

Reg Team Meeting
Call in Information: 1-800-893-8850
PIN 6384637

May 28, 2015

Attended: Alyona, Eric, Jane, Brandon, Fran, Julie, Lindsey, Barbara, Libby.

1. Status check on the issue when class roster and SSASECT were not showing the same number of students enrolled
Russ is working on the LRGP fix – will email once he has the update, test will be needed.
2. Online registration for partial term classes past add/drop deadlines – history and chances to make it possible.
Brandon will email his findings to the group to see if this approach has been considered before. Even if students were allowed to register online up until the first day of class and then move to paper it would be progress. However, it's important to consider ramifications of any change on clearing house reports, financial aid, scheduling processes.
If this is a new approach we will include it in the next meeting's agenda.
Thank you, Brandon for doing the research!

Status updates from the last meeting:

3. TR 295 - Mass Drop of Enr Courses Not Meeting Prereq
Yes, a consultant has been assigned. His access took longer than normal to get for him but he can log in now. He has reported that he has been working on it without the access so hopefully we will see something soon.
Jane: Output from the process: 30 million number, name, CRN and name of course dropped, reason for dropping - those are the basic fields I'm thinking for the output. Is there anything else the team wants to see?
UAA: These fields will be good.
Jane: In the TR it says it would be run only by the registrars, is this something you would want scheduled to run regularly?
UAA: By the registrars after the end of term (students registered in a prerequisite class in the spring will be allowed to register in the next class for the fall semester. At the end of the term those students who failed the prereq in the spring will be dropped from the fall class).

Thank you.

Next meeting is on Thursday June 11, 2015 at 2pm.
