2. In progress
 - a. [SFR2LGR](#): (Freshmen Progress Report) Student Campus parameter
3. In Testing
 - a. SFP2CAP: [New alternate PIN reset process](#). UAF requested 5/18/06.

9/27: UAF will test.
 - b. [SGR2STD](#): Change on sorting behavior.
12/5: UAA, UAS approves move to PROD.
12/6: UAF approves move to PROD.
 - c. [SGR2EXP](#): Change on sorting behavior
All MAUs approve a move to PROD.
4. Pending
 - a. [Pre-Requisite Checking](#).

11/13/07: Provost rulings:
UAS: opt-out all UAS courses for 200801. All courses in LRGP have prereq checking.
UAF: opt-out all UAF courses except those specified by Asst. Provost Dr. Dana Thomas for 200803. Prereqs turned off in LRGP – flags added on SCADETL.
UAA: opt-out all UAA courses for 200801. Prereqs had already been turned off in LRGP.
11/20/07: move to PROD approved.
1/4/2008: Proposed implementation for 200803.
Testing recommended.

New Items

1. Registration updates

UAA: registration fine. Wrapping up semester.
UAF: getting ready for semester.
UAS: 200801 headcount and credit hours up, average credit load down.
MatSu: no update.
Kodiak: reg for spring good.

2. Data collection on factors threatening student persistence and graduation.
Tabled until next meeting.

Old Items

1. Tracking release of information requests.
We agreed to store releases in both Banner and in OnBase. Patty will retrieve notes on a Banner solution. Diane will write a task request for the OnBase workteam to create a document type with RO_VIEW access.
2. Reg error messages and help text updated on UAOnline week of 11/26.
3. ClassListContactInfo: line for Instructors' names added & extra headings removed. Moved to PROD 11/30.
4. SGR2STD issue with secondary curriculums corrected and moved to PROD 11/30.
5. SFP2RPO: parameter 4 default of '%' removed 11/20.
6. Face to Face Followup

CS Reg 10/23/07 meeting

- a. Patrick has added additional instructional methods to GTVINSM (Audio/Blackboard, Elluminate Live, Blackboard)
- b. Patrick has added additional attendance method to STVACCT (Grant Funded)
- c. Add section numbers parameter to SFP2ICR and SFP2DCR (Insert/delete campus restrictions, respectively, on SSARRES).
- d. Add to SSI2AVL session, campus, options menu with SSASECT.
Patrick – still in progress.
- e. Add to SOATEST options menu with GUIALTI
Patrick – adding GUIALTI as an option item didn't preserve the student ID. Doesn't look promising.

Reg 10/23/07 meeting

- a. Name entry with suffixes: bring to GFC
Hasn't yet happened.
- b. Workflow priorities. Will need to write up description & BPA.
Patrick: our main role will be in testing.
Prioritize: Change in meeting pattern (days/times/building/room). Diane will identify triggers and current processes for notification.

Acad Hist Reg 10/25/07 meeting:

- a. Repeated courses –
We defer to the Academic History work team for discussion.
- b. Changes to audit
Need to have a new registration status code, instead of UA.. That would be good, so faculty could see it on UAOnline. Change has to be made manually. We'd like to see memo from financial aid requesting the change before we do anything.

Admissions Reg 10/25/07 meeting

- a. Status of confidentiality flag
Did Barbara rewrite TR to BST?
John has sent script UAA uses to BSIS.

Reg 10/25/07 meeting

- a. Add reg code DN to Change in Reg Status workflow
UAA, UAF uses holds to manage students who complete but don't pay, so addition would only be relevant to UAS.

MAUs approve addition.

Diane will write TR and send to BST.

- b. Close variable credit courses and audit on 1/30/08 at 5 pm. for 200801. Colleen will close.

Reg 10/26/07 meeting

- a. UAOnline updates

Patrick requests we submit task requests for each of the updates we'd like.

- i. * required steps to complete registration
- ii. Additions for obtaining updated contact information
Patrick: Submit as a TR. There's one for mandatory payment that Stuart submitted. Could add some student attributes. State what's an outdated address/phone number. Sandy will write it up. Diane will send photo.

Discussion of the remaining items tabled until next meeting:

- iii. Link to class/teacher/syllabi info
- iv. Add/edit Campus list on unsecure side
- v. Edits to Faculty Services menu
- b. Compile MAU contact lists for registration questions.
- c. Duplicate IDs – discussion pending procedural documentation from UAS.
- d. GOAMTCH
 - i. Enable Details option for General_Online
 - ii. Emphasize Clear and Return to Date Entry option
 - iii. Change Birth Date to one string, else reorder to month|day|year.

Next meeting: 12/20/07 at 2:30.
