

May 11, 2022

Dear Lynette,

A big thank you to everyone who came out to visit with us last week. We are grateful for your perspectives on small-scale timber, recreational tourism, hiking trails, carbon sequestration, conservation easements, and your ideas on stimulating the local economy. We know that many of you are busy running small businesses and nonprofits, raising families, and doing what you can to make the your community a better place, so we truly appreciate your time. In addition to our one-on-one conversations, we also had a chance to visit with Chilkoot Indian Association and hear their strategic priorities including their need for a potential kiln.

This visit was focused on spending time out in the field with Adrienne Stolpe, the new lands director and new team members Tina Thomas and Patrick Foster. We were able to visit the parcels on Davidson Glacier and Pyramid Harbor, along with some of the Klehini North and North Chilkat parcels. An interactive map of all university land holdings is available on the homepage of the [UA Land website](#), or you can click [here](#) to view and download a map of the Chilkat Valley.

If we missed you, or if you would like to follow up, we are always available by phone or Zoom. Please just reply to this email or contact me directly at [UALandHaines@gmail.com](mailto:UALandHaines@gmail.com). We know coffee time is valuable but also limited so we will be reaching out directly to follow up on some of your ideas as well.

We are planning to come back to the Haines/Chilkat Valley community for further engagement and follow-up this August. As soon as we have those dates, we will let you know.

As the Land team is in the process of re-evaluating its development approach in the Haines/Chilkat Valley area, we will take all of your feedback into consideration as we begin to create a new development plan for the area. A few more folks signed up for our community eNewsletter last week, but if you know someone who might be interested, please forward to them or just let me know.

Please reach out to me anytime at [UALandHaines@gmail.com](mailto:UALandHaines@gmail.com).

Many thanks to all of you—

Kirsten Henning  
Liaison for the UA Land Management Office
