task Request: Put R2TIV in Appworx to run nightly to see who has withdrawn and send notification to directors. Put user-defined variable in, so you don't get the same person twice. Get one aggregate email, rather than separate emails per student. Students are currently showing up twice. Look at this by term, rather than year. Ted will make some adjustments to task request and send back out to group.

Finaid 7.10 – Terry will get user guides out ASAP. It came late this year. Terry is leaving for vacation of 2/4; would like to get into PROD by 2/3. Latest date that it could go in? (Directors: Feb 3. People are already calling & asking about awards.)
