

Reg Team Audio  
July 25, 2013- 2 p.m.

Attendees- Mae, Eric, Susan, Libby, Jane, Fran, Barbara, Alyona, MJ & Lora

Discussed student feedback related to link contact list to various help screens. Everyone agreed this is a great idea. Mae will write task request if Jane tells her it's necessary (I'm routing for you Mae).

Lora shared information regarding interest for Cornerstone product related to CEU registration and HR employee training tracking.

Libby has completed task request for wait listing and will bring it next time.

Discussed what happens when course fees change. Do we need to add/drop students and the impact that wait listing has on this. Libby thinks maybe her area has a solution and will follow up. Lora will test if you can turn auto notification off in LRGP and get back to everyone.

Discussed how much we miss SFAMASS. Although we would like it back, we don't believe it's worth the time commitment Jane has indicated it would take. Jane suggested we post a question on Commons to see how other schools are handling this. Susan will do and get back to us.

Discussed use of pins related to registration. UAA places pins for 1 term on pending admissions.

Next meeting- August 8 @ 2 p.m.
