Pick up in time for planting

Saturday, May 21 between

10:00 a.m. and 2:00 p.m. at

Material Girls, 3065 College Road

Here is a **great tasting**, heavy bearing, everbearing strawberry developed by Washington State University. It is well on its way to being the greatest performer ever. **Quinault Strawberries** have been tested in 13 states and Canada and have an excellent performance record for size, taste and plant growth. It was found to be the most disease free everbearer we have ever tested. **Quinault Strawberries** appear to have all the properties to make it a very popular --- if not the most popular variety of everbearing strawberries.

**UAF approved for growing in Alaska!!!**

Proceeds benefit the SOROPTIMIST INTERNATIONAL OF FAIRBANKS programs for women and girls.
