Agenda Items:

New Business

- Turn off Fall Reg Auto Waitlist for fiscal year end outage (Jane)
I just need to know when you want it turned off and back on again. I think you probably want it to end 36 or 48 hours before the outage starts so that students aren't notified that they have so many hours to claim their course and then the system is shut down so they can't claim it within that time frame. I'm guessing that you'll want it turned on when the system comes back up.
- Prereq wording task request/ TR 179 (UAF). UAA & UAS approves.
- GFC review of non-student UAOnline (Mary)
 - No response from GFC, okay to proceed. Lora will write task request.
- Registration Status "Audit"- web grading (Mae/Barbara)- tabled.
 - Audit/Not Audit Status Error Report (UAF/UAA ran)

Old Business

- UAOnline Registration Page Wording
 - Communicating with Finance re: removal of text from register/add/drop page (Mary)
 - Talked to Rhiann, Amanda, and General Counsel. Issues with students routing around "acknowledgement" page. Second issue is to log that students acknowledge payment.
 - TR to update registration page (Lora)
 - Can we error anyone who attempts to WW with status of WL? (Jane)
 - Registration Fee Assessment (Barbara)- tabled
- Blackboard Name Changes (Barbara)- off agenda
