Agenda Items:

New Business

Libby's Task Request

TR 191- ability to turn waitlisting on/off to control based on own schedules. Want a process that will allow you to update SSAWLSC based on pop-select. TABLE.

SSO- Testing

They are editing the actual look. Student will link out of UAonline to separate page where they can use username/password and then go to main menu. Only need to "claim" password in Elmo until October 13th. This is just an "extra" option initially, will transition completely in October.

Will have communication plan, will post something in UAOnline and also notifications via student newspaper.

Elmo manager is managed by IT. Will need to work with IT if want perms to reset this.

Cascading style sheets- still don't have access. Still have PROD date of October 13th. Won't have a lot of time to look at/give feedback.

OK to process drops & withdrawals?

UAS

UAF

UAA- yes you may process. Any fall course may be dropped (DC) through Friday September 6th. After September 6th please scan and email to appropriate campus. WD through November 15th.

Okay drops & withdrawals.

Old courses meeting pre-requisites

No one has a way to restrict these.
